LOCAL NEWS GAZETTE

Very beautiful fall weather. The roads are in fine condition.

People will have ample time now to go hunting. Oh, don't touch my arm, I've been wounded.

It is a good deal of what is coming into market. We are getting a good many new subscribers now.

Robison & Koebbe have a new advertisement for their business. The United friends of Michigan are taking in new members.

Use disinfectants thoroughly about your house and premises. Jack lights can be seen on the ponds or river most any night now.

The baptist ladies are talking of getting up a business men's carnival. The Manchester roller mills keep grinding and shipping flour and feed.

O. M. Drake of Philadelphia has our thanks for a copy of the Record. The farmers are getting over their scare and begin to come to work again.

It is unnecessary for us to say that local news is very scarce this week. The rains and warm weather are just the things to make the wheat grow.

The Lake Shore paymaster let go a few dollars to the railroad boys on Tuesday. Sunday was a quiet day with no church meetings, Sunday school or league meetings.

People need not be afraid to come to town; there is not a case of small-pox in town. The water wheel at the electric light plant was clogged with silt again last night.

The union savings bank received the Moler sale from Hamilton, Ohio, on Monday. They must have had a monkey and a parrot of a time at the council meeting last evening.

There was a dance at the willow grove, last Friday. Mr. & Mrs. E. B. Main visited friends in Franklin on Friday.
