A. F. FREEMAN, ATTORNEY. And Counselor at Law. Office over Peoples Bank. Manchester, Michigan.

CLINTON STEAM GRANITE & MARBLE WORKS. S. F. MARSHALL, Prop. Recently fitted with the latest improved machinery for the manufacturing of Granite and Marble Monuments. ALL WORK GUARANTEED. At represented. Office and Works on Chapel Street, west of railroad, Clinton, Mich.

ENTERPRISE PUBLISHING HOUSE. Manchester, Mich. SELECT GERMAN STORIES by Georg Storm, with notes, for use of schools and self-instruction. SOLDERS and USMARECHEN by the brothers Grimm. Illustrated cloth. The CATHERINE A. Storm. With heavy gilt. BLENHEIM, German and English battles. With maps and plans. Writing and Composition Books. Tablets, Township Blanks, Receipts, Notes, Etc. SEND FOR CATALOGUE.

IF YOU WANT Advertising. BILL POSTING, Distributing CARD TACKING. Also, done in Washburn, Jackson and Lenoire Counties send to or write ENTERPRISE PUBLISHING HOUSE, MANCHESTER, MICHIGAN.

W. H. LEHR, Dealer in GROCERIES, CROCKERY, Glassware, Notions, TOBACCOS, Pure Wines and Liquors. Fresh Lager Beer ALWAYS ON DRAUGHT. south side of Exchange Place, Manchester, Michigan.

STATE NEWS NOTES.

A CHAPTER OF THE DOINGS OF MICHIGANDERS.

Kalamazoo County the scene of a Most Murder.—Well-to-do Farmer's Wife Succeeded Near Berrien Springs.—The University Homeopathic Dean Resigns.

A Most Brutal Murder.—Mrs. Epiphany Middock left the bakery of Touynton & Kudger, at Pontiac, at 10 o'clock at night, with a loaf of bread. She lived in a cottage in the eastern portion of the city, quite a distance from the business section. She penetrated the street, where she was found dead, lying on her face in a pool of blood. The body was taken to the home of her daughter and an autopsy was held, which disclosed a wound made by a blunt instrument which penetrated the scalp and produced an extensive fracture of the left side of the skull, four inches back of the left ear; a wound sufficient to produce instant death.

In paying for the bread she had taken a wallet from her pocket, and the theory is that this action was observed by someone who thought she had considerable money, and that the motive for the heinous deed was robbery. Her children say she had a little money in the purse and the wallet was examined, but the purse was missing. The deceased was 68 years of age and lived peaceably with her husband. She leaves six children.

Very Mysterious Murder.—A most cowardly and mysterious murder was that of the assassination of William Wickwire and the shooting of his sister at the late last week. About 7 o'clock at night a knock was heard at the back door. An adopted boy opened the door and a man with a mask on his face asked for Mr. Wickwire. Without waiting for a reply he pushed past the boy, entered the dining room where Wickwire's wife and sister were sitting. The latter noticed that the intruder had in his hand a revolver and she tried to stop him, but he rushed into the next room where he met Wickwire, who was just coming out to see the cause of the noise. The masked man at once opened fire. Three shots struck Wickwire and one struck his sister. The three grappled with the desperado, who he escaped before the neighbors could be called, but he could arrive. No motive for the strange crime is known. Wickwire's injuries were fatal, but his sister was scarcely hurt.

Train Wreckers' Trials Blocked.—The examination of the five men, charged with train wrecking at Battle Creek, has taken a new turn and dropped a bomb at the prosecutor's feet. William Whelan, witness in the prosecution depended for so much convicting testimony, but he created a sensation by positively refusing to say a word. An adjournment was then taken until evening, when Stanley Knoles, who has just often told the tale of the clawbar to the delight of the prosecution, was placed on the stand. He also refused to testify. This virtually blocked the examination and the court adjourned until Jan. 2, ordering the five men to jail.

