

The family capacity of the United States is not one-half developed. That is by the standard of fertilization and cultivation in England and Belgium this country could double its wheat crop without adding a single acre to its wheat area.

The common verdict of coroner's jury "death from heart failure" is the simplest possible way of acknowledging ignorance. It is a verdict which is given in any death, for all are due to stoppage of the heart. The old formula "death from causes unknown to the jury," is more honest, and has a definite meaning. It is therefore to be preferred.

The productive capabilities of every acre of wheat and corn in England are at present about double those of our country. More wheat and corn are raised there by farming more scientific methods than in this country. The wheat and corn of England are raised by the use of scientific methods which Western farmers because of the ease with which land may be cultivated and the prolific character of the yield, very naturally neglect.

The law of husbandry between work and rest is fully beyond not only maintains strength but develops it. All intelligent people know that fact, but many fail to think of it in such a way as to govern their lives.

Young Morrell religiously followed the provisions of the will. But a year after coming into the property was drowned while on a yachting trip. He left no children.

Poverty means different things to different people. With some it means going hungry, and without proper clothing and shoes, with others it means going barefooted.

Over the triple doorways of an Italian cathedral there are three inscriptions. Over one is carved a beautiful wreath of roses and underneath the legend: "All that ceases to be for a moment." Over the other is sculptured a cross and there are the words: "All that troubles is but for a moment." But underneath the great central entrance in the main aisle is the inscription: "That only is important which is eternal."

The proper education of children is absolutely one of the greatest necessities that has ever been provided by the church authorities. The church authorities, zealous for the formation of the young mind in the direction of church dogma, have provided the very best instruction provided parochial schools. Every parent who has natural ambition is desirous that his children shall be properly educated, and for those who do not wish that the child should enjoy advantages that were not possible for themselves.

The spirit of patriotism prompts a desire that young men educated west of the Alleghenies shall be employed in those graduating from the older established but far less progressive institutions of the east.

ENGLAND is not in any special need of more assistance in the way of Anglo-Saxon characteristic is to offer refuge on its soil to all political exiles, the one class which Anglo-Saxon freedom does not reverence.

It is getting to be too much of a hardship for Anglo-Saxon territory to be taxed for the harboring of political exiles with a peasant for plotting even against the law already proposed, and since England already has all the dynamite needed for the purpose, she will reach the point where she will pass them on to the United States.

It is the art of oratory declining in our country? It seems to be apparent that it is declining in our country. It is getting to be too much of a hardship for Anglo-Saxon territory to be taxed for the harboring of political exiles with a peasant for plotting even against the law already proposed, and since England already has all the dynamite needed for the purpose, she will reach the point where she will pass them on to the United States.

SOME STRANGE WILLS

CURIOUS REQUESTS AND ODD LEGACIES OF MEN.

THE "Crown Room" was left to the crown prince, but no crown prince was there to receive it. A practical joke in a will.

In death as well as in life romance can be found. A wealthy gentleman named Daniel B. Morrell, and who thirty-five years of age used to live in the city of New York.

For years the husband kept in his care the only key to the room and when he died years later he was found with the key in his pocket.

Young Morrell religiously followed the provisions of the will. But a year after coming into the property was drowned while on a yachting trip.

POVERTY means different things to different people. With some it means going hungry, and without proper clothing and shoes, with others it means going barefooted.

FARM AND HOUSEHOLD.

A PRACTICAL PLAN FOR THE CURING OF PORK.

Old Simple, But Effective—To Get a Good Roast—Tanning Sheep Skins—Eating House—Farm Notes and House Hints.

The following practical plan for curing pork is not a new one, but it is old and simple, but it is the one that is most successful.

It is used to be thought that purchasing and transporting it was the only effective way to quickly get a good roast.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

ORANG-OUTANG RESCUE.

IT SOUNDS LIKE AN OLD TRAVELER'S YARN.

However it is claimed to be nothing but the truth, exactly as I saw it.

In 1873 I was a subaltern in a regiment stationed at Delhi, and in the month of February of that year I was on duty at a certain place.

It is used to be thought that purchasing and transporting it was the only effective way to quickly get a good roast.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

HOUSEKEEPING IN LONDON.

More Servants are Needed to Do Less Work Than in New York.

An American taking a house in London will learn that the old country is not so well served as this.

It is used to be thought that purchasing and transporting it was the only effective way to quickly get a good roast.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

When the hams and shoulders are in a barrel, they should be packed with salt and water, and the barrel should be kept in a cool place.

Manchester Enterprise

By **MAT D. BLOSSER**

Notice to the Public:
Advertisers wishing to secure their advertisements, must get the copy to us so the work can be done early as Tuesday, else it will be set after the paper is out and inserted the next week.
Advertisements wishing additional space should inform us of the amount desired as many days before publication day as possible in order that we may arrange for it.
Those having business at the probate court will please request Judge Babbitt to send their printing to the Enterprise office.
Birth, marriage and death notices, free. Obituary notices, five cents a line.
Card of thanks, five cents a line.
Church notices and notices of meetings free. But notices of any kind where a fee or admission is charged, must be paid for the same as other business announcements.

