A young lady who wishes to know what is a proper fancy dress ball costume for a girl with very auburn—in fact, red—hair, is thus advised by the Christian at Work: "Wear a green dress and put seeds in your hair and go as a watermelon."

An exchange says that pretty little girls take up the collections in one of the Traverse City churches—and any man with a soul worth saving would rather give through such a medium than to contribute when a old icicle of a deacon passes the plate.

There are rogues in the country who are advertising to furnish good situations to teachers. When your correspondence is opened a registration fee is asked, which the teachers innocently pay. Of course, they never hear anything more in regard to the matter.

The Exponent says: We have one of the best subscribers in America. He has taken the paper from the beginning, and has never paid a cent. He is one of the kind who don't take a paper for the reason of course not—but he takes it for the purpose of supporting a home institution.

Adrian Times: Very few people know that a letter mailed in a hotel envelope, which fails to reach the person addressed, is sent at once the dead letter office, notwithstanding the ten days' return notice on the corner. If you stop at a hotel, and use one of its envelopes, always mark out the name and insert your own, if you want your letter again if it fails to reach the person addressed.

For the benefit of those who wish to send flowers by mail we give a few ideas concerning the manner of packing them in boxes. First place damp moss in the bottom of the box, or if not obtainable substitute a little damp cotton wool with a layer of geranium leaves over it. Lay the flowers and leaves perfectly flat with head and stem alternating. Press them down gently and cover with a layer of moss or leaves. When the box is opened if the stems are placed in hot water for about five minutes and then clipped at the end and placed in cold water, the flowers will soon recover from the effects of their journey and come out fresh and bright.

Our citizens were considerably stirred up yesterday by the appearance of a man on our streets representing himself as a member of the Detroit detective force, in search of a man connected with a murder case now in the courts. He succeeded in getting his board but skipped out without paying for it.

Last week Thursday a party from Tecumseh, consisting of Mr. & Mrs. B. Knapp, Mr. & Mrs. G. Knapp, Mr. & Mrs. J. Bowen, Mr. K. Bowen and Mr. & Mrs. Wm. Widener, raised their tent at the grove and declared they had come to camp out and fish. We are indebted to the party for some fine music given by R. Bowen, violinist, Mrs. Witherell, organist, and Mr. G. Knapp, clarionetist. They returned home Saturday, as happy as clams in high water.

A correspondent of The Citizen says "Dr. Lew Ball of Waterloo was called upon to prescribe an emetic for Mrs. C. Burkhart, who said she had taken 'Rough on Rats,' an arsenical poisoning, with intent to commit suicide. Lew, who is a vigorous allopathist, recommended a pint of castor oil. The woman poured it down her, despite her protests, but when she found an opportunity to speak, she hastened to explain that she had only taken flour, and had claimed it was arsenic to frighten her husband into the belief that she was destroying herself. The woman is wiser than she was, and the old man chuckles and thinks she got the worst of the scare."

**LENAWEE COUNTY ITEMS.**

Mrs. Fink of Canandaigua, died last week aged 90 years.

We learn that Dr. House, of Tecumseh, talks of going to Florida.

Luman Alderman, of Adrian, died on Sunday, in N. Y., while on a visit there.

On Thursday afternoon last, the wind picked up a long strip of sidewalk in Tecumseh, and an eye witness says, carried it as high as the church steeple and let it down bottom side up.

The books for the Tecumseh library have been received and placed in a room in the Bill-block which is fitted up nicely. The library is without a dictionary, encyclopedia or a Bible, but is probably furnished with the latest editions of receipt books and almanacs.

Col. S. B. Smith, banker of Adrian, died on Monday, Aug. 27. He received an ugly wound while in the army, a ball penetrating his jaw which nearly severed his tongue. Since the war he has been sheriff and county treasurer, holding each office for four years each.

Will Eccles, for several years foreman in the Herald press rooms, has bought Dr. House's restaurant and confectionery store, and will forsake the press for the new acquisition. Dr. House has built up a fine trade and his place was a popular resort for his Manchester friends, but we presume Will will do his best to entertain them when they drop in.

The *Adrian Times* says that a horse belonging to a certain doctor in that city was made so uncomfortable one day last week, by reason of its shoes having been removed, that it hid itself to the blacksmith shop where it had frequently been taken, and persistently remained, evidently wishing to be reshoed. We have no reason to doubt the veracity of the Times, else we might be tempted to be a little credulous concerning this horse story.