Prominent Detroit's Strange Death.—Without Parker, senior member of Parker, Welch & Co., wholesale meat business in Detroit, disappeared very mysteriously from his home, and the case was reported to the police. No trace of him could be found until a message was received from Richmond stating that the earliest news came from a man in that town and was in a serious condition, evidently from an overdose of morphine. He lingered for several hours nearly all the time unconscious and finally died. He was 68 years of age and his relatives say must have taken the morphine to relieve pain as he was in ill-health.

Small Pox at Adrian.—The first case of small pox to make its appearance in Adrian in 20 years broke out in the City Hotel and the victim was conveyed to the pest house north of the city. Mark Jones, aged 28 and married, living south of Blissfield, was unfortunate. Seventeen inmates of the hotel are in quarantine. Forty transients took dinner at the hotel with Jones and it is impossible to tell how many persons may have been exposed. Jones was exposed to the disease at Summit, Ill., two weeks previous.

Smallpox Causing a Panic.—Several new cases of smallpox are reported at Sebawa, Corcoran, Ionia county. Albert Bradley, of Sebawa, died of confluent smallpox. The authorities are taking all precautions against an epidemic, but the exposure has been so general that little headway is made. There are now no less than 15 cases in Danby and Sebawa. Portland people held a public meeting and will keep a patrol on all points of ingress to keep out parties from infected districts.

Why should She Wish to Die?—Mrs. Henry Lybrook, a farmer's wife in good circumstances, committed suicide at Berrien Springs. No cause can be attributed for the act as her family life was a very happy one. Two ounces of laudanum was taken. The body was discovered on the bank of the St. Joseph river where she went, intending to make sure of death by drowning. She was 28 years old.

That Homeopathic Doctor.—The Oletz quartet and the row in the homeopathic department of the Michigan University came to a climax with the resignation of Dean Oletz, and a request of the regents that all the other professors resign.

Judge W. H. Taft, of Cincinnati, of the U. S. circuit court and court of appeals, is holding his first term of court in Grand Rapids. In honor of his visit about 50 Grand Rapids and western Michigan attorneys gave him a reception and banquet at the Peninsula club.

MICHIGAN HAPPENINGS.

A poultry show will be held at Ionia, December 25-28.

Sydney S. Hastings, one of the founders of St. Louis village is dead. The Peninsula mine, near Hancock, is being pumped out, preparatory to a resumption of work.

The F. & A. M. of Manistee are thinking of erecting a \$65,000 Masonic temple and opera house.

The suicide of C. G. Runsey, well-to-do Pittsford farmer, is said to be the immoderate use of tobacco.

Mr. Peter was instantly killed near Traverse City by having a log roll upon him from a wagon.

Four boys, aged 12 to 15, were arrested in West Bay City charged with entering a building filled with tugs and steamer furnishings, stored for the winter, and deliberately cutting and smashing over \$1,000 worth of goods.

Bert Hanson, a colored inmate at the State House of Correction, at Ionia, who is serving six years for burglary, from Jackson, attached Foreman Henry henrick of the furniture factory, knocking him down. He is a tough character.

A hunter a few miles south of Petoskey saw two elk, and shot and killed one of them. It is said that this is the first time in years that an elk has been seen in the lower peninsula. The animal which was shot weighed 600 pounds.

Detroit has been connected with the Canadian natural gas fields by the means of a pipe line just completed across the Detroit river. It was a gigantic undertaking, and was accomplished without accident or injury to any person or the machinery.

Thomas Black met with an accident at Coldwater that may result fatally. Driving under a wire clothesline in the dark it caught in his mouth, breaking the upper jaw on both sides, cutting off the soft palate and injuring him otherwise in a terrible manner.

Charles Wright, the trusty who escaped from the State House of Correction at Ionia, was captured by Keesee Sturgeon at Clare. Wright went to Clare to receive some money sent him by a relative of Mrs. Stonehall J. De Franco, who is at La Crosse, Wis.

The Haslett Park association deny that they have any idea of removing their "spirited" headquarters from Haslett Park, at Lansing, to Island Lake, and ask the supreme court to dissolve the temporary injunction recently obtained by Frank J. Haslett.