THURSDAY, JUNE 9, 1892.

Who will it be, Harrison, Blaine or Alger? Or will it be a dark horse?

Eastern wool dealers discriminate against Michigan wool because our farmers use binding twine to tie the fleeces.

A dry goods merchant says that when a woman asks to be taken to the silk counter she speaks in a much louder tone than when she asks to look at the calico remnants.

The Lake Shore surveyors are again at work between Jerome and Jonesville, running lines for what is supposed to be the new short line, of which, we hope, the Ypsilanti branch will form a part.—Exponent.

W. T. Perkins of San Francisco has kindly sent us a copy of the Chronicle containing an interesting historical account of the mines of the Pacific coast and other sections, also an account of the doings and sketch of the members of the national editorial association which held its meeting there in May.

The initial number of the Literary Century, edited and published at Ann Arbor by E. Cora Dupuy, has been received. It contains an illustrated historical sketch of the university, and many articles of interest to the general reader, besides "The Story of Irene," by the editor. The paper contains 32 pages and cover, is published monthly at ten cents a number or \$1 a year.

We went to Fayette, Ohio, last Thursday to attend the closing exercises of the university, and we found Fayette a very nice village about the size of Manchester, but having more good residences. The business blocks are well built but not as large or as nice as ours. The streets are well made and the yards and lawns well kept. The people seem very hospitable, intelligent and moral. The exercises at the university were interesting and instructive. Hon. Bowersox of Bryan delivered an able address which was listened to by a large audience.

Washtenaw County.

The trial of Prince Michael will begin at Ann Arbor on Tuesday next.

C. Spiernagy of Chelsea claims to have a geranium nearly 20 feet in length.

Dr. A. C. Sheldon of Three Rivers was the guest of Dr. John Kapp yesterday.—Ann Arbor Times.

On account of the excessive rains the Milan races have been postponed until the 25th.

E. Palmer and family of Brooklyn have moved to Ann Arbor and will make that their future home.

They had better either bail Prince Michael out of jail or cut his hair. He predicts a daily rain fall as long as he is incarcerated.

The June meeting of the Washtenaw horticultural society will be held the 25th of June at 2 p. m. in the court house. This will be a strawberry festival. An exhibit of the different varieties of this delicious berry will be made; also of flowers by the florists Cousins and Hall. President Scott will lead in the discussion "What fruit to plant." A full report on the outlook for fruit will be given. The ladies are especially invited to attend.

Lenawee County

Clinton, through the Tecumseh News, talks of celebrating the glorious 4th.

A new planing mill is being erected on the site of the one that burned at Tecumseh.

Since the new hotel has been started at Clinton, Henry Lancaster the old proprietor of the Exchange has begun making improvements and the place looks slick enough.

The farmer's union picnic will be held at Putnam's landing, Sand lake, on Saturday June 18th. Every tiller of the soil is expected to take a basket of first-class grub and with his family, enjoy the day visiting and eating.

Jackson County Items.

A. E. Hewitt has commenced suit in the circuit court in assumpsit against Joseph Hanaw, placing the damages at \$1,500.—Citizen.

The case of John M. Bross of Norvell, charged in Justice Burgess' court with violating the liquor law, has been discontinued, the complaining witness failing to appear.—Citizen.

NAPOLEON.

C. A. Cruell of Grand Rapids is here to attend the graduation of his daughter Pearl from the Napoleon high school, June 8th.

The M. E. church is fast nearing completion and Sunday the 12th, Rev. Washington Gardner will deliver the dedicatory sermon.

NORVELL.

Geo. Kay and family of Tecumseh visited here over Sunday.

Bert Moulton has moved his family back from Clinton and will occupy his father's house.

The baptist social will be held at Mrs. Addison Hunt's on Friday afternoon of this week.

Harry Hay and son walked here from Unadilla on Monday. They will move here and live in the Mauer house.

BRIDGEWATER.

Miss Cynthia Seckinger visited her parents Sunday.

Mr. M. Alber who has been sick for a long time, is able to ride out.

Last week Tuesday afternoon, Mr. & Mrs. H. C. Calhoun entertained a large number of relatives, neighbors and friends from Manchester and Clinton, in honor of Mr. C's 52d birthday. A most enjoyable time was had and the guests wished Henry many happy returns of the day.

Last Sunday as Conrad Reule and his son Fred were driving past Hiram Mills, their team became frightened at a covered wagon by the road-side and ran away, colliding with a rail fence. They left the buggy and ran to William Hanke's, where they were caught. No one was seriously hurt although the buggy was badly demolished.

