LOCAL TEMPEST COUNTRY.

Head of the District.

We are not inclined to be too critical of the action of the Board of Education in sending W. P. B seen to the central school. We are not unaware of the fact that a number of the children are still living far from the central school, and that the road is rough and uncomfortable for the young ones. However, we believe that the Board of Education is doing the best they can under the circumstances, and we hope that they will continue to give diligent attention to the matter.