Adj. Gen. Eaton received from the adjutant-general of Ohio the original discharges of 13 Michigan soldiers which had by some means got to the wrong state and had been lost in the archives at Columbus. In several instances these discharges were greatly needed, as they were the missing links in the records of the soldiers to whom they referred.

After an exciting election a proposition to bond Buchanan for \$10,000 for water works extension was defeated by a vote of 173 to 138.

Four Muskegon boys, ranging in age from 14 to 18, were arrested in a cave, a total course of 2,500 miles. The cave was stuffed full of plunder.

Saginaw has secured a new industry in the Motor Cycle company. The capital stock is \$15,000 all paid in. Work will begin at once.

Robbers broke into the store of Max Wolf, at Atlanta, stole \$75 and assaulted the proprietor. He says personal enemies did the work.

Four girls escaped from the industrial home at Adrian. They got away as the postoffice, but the cold, chilly wind soon drove them back again.

Pratt & Co.'s general store at Fergus, Saginaw county, was burglarized and \$150 in cash and goods taken. Officers are on a still hunt after the thieves.

George Mussen, a hunter from Saginaw Lake, N. Y. slipped on a log while being discharged, sending a bullet through his thigh. He may recover.

St. Ignace minors who are found on the streets alone after 8 o'clock at night will spend 20 days in the city lockup as a preventive against their doing so again.

John McDonald, engineer in the Bardeen paper mills at Otsego, fell into a tub of hot water and was seriously burned. Fresh below the waist dropped off in chunks.

Mrs. Ed Hayes, in destitute circumstances, took some morphine at Adrian, but her life was saved. Her husband is in the Ionia prison, and she is trying to secure a divorce.

Game Warden Hampton bagged a party of wealthy Seville, O. business men at Lewistown with five deer in his possession, which they were trying to slip out of the state.

The famous Cross Village convent in Emmet county has been closed and the nuns who had gone to Toluca, Ill. Most of them had not been outside of the convent grounds in 35 years.

Prof. Dees Fall and Prof. R. C. Ford, of Albion college, are arranging an expedition for the exploration of the country north of Lake Superior in the direction of Hudson Bay. It will be for scientific purposes.

Lucius Sweet, a well-known business man, and a pioneer cattle feeder, died at 70 years of age, while driving in the country had his horses run away. He was thrown out and badly injured on the frozen ground, but may recover.

Notion, the labor agitator who had much to do in causing the strike of the miners at Ironwood last summer, and who was arrested at the time and locked up, has just been released. Nothing has been done toward trying him.

So many deer have been killed in Ionia county this year by hunters who use dogs that it has been suggested that the board of supervisors offer a bounty for every deer found killed while on the track of a deer away from the county.

Charles Wright, a trusty who escaped from Ionia prison, was captured at Chase Lake, Mich. and taken to Ionia. Wright jumped off the train near Gowen and escaped again. The train was moving at the rate of 25 miles an hour.

Berrien county lodge No. 6, I. O. O. F., has celebrated its fifty-fifth anniversary. This lodge was the first founded in the state of Michigan, and it is said, the first lodge in the world.

The legislative committee of the State Teachers' association discussed a proposed law requiring all teachers, county commissioners and county examiners in Michigan to be citizens of the United States. Another recommendation is that no person be granted a certificate to teach in this state who uses tobacco in any form.

Decatur will have a system of water works in the near future. The common council adopted a resolution empowering the village to issue \$12,000 of 5 per cent bonds. It is expected that the construction of the plant will commence at once, giving employment to much labor which would otherwise be unemployed during the winter.

The Ypsilanti normal school was haunted by a ghost for several days. One night it was dressed in the conventional white sheet and black hood. The waterbath couldn't catch the apparition, neither could any of the students, and a reign of terror existed among the ultra-superstitious. The city marshal solved the mystery by capturing the facious lady student.