The legislature at the last session appropriated \$8,000 to increase the steam heating apparatus at the university. New boilers, etc. will soon be placed in the boiler house and a coal shed 42x60 feet also built.

The county clerk has a large number of county orders for various small amounts and for various persons. Probably the majority of them have been forgotten, and that will leave the county so much ahead.—*Courier*.

G. G. GARR, St. City Clerk.

The Chelsea Herald says that a farmer near there has been bitten by a gang of painters who made him believe it would cost but \$10 or \$15 to paint his barn and for the sake of introducing the paint \$4 or \$5 was thrown off. The farmer signed a contract as so much per yard, he understanding a yard to be the full height. Other parties soon came and did the work and presented a bill for so much per square yard, which amounted to \$130, as they painted over roof and all. The farmer managed to get out of the matter by giving his note for \$90 which he afterward bought for \$80.

LOCAL NEWS BREVITIES.

Tomatoes are ripe. Watermelons are plenty. Time for spring chickens. School begins next Monday. Wheat is coming in quite lively again. If you have a Canada thistle on your premises kill it now. Will Watkins has sold his pump fixtures, etc. to Ham, Kingsley. The annual school meeting will be held on Monday evening next. There seems to be quite a demand for old wheat for milling purposes. The season for oysters is near at hand. We wonder if the oyster is sorry. Several of our school marms are attending the institute at Saline this week. W. H. Pottle writes that he and his family are having a fine visit with friends. Wm. Burtless has rented the building lately occupied by Will Watkins, and will have his office there. Our correspondents must have gone off on an excursion this week, as we only hear from a few of them. There is considerable kicking by certain individuals against the location of the town hall on the DeWolf lot. A large party of townspeople went to the lakes on Saturday, and a good many went to Bridgewater to the picnic. Wm. Rehffus has been out of town on business for several days. He contemplates making additions to his business. Another car load of Italians passed through here on Tuesday on the Ypsi. branch, to work on the M. & O. railroad. The first day of school is again near at hand, and the small boy's face begins to assume a serious expression. He don't look well. Street commissioner Moran and marshal Rose have been fixing up crosswalks about town. They needed it badly enough, that's certain. Hon. J. D. Corey has been taking the school census. There are between 400 and 500 children in this district between the ages of five and 20 years. The Lutheran society of this village are anxious to sell their old church property for the purpose of building a new school house near their new church on Jackson street. The Lutheran society has broken ground for their new sheds. They will have 20 compartments or stalls and will arrange them conveniently and have them comfortable and neat. Wm. Baxter and Dr. Kapp have commenced grading in front of their residences, and will lay new sidewalks. That's what that side of the street has needed for a long time. Seymour Hammon says he has contracted to make 200 apple barrels for Jacob Braun of Freedom. He says that there is quite a good many apples in orchards south of Saline. The Tecumseh boys telephoned here on Friday last to know if our boys would play a matched game of base ball with the Tecumseh club in that village on Tuesday. They wouldn't. Sam Kirchhofer of Kansas City, has sent us a copy of the Sunday Times of the 26th containing an account of the proceedings of the trial of Frank James, also a portrait of the noted bandit. Charles Carter of San Francisco, Cal. has one thanks for a copy of the Sunday Chronicle containing an extended account of the triennial convolve of Knights in that city, also a history of the order. As Mrs. M. Brenner was passing through Geo. Heber's yard last Thursday evening a bound dog caught hold of her dress and tore it considerably. She was much frightened lest the dog should bite her.

