By HAY D. BLOSSER.
We publish correspondence from all parts of the State...

THURSDAY, JUNE 1, 1877.

Am Arbor has a Chinese laundry. There are 2,999 red ribbon men in this county.

The State Fair at Jackson on Monday, Sept. 17th, and continues five days. The Ypsilanti Reform Club numbers more members than any other club in the county.

We understand that the last school-keeper in Chelsea has signed the pledge, and the work goes bravely on.

Strawberry and Ice Cream Festivals seem to be the rage now in some of our neighboring cities and villages.

A new brand has been started in Saline, consisting of ten members. Col. Berdan goes down once a week and gives them instruction.

Cheep railroad travel this summer. By taking the E. S. & M. S. R. R., you can go from Chicago to New York for \$15, and Boston for \$10.

A new and neat little paper, called the Reporter, published at Dundee, in Monroe county, is upon our table.

Albion will have the pleasure of having the originator of the red ribbon temperance movement, Dr. Reynolds, as the orator of the day, on the glorious 4th.

Next week the seventh annual session of the State Sunday School Association will be held at Ypsilanti, commencing on Monday, June 11th and closing on Wednesday, the 13th.

At the recent wrestling match in the city of New York, the "Green Mountain boy" of Vermont, was too much for the "Butcher Boy" of Ypsil., so Jake will probably "throw up the sponge" now and stick to his trade.

When will newspaper men stop "getting big" by their quack medicine men? Dr. Aiken, of Grand Rapids, has made an assignment, and now a number of newspaper publishers mourn for their paper. Look before you leap.

This is the year for the 11-year locust to do its work of devastation throughout the country. They have already made their appearance in New York City. It is claimed that the Rocky Mountain grasshopper does much more damage than the 17-year locust.

The balance of the State treasury, May 26, was \$896,861.11; receipts during the week ending June 2, were \$7,046.50; payments during same time were \$88,878.43; balance in treasury June 2, 1877, \$895,289.82; decrease for the week, \$1,571.29.—[Lansing Republican.]

The Lansing Republican, with its usual promptness, comes to the front with a list of the red ribbon clubs in the State, giving the number of members each has, together with the names of the presidents and secretaries. There are 208 clubs and 928 men in Michigan who "date to do right."

Am Arbor seems to be having a visit lately with bogus advance agents of the strict trowsers and circus. The last advertiser claimed to be the advance agent for Forepaugh's Menagerie and Circus, which was to exhibit in Am Arbor on the 6th of June. Forepaugh is in the West, or at near St. Louis. We advise newspaper men, hotel keepers, and others to "keep their eyes peeled," and not get "hooked in" by these traveling gypsies, who pass themselves off as agents for some kind of a troupe.

Forest fires seem to be raging so alarmingly that in the Upper Peninsula. Several days ago the Bay Furnace, near Grand Island, was entirely consumed, throwing 300 men out of employment. The village of Orono was completely destroyed by fire, with the exception of the church and school house, and seven hundred people rendered homeless. High winds have caused the fire to break out now north of Bay City. Fires are within one mile of Tawas City, but there is no immediate danger.

At this season of the year, when large numbers of tramps are scouring the country pretending to be in search of work, when almost everything is at a stand still, would it not be a grand plan for every family to be provided with a few dollars worth of tramping supplies? A plucky woman, living in this State, recently drove away four tramps, two of whom had taken her milk and left her home in search of plunder. She fired off a revolver and the rascals jumped through a window and ran away without any booty.