The many crimes now being laid at the hands of Geo. S. Swearingen, who is a lot of bags, Kahn disappeared near Buchanan, and who is wanted in South Dakota for murder, recalls the strange disappearance of Isaac Kahn, of South Bend, Ind., about 20 years ago. Kahn and Swearingen started for Chicago with a lot of bags. Kahn disappeared and while the case was being looked into Swearingen dropped out of sight and the affair was always a mystery.

J. B. Sutherland for many years a resident of Detroit, but who has lived in a small shanty near Copemish, died and was buried in the Cleon township cemetery. The deceased, who was about 70 years of age, was at one time quite well off, and held the position of superintendent of the Michigan Central railway. He had several married children, who are in good circumstances. His request was that they be not informed of his death until after he was buried.

The plant of the Smith Middings Purifier company at Jackson, the largest concern of the kind in the world, which was involved in such lengthy and disastrous litigation, and was finally sold to the Central Oil and Gas Store company, of Massachusetts, may start up again soon.

I. Smith, the originator of the business, has completed the organization of a corporation composed largely of east-Ohio capitalists, who will put \$1,000,000 cash into the purifier plant there, filling the buildings with machinery for the manufacture of modern milk, purifier, engine, boiler, etc., on an immense scale and making it the largest concern of its kind in existence.

NEWS OF ALL KINDS.

EVENTS OF GENERAL INTEREST AND IMPORTANCE.

Port Arthur, the Pride of China, Surrendered to the Japanese—Chinese Loss, 1,000 Men; Japs. 350.—Vast Stores of Supplies, Etc. Captured.—Other News.

Port Arthur Has Fallen.—The Foo: Dispatches have been received here stating that the Japanese captured Port Arthur after 18 hours' fighting. The Japanese army, under the command of Field Marshal Count Oyama, minister of war, consisted of about 30,000 men. The Japanese navy did not participate with the exception of some of the torpedo boats.

Particulars of the Capture of Port Arthur.—London: The capture of Port Arthur by the Japanese has been received, together with particulars of the fighting in detail. As has been told in these dispatches, Port Arthur had been surrounded for miles with fortified hills, and in the capture of this attack the Chinese, under direction of the European officers, had planted mines in all the roads leading to the stronghold and had connected them with Port Arthur by electric wires. This necessitated caution on the part of the Japanese, and consequently they cut roads through the woods and morasses and hauled their light field pieces over these for over 40 miles. Notwithstanding these delays the Japanese crept nearer the point of attack with commendable speed. No organized resistance was offered by the Chinese for three-fourths the distance, and on Tuesday the first skirmish occurred in which the Chinese soon retired in good order. One foot and one village were captured by the Japanese and the following morning they carried an adventurous range of hills near Fort Arthur with a rush. Guns were then dragged up and fire opened. The enemy returned the fire briskly. The Japanese infantry advanced against the well-defended fort without faltering. Shortly before 9 o'clock the fort was carried by storm in a most gallant fashion. The Chinese stood for a minute or two against the final onslaught, fighting heroically. Then they fled toward the dockyards. The night division advanced in force against the Kokosin fort, which was armed with several heavy Krupp guns, which were well served. Scores of men were killed or wounded in this brief advance. At noon the fort itself was captured and the garrison shot to desperate fight. By 3 o'clock in the afternoon the right division was in full possession of the western part of the stronghold.

Meanwhile the left division had been engaged on the eastern shore, where it was not less difficult, but far from easy. Advancing over the hills the first division had to clear the enemy out of some outlying work apparently of recent construction. The Japanese artillery and Chinese guns were then directed against the fort. The latter were all heavy pieces and they pounded away for some time at the Japanese infantry, who in the meantime were advancing all along the line. The final assault was splendidly delivered, the enemy driven back in confusion and in succession all being captured without loss on the Japanese side. It is estimated that the Chinese loss was over 1,000 killed and wounded and 20,000 were taken prisoners. The Japanese loss was about 250 killed and wounded.

The Japanese have taken quite 80 guns and the mortars that were in use in the captured forts and many others found in the dock yard. They have also captured an immense quantity of cartridges and completely stripped torpedo stores and large quantities of rice and beans.