Zell Baldwin would like to go to Ann Arbor to attend the university, but his health will not admit of it. Mrs. S. A. Norton left here yesterday afternoon for a two months visit at her old home in New York state. We learn that Dan. Bivins who has been at work in Adrian late, has packed his grip and gone west. Prof. & Mrs. Robinson returned home from the east on Thursday last. From all accounts they had a fine time. Fred. Blosser returned home from Lansing on Monday, and says he had a splendid time in the Capital city. Mr. Clarence White, of Adrian, passed through here a few days ago on his way to Saline, and favored us with a call. Mrs. Geo. C. Amsden and little daughter, of Ypsilanti, have been visiting her parents, Mr. & Mrs. D. Moore, this week. Mrs. S. W. Clarkson and Miss Eliza English spent Sunday in Jackson. S. W. Clarkson went over also from Ann Arbor. Mr. Toles of Arizona, and his sister of Saranac, have been visiting Irvin Clark of this village, this week, and left this morning for Arizona. John Myers, section boss on the L. S. railway for many years, is making arrangements to go north, where he intends to buy a farm. Mrs. Chas. Norton and sons Earl and Bertha, of Leota, came in town yesterday from Ohio, where they have been visiting. They return home to-morrow. Fred Breitenvischer, of Freedom, was in town yesterday for the first time in two months, having been kept at home on account of trouble with his eyes. Morgan returned home from Milwaukee on Friday, accompanied by her daughter, Mrs. M. B. Wallace, of Milwaukee. She is in quite poor health. Doty, of Ann Arbor, was in town over Sunday and Monday visiting his parents, and favored the ENTERPRISE with a call on Monday morning. Mr. & Mrs. A. F. Freeman returned home from their wedding trip yesterday. They intend to begin housekeeping in their pleasant home on Ann Arbor street, very soon. Mrs. A. G. Amsden, of Chicago, who has been here visiting her parents, Mr. & Mrs. S. R. Spencer, left on Saturday afternoon for a week's visit in western New York. Mr. & Mrs. Buderns and Mr. & Mrs. Laben, of Sandusky, Ohio, have been visiting Mr. & Mrs. John Moehn, in Sharon, the past week, and Friday afternoon they all paid the ENTERPRISE a visit. Wray Graham returned home on Monday. He has been absent a year or two and has traveled through California, Oregon, Washington, Arizona, Colorado and in fact pretty much all over the west, and says it is pretty rough out there. Mr. Tompkins, the jeweler finding his business, especially the repairing of watches, clocks and jewelry increasing so rapidly has been obliged to engage a workman, Mr. James C. Stratton, of Clyde, N. Y., who arrived on Tuesday, and is now at work. A jolly load of picnickers, consisting of Misses Sophia and Julia Conklin, Etta Carpenter, Eva Case, Eva Foster, Myra Spafard, Libbie and Minnie Lehn, went to Wampler's lake last Friday, and their driver, Mike Brenner, thought that in the line of having a gay time they took the cake. Mr. Palmer, of the firm of Walbridge & Palmer, of the Michigan School Moderator, published at Grand Rapids, was in town to-day and made the ENTERPRISE a pleasant visit. He was on his way to Saline to attend the teachers institute there in the interests of the Moderator, which by the way, has become a great favorite among school teachers all over the state. Mr. Palmer is a practical printer and does his share in making the Moderator the neat and interesting paper it now is.

BRIDGEWATER PICNIC.

