LAKE MARINE HOCUS.

THREE-PERSON LIMITED TO JIN.

BY THE FUNDING OF THE SUMMER SEASON.

SOUTH MASSEY ISLAND.

The last train for the season, the Summerv, left South Massey Island, Friday night last, en route for Portage Inlet, where the schooner will spend the season. The train was composed of four coaches and a baggage car. The trip was made in less than two hours, and the passengers were delighted with the scenery. The trip was uneventful, and the passengers arrived safe at their destination.

The line was opened in 1881, and has since been improved and extended. The line now extends from Portage Inlet to the interior of the country, and is operated by the Canadian Northern Railway. The line is well constructed, and is capable of supporting heavy traffic. The trains run regularly, and are fitted with comfortable cars. The fare is moderate, and the service is excellent. The line is owned and operated by the Government of Canada.