The part taken in the battle by the Japanese navy was that 23 torpedo boats made a concerted rush upon the harbor of Port Arthur at the same time that the Japanese land forces attacked the place from rear, while a heavy artillery fire was poured into the Chinese forts.

Tien Tsun, a Peace Envoy to Japan.—The Chinese chief of the imperial customs here, Hsiao Fung, who was recently summoned to Peking, has left for Japan in order to arrange terms of peace.

Washington: The departure of the Chinese customs chief for Japan is regarded by officials here as the result of up negotiations for peace. The powers will not take any part in the negotiations. They will simply remain spectators. It is considered that China is in a position to pay the Japanese demands that the war ceases now, Japan to hold Port Arthur until her demands are satisfied. The destination of the third Japanese expedition which is now afloat is supposed to be Wei-Hai-Wei.

The Bonds Bring 117.077.—Washington: The bids for the \$50,000,000 bond issue recently offered by Secretary Cardwell were opened at the treasury department and it was stated that a calculation showed that the total number of successful bids was 397, aggregating \$154,370,900. The largest bid was the syndicate bid of the United States Trust company, Drexel, Morgan & Company and others, of New York, London, Boston and Philadelphia, at 117.07 for the whole amount or none.

The Car Is Wed.—Czar Nicholas II. of Russia, has been married to Princess Alix, of Hesse-Darmstadt. Large crowds of people assembled on the Newsky prospect in order to secure places along the route of the royal wedding procession. From the Antioch palace to the Winter palace the whole avenue was lined with troops. The procession and the ceremonies were very imposing. The rites of the Greek church were used.

The executive committee of the W. C. T. U. has resolved that men must not be admitted to membership in the young ladies' branches.

Samuel C. Seeley, an assistant bookkeeper in the National Shoe & Leather Bank, New York City, has disappeared with \$354,000 of the bank's funds. Seeley was aided by a confederate, the bank officials are certain.

Another industry has been added to Saginaw's manufacturing institutions in the shape of the American Potato Flour company, which recently burned out at Fostoria, O. The stockholders, which reside in Detroit. This winter experiment will be given to 50 lands, and next fall it is expected the number will be increased to 150. This factory will give the farmers an excellent market for their potatoes.

HIDE AND LEATHER, the well-known organ of the leather industry in the United States, made the important announcement in a recent issue that a large factory is about to be erected in the Pecos valley of New Mexico for the manufacture of canigre extract.

This extract, which is for most kinds of leather the very best tanning material known, is made from the roots of the canigre plant, which grows in certain portions of the arid region of the United States and northern Mexico, and with special luxuriance under irrigation in the Pecos valley where it grows to a height of 10 or 15 feet. The cost of raising and harvesting is no greater than in the case of potatoes, and the farmers of the Pecos valley are assured of a market for whatever can raise, at 50 cents per ton, when a considerable acreage is being planted at the present time. When it is known that Europe and America consume about 100,000,000 of tanning materials annually, and that several million dollars worth of inferior material is imported from foreign countries, the importance of the industry can be appreciated. Large numbers of farmers will doubtless go to the Pecos valley in the near future to engage in this very profitable business.

HAWAIIAN ROYALTY: TALK REVOLUTION.—Advice from Honolulu says that the government is still slightly in fear of the royalists uprising has been evident in some of the royalists in the suburbs have been doubled, and a close watch has been kept on all suspected persons. The cause of this distrustful activity is the discovery of a plot to restore the ex-queen. A considerable number of guns and ammunition have been secretly brought here during the last few months and the royalists evidently intend to make use of them. No uneasiness is felt by the government party, however, which seems perfectly well satisfied that it can hold its own.