WAMPLER'S LAKE.

Fish are biting well.

Wheat is beginning to head out.

The Brooklyn maccabees will picnic at Moore's next Monday.

Miss Minnie Main attended decoration exercises in Tecumseh.

Hay will be a big crop but the quality will not be as good as it has been.

Wm. Beech went to Ann Arbor on Monday as witness in the Kapp-Bauer case.

The Clinton high school scholars are expected to picnic at Moore's on Saturday.

Tracy & Aylesworth brought the steamer Idlewild from Whitmore lake last Friday and launched it in Wampler's lake on Saturday. It will make trips on the lake from Moore's dock.

SHARON.

J. R. Lemm raised the frame for his large barn last Thursday.

Belle Dorr is visiting her grandmother, Mrs. M. Cole, at Norvell.

Virgil Burch will commence work at carpentering for Thomas Faulkner next week.

The Grass Lake farmers' club will meet at the residence of Mort Raymond on the 8th.

Children's day will be observed at the evangelical church at Rowe's corners one week from Sunday.

The North Sharon missionary society and willing workers will meet at Mrs. Mattie Raymond's next Saturday.

Mrs. Wm. Campbell and Miss Ella Rose attended the meeting of the W. F. M. S., at Tecumseh last Thursday and Friday.

The weather has been exceedingly wet the past month but we had no idea of our public thoroughfare being navigated until we saw a large steamboat passing along the road near the soldier's monument, thence south west finally crossing the river basin and proceeding south last Friday.

IRON CREEK.

John Egan is reported much better.

Some farmers are just planting their corn this week.

Mrs. J. P. Lapham was at Ann Arbor over Sunday.

Mr. & Mrs. Barney O'Neil of Adrian are visiting the Egans.

Mrs. J. D. Bower was in Ann Arbor the fore part of the week.

Michael Kirk is moving into the village to become a retired farmer.

L. M. Baldwin went to eastern New York for a month's visit with relatives.

Edwin Stringham of Battle Creek visited his brother, A. A. Stringham last week.

Mrs. Charles Rheade of Napoleon visited relatives in this township the past week.

Mr. & Mrs. Richard Green attended the social at Justus Watson's Tuesday afternoon.

J. P. Lapham died last Monday night. The funeral was held Thursday afternoon at the house.

The butterfly social was quite a success despite the inclement weather of Friday afternoon and evening.

Committees are at work getting up a programme for Children's day, Sunday, June 19, at the F. B. church.

The officers of the ladies' social society are Mrs. W. E. Pease, president; Miss S. O. Clark, secretary and treasurer.

There was a large attendance at the mission meeting at the church last Sunday. An essay by Miss Sarah Wellwood followed by selections by Mrs. J. R. Holmes and A. D. English were listened to.

A special school meeting was held in the Dorr district one evening last week to consider whether to repair the old school house or build a new one. Ten voters were for repairing and five for building new.

"THE ROCKY MOUNTAIN LIMITED," AND "THE BIG 5."

Two Grand Trains Daily Between the World's Fair City and the Foothills. One Night Out or One Day Out. Take Your Choice. Business Demands It, and the People Must Have It.

The popularity of the "Great Rock Island Route" as a Colorado line—it having a long time since taken first place as the people's favorite between the lakes and the mountains—has compelled the management to increase its present splendid service by the addition of a train that is one night on the road from Chicago to Denver, Colorado Springs and Pueblo. This train will be known as the "Rocky Mountain Limited," and will be put in service May 1st. Leaves Chicago daily at 10:45 a. m., arriving in above cities in the afternoon of next day, earlier than any of its competitors. Especial equipment has been built for this train, with the view of making it a limited in every sense of the word, and best of all, there will be no extra charge. The route of this exceedingly fast train is by the Rock Island Short Line, and a few of the large cities through which it passes are Des Moines, Davenport, Council Bluffs, Omaha, Lincoln, Beatrice, Fairbury, Belleville, Phillipsburg, Smith Center, Colby and Goodland. This makes it a very desirable route, and particularly interesting to the traveler. Another point: The popularity of our dining car service is on the increase, and no money spared to make this service what our patrons always say, "the best."

Our "Big 5" will continue as usual, leaving Chicago at 10 p. m., and arriving at Denver, Colorado Springs and Pueblo the second morning, being but one day out, and this fast and popular train goes through Omaha.

Our No. 11 will leave as heretofore at 6 p. m., arrive at Kansas City at 9 a. m., and will reach Denver, Colorado Springs and Pueblo the second morning.

Our Colorado service is made perfect by this new Rocky Mountain Limited and the Big 5, and gives to the traveling public two flyers daily.

Manita passengers should consult the map and time tables of our line, to fully appreciate the advantages in time saved by taking this route, when on their summer vacation.

JOHN SEBASTIAN, G. T. & P. A., Chicago.
