THE STORY TELLER. THE KING'S BELL. "No perfect day has ever come to me," said the old man said.

The young King heard him, and he turned away with a heavy heart. "I will be with you," he said, "and I will be with you."

A HEAD WITHOUT A BODY. "So you really believe that life and consciousness may be temporarily restored to the head after its separation from the body?"

Well-Up in Botany. Yes, she visited the country and consulted herself superior to ignorant, common farmers. She was in botany, and with lofty airs told Farmer D.

A Curious Tobacco Vow. In 1860, when Heister Clymer, of Bowling Green, was defeated as the Democratic candidate for Governor, Dr. Jacob Sherman, well known citizen and physician of Putnam, made a vow that he would purchase no more chewing tobacco or use any until the Democrats succeeded in electing their candidate for Governor.

Stray Fritch. "How does your company keep track of, trace up and find, and recover lost property?"

"Old-Fashioned." When one describes his neighbor as an "old-fashioned man," it may be meant to imply that he is antiquated, behind the times, stiff and old, and holding opinions which the world at large has discarded.

Flats on House-Cleaning. How true the words of the poet "Of all sad words of tongue or pen, The saddest are these—'unlabeled' agon."

SCHOOL AND CHURCH. More than 2,000 members are now gathered into the live Baptist churches in Poland.

Man, however, is differently constituted. The excitement and confusion attending house-cleaning don't thrill his entire being with a holy and ecstatic thrill.

Win. Roberts will soon move into J. Green's house. Those reported on the sick list last week are continuing. Peaches will be in the majority this year, as all the buds are killed.

THE BUCKET SHOP AT JACKSON IS AGAIN IN FULL BLAZE. The Jackson paper company shipped the first lot of manilla paper, Fabruary 1st.

THE AMERICAN AGRICULTURAL DEPARTMENT has just received a report from the United States Department of Agriculture, that the wheat crop in the United States is estimated to be 1,112,000,000 bushels.

THE MICHIGAN SCHOOL MODERATOR for several months, and we have taken pleasure in reading its columns. It is just such a paper as every school teacher should have, and we hope every teacher who reads it will subscribe for it for 1933.

THE PRINTER'S CIRCULAR talks about a mysterious correspondent of the Mobile Register, who has written most papers regularly since two weeks for the last two years, and during that time not one of the anonymous correspondent's writings have appeared in the paper, but have been carefully hidden away by the editor.