SOME PROSPECTS OF PEACE IN CHINA.—It is officially announced that Japan recognizes that the United States minister at Tokyo, Mr. Dun, is a suitable channel through which Chinese proposals for negotiation for peace. The powers will not take any part in the negotiations. They will simply remain spectators. It is considered that China is in a position to pay the Japanese demands that the war ceases now, Japan to hold Port Arthur until her demands are satisfied. The destination of the third Japanese expedition which is now afloat is supposed to be Wei-Hai-Wei.

RUSSIANS IN CHICAGO ARE WORKING EARNESTLY in a movement to secure more freedom in Russia.

Henry Wolf, 22 years old, son of a well-to-do farmer near Dayton, attempted suicide by swallowing 35 grains of morphine. He will live.

The body of Maggie Rodin, colored, was found at Memphis in an advanced state of decomposition in a house which she occupied alone. Her clothes had taken fire and she burned to death.

Gus Huber, jeweler of Fayette, ordered \$800 worth of diamonds C. O. D. from a Chicago house. The night she arrived Alton, near Fayette, the express office was robbed. The other day Huber sold one of the rings and this led to his prompt arrest for the robbery.

MORMONS ARE COLONIZING THE South Sea islands.

China-Japan War Gossip.

The third army has left Ujinao aboard the transports. The destination of this army is not known but it is rumored that it is intended to operate in the Yangtze Kiang district of China. The Yangtze Kiang river has a total course of 2,500 miles. It flows all the central provinces of China. The tide ascends it to Lake Po Yang, 450 miles from the sea beyond which it is navigable for 250 miles. It may be navigated for 300 miles from its mouth by ships of the largest class and about 90 miles from the mouth is situated the southern capital of the China, Nankin, one of the most important cities of the empire. It is doubtless Japan's intention to advance upon Nankin.

Li Hung Chang to Depose the Emperor.—Washington: A prominent member of the diplomatic world has received a letter telling of a conspiracy now well underway in China, which if not checked, will result in the downfall of the present government and the establishment of another with Li Hung Chang on the throne. This will be accomplished by the murder or exiling of the present emperor. Li Hung Chang, rendered desperate by the abuse and degradation which has been heaped upon him by the emperor, has concocted the scheme outlined above.

The communication states that he has always had a contempt for the emperor who is the of the tartar race, believing that China should be ruled by Chinese.

Washington: Secretary of State Gresham, in behalf of the United States, and Minister Kurino of Japan, in behalf of his own country, have affixed their signatures to a new treaty of amity and commerce between this country and Japan.

The new treaty is in its recognition of Japan as a civilized country. Previous treaties have assumed that the native courts were so primitive and punishments so brutal that it would not be safe to trust American, British and other foreign citizens to native tribunals, and the foreign consuls were given extra territorial jurisdiction in their great treaty ports of Japan.

Washington: The Chinese have lost the finest and most powerful vessel of their navy—the great battleship Chen Yuen, which stood the heat of the fighting at Yalu. The Chen Yuen in leaving Wei-Hai-Wei harbor accidentally struck a torpedo. She was beached but was rendered useless for lack of docking facilities. In despair at the catastrophe, the commander, Commodore Liu, committed suicide.

CAHAIGRE EXTRACT.—It is to be manufactured on a large scale in the Pecos Valley of New Mexico.

Hide and Leather, the well-known organ of the leather industry in the United States, made the important announcement in a recent issue that a large factory is about to be erected in the Pecos valley of New Mexico for the manufacture of canigre extract.

This extract, which is for most kinds of leather the very best tanning material known, is made from the roots of the canigre plant, which grows in certain portions of the arid region of the United States and northern Mexico, and with special luxuriance under irrigation in the Pecos valley where it grows to a height of 10 or 15 feet. The cost of raising and harvesting is no greater than in the case of potatoes, and the farmers of the Pecos valley are assured of a market for whatever can raise, at 50 cents per ton, when a considerable acreage is being planted at the present time. When it is known that Europe and America consume about 100,000,000 of tanning materials annually, and that several million dollars worth of inferior material is imported from foreign countries, the importance of the industry can be appreciated. Large numbers of farmers will doubtless go to the Pecos valley in the near future to engage in this very profitable business.