Last Saturday being a delightful day, many farmers and town people began wending their way to Short's grove early in the day and by 12:30 o'clock the grove presented a lively scene. The tables were fairly loaded down with their abundance of good things, and as soon as the committee sent out the invitations all availed themselves of the opportunity of appeasing their hunger, after which the Bridgewater band played one of their best pieces, which was followed by prayer by Mr. Wastell of Clinton. The glee club, led by George Wright, next rendered a fine selection, whereupon the president introduced Wm. H. Potts, the orator of the day, who delivered a short, pleasing address. He opined from appearances that farmers were not a down trodden race by any means. After the band had again played, Mrs. Geo. D. Keys and Amos Wheelock each read fine original poems which were interesting and well received. After a rousing good piece by the glee club an excellent paper upon "Home Amusements" was read by Mrs. Peter Knight, who said among other good things that dancing and card playing were like sowing burdock and thistles in the garden. Even if they were kept under such good control as to scatter no bad seeds, still they would occupy good ground that might grow better and more useful plants. After a song by the glee club, the secretary read by request a selection from Will Carlton, entitled "Betsey and Josiah." The treasurers report which was next read, showed that the society is still in good financial shape. Officers for the ensuing year were then elected as follows: President, Geo. P. Wright; Treasurer, Hiram Martin; Secretary, Mrs. Clyde Dickerson; Executive committee, Mr. & Mrs. James Benham, Mr. & Mrs. Lamar Brown, Mr. & Mrs. James Martin, Mr. & Mrs. Matt. Finin, Mr. & Mrs. Clyde Dickerson. After the band had discoursed some of its best music, the match game of ball between the 1st and 2d Clinton nines came off, the 1st nine winning the silver cup. By the way, we understand that the Manchester club accepted the challenge to play at the picnic and then failed to appear. The day's entertainment closed with a foot race which was participated in by nine young men. The 1st prize of \$3.00 was won by Will Muir, and the second by Charley Keyser both of Clinton. Thus closed the day which was pronounced by all to have been very pleasant and entertaining. The band were very successful with their sale of ice cream, lemonade, cigars, etc. from which they cleared \$75. This was pronounced one of the best picnics of the series, and all will look forward next summer for the annual gathering in August 1884. A Mason man went into a store recently to have a letter addressed, and after writing the address the merchant told him he must get a stamp for it. The man inquired how much it would cost, and was told three cents, but after the first of October it would be only two cents, upon which the man put the letter in his pocket, saying: "Well, I'm in no hurry—I guess I'll wait."—Lansing Republican. We'll bet four cents that man don't read a newspaper, if he does he borrows it. A Flint man has invented a tricycle which is expected to make 30 miles an hour. He took it out on a trial trip the other day, and in the circus that ensued was hoisted into the middle of a potato patch, and at last accounts was seen dissecting his machine in the solitude of his shop.—Petoskey Record. The way that item started in we expected that there wouldn't be a man left to dissect. Thought his family would have to sweep him up. A minister who has been preaching at Howard City for 44 years has concluded that he will give up the job and not try longer to support himself and wife in the princely style the "Master's" service is rewarded at Howard City.—Exchange. A minister who can't support himself and family on \$4 a week in a country where hunting is as good as it is about Howard City had better go to cobbling again. At Cheboygan a Miss Hazard got one of her feet through a railway cattle guard and men had to saw away one of the guard rails before she could be released.—Free Press. Had she been a Brooklyn girl they would have had to remove the whole concern, or taken off the foot. We have a large stock of chromo cards which we will sell singly or in sets at one-half price to close them out. Now is your chance to get a fine lot of cards cheap. Call early before the assortment is broken, at the ENTERPRISE office. Oh, yes, we have one or two of those celebrated Dickey Fanning Mills left which we will sell very cheap now. If you need a new mill this season you can save money by buying of me. MAT D. BLOSSER. A Corunna doctor recently sent in a certificate of death with his name signed in the space reserved for "cause of death." It's a wonder he acknowledged the fact. It was a newspaper man who made the discovery that eating onions not only keeps the lips from chapping, but also keeps the chaps from lipping. Japanese paper napkins, just the thing for afternoon or picnic parties, for sale at the ENTERPRISE office. The Lake Shore has gotten up an excursion to the thousand islands.

Jones, of Ann Arbor, and will remove thither on the 1st of October, all accounts due him must be settled by that date either by cash or note. Norvell, Aug. 20th, 1883. S. S. MOFFATT, M. D. John M. Horning of Norvell, informs us that he has a fine party of registered merino sheep of his own breeding and Vermont purchases, also a fine lot of Essex Pigs and Plymouth Rock Fowls which he is ready to sell to those in need. The Presbyterian ladies society will meet with Mrs. Mat D. Blosser, on Friday afternoon. In the evening the young people's social will be held there. Every body cordially invited to attend. The grangers of Whitmore lake and vicinity have a picnic at the lake, on Saturday. Over one ton of Gentlemen's Furnishing Goods arrived last Saturday at McCollum's, Clinton. Those in need of a good pair of shoes will save money by calling at Kirchhofer's. The largest and best assortment of shoes for your boys and girls at Kirchhofer's. Sunday. SCHMID.—In Ann Arbor, on Thursday, Aug. 30th, 1883, of old age, Rev. Frederick Schmid, aged 76 years. The deceased was born in Wurtemberg, Germany, Sept. 6th, 1807, and came to this country in 1833. He was the first German minister in Michigan, preaching first in Detroit and Saginaw. He then went to Ann Arbor where he built a church and preached in it for 38 years. He also preached in other parts of the county and was greatly beloved wherever known. For the past 14 years he has been an invalid but his interest in his church and friends has never flagged and last Sunday the Lutherans celebrated the 50th year of his work in Michigan, by appropriate services at the church in Ann Arbor. He leaves a wife and 10 children among whom are Mr. Nate Schmidt and Mrs. Henry Kirchhofer, of this village, to mourn his loss. The funeral will be held on Monday. Commercial. Home Markets.