HAWAIIAN ROYALTY: TALK REVOLUTION.—Advice from Honolulu says that the government is still slightly in fear of the royalists uprising has been evident in some of the royalists in the suburbs have been doubled, and a close watch has been kept on all suspected persons. MORMONS ARE COLONIZING THE South Sea islands.

80,000 TO 100,000 SLAIN.

The Frightful Slaughter of Armenians by Turkish Choloas. Results From Carnage.

Boston: Further information relative to the massacre of the Armenians near Bitlis, Turkey, has been received by Secretary Gulesian, of the United Friends of Armenia. In the region back of Moosh, 48 villages are said to have been wholly destroyed.

Another report states that from Moosh has been received information of the outbreak of a virulent form of cholera which was killing from 25 to 35 persons daily. It is caused, it is said, by the stench of carnage which has taken place. The number of men slain will reach between 80,000 and 100,000.

The government tried to get the people there to sign a petition to the sovereign, expressing satisfaction with his rule and disclaiming sympathy with the Armenians who have stirred up matters up. The people have refused to sign the address. The massacre occurred in the early part of September. It was the result of an affair between some Kurds and Armenian villagers whom the Kurds had driven from their homes. The Kurds ordered infantry and cavalry to the scene to put down the Armenian rebellion.

Another of Ohio's Favorite Sons Dead.—Gen. Wm. Harvey Gibson, the silver-tongued orator, died at his home at Findlay, Ohio, on his 73rd year. He was a quiet and peace-loving man. His illness, which was of about three months' duration, consisted of a complication of diseases, the foundation of which was chronic diarrhoea, contracted in the army.

Gen. William H. Gibson was born in Jefferson county, Ohio, May 16, 1841. His early education was received in the pioneer days. In a school he learned the rudiments of bookkeeping. He began life a carpenter, but entered upon the study of law in 1863, and was admitted to the bar in 1865. He was a licensed member of the M. E. church, and an ardent anti-slavery worker. In 1868 he was elected treasurer of the state of Ohio. At the opening of the war he was elected to the 4th O. V. L. From Shiloh to Atlanta he was never found wanting when duty called. In the reports of the stock and bonds in which he served he was commended by every superior officer. In January, 1861, President Harrison appointed him postmaster of Tiffin.

Samuel C. Seeley, an assistant bookkeeper in the National Shoe & Leather Bank, New York City, has disappeared with \$354,000 of the bank's funds. Seeley was aided by a confederate, the bank officials are certain.

Another industry has been added to Saginaw's manufacturing institutions in the shape of the American Potato Flour company, which recently burned out at Fostoria, O. THE TALKING WATCH. MOST WONDERFUL INVENTION OF THE DAY.

The Time Piece Has a Photographic Device Which Adds Every Day's Work to the Memory of Your Watch.

MAN HAS INVENTED a speaking watch which will carry on long conversations with you as you actually talk to it.

Discharge of Electric Current. The illustration represents a device adapted for insertion in electric lines.

Two young women, occupying seats in the front row of a balcony in a theater not long ago turned to the persons behind them and said:

De TALMAGE has resigned the pastorate of the Brooklyn Tabernacle and says he will either take another pastorate or go into general evangelizing.

As officer of a New York life insurance company, Mr. Croker is one of the 10,457,491 insurable people there.

It is argued in favor of the new small calibre magazine rifle which is to be used in the United States Army.

There is something foreign about the St. Louis and her sister ship, American.

Along this groove a small needle travels as the watch keeps time, and when the spring is released the needle is made to react upon a magnet.

It is claimed that the treatment of some of the vegetable fibre fibers rendered much more practicable and easier to use.

THE WEATHER. The weather prophets all predict a hard winter, which is probably the right thing to do.

THE EMPLOYER. The employer William has an advantage over other writers of songs because he can compel the military bands to play his songs.

And Is Greatly Loved by the People—Something About Gen. Sheng Sheng.

THE RECENT RETURN from Shanghai has stated that the young emperor of China was so ill.
