Forest Fire in Various Sections of the State Destroy a Great Amount of Valuable Property.—Big Miners Strike at Negaunee and Ishpeming.

Destructive Forest Fires.

Wallin, a lumbering town near Thompsonville, was entirely wiped out by fire. Forest fires were raging over a week. About 20 houses, one store, a hotel, coal-kilns, warehouse and Sullivan Lumber company's saw mill, with about 2,000,000 feet of lumber, were all burned. When a relief train arrived many people were found on the ground with their faces on the moist dirt to prevent choking to death. The fires are still running and the towns of Clary, Morley and Odin-Oden were in great danger. The village of "Father Smoke," an Indian at Bay Shore, was burned, and several farm houses were burned in the clearings north of Petoskey. All trains on the C. & W. M. were stopped. The village of Kings, Huron county, is said to have a great danger. Wires are burned and no particulars could be obtained.

Forest fires which had been burning nearly two weeks along the Mackinac road came within a few miles of Mackinac City when welcome showers quenched them.

Dispatches from Thompsonville and other towns in that vicinity say that rains quenched the forest fires temporarily, when it seemed that Thompsonville and Clary were doomed. An appeal has been issued by the mayor of Thompsonville for assistance for the Wallin sufferers.

Every family is left without bed or anything to wear or eat. The forest fires have done more than all other fires in Michigan. They have given to all the assistance we can, but we are not able to keep them out.

The settlement at Hubbard, Isabella county, was completely surrounded by fire. Hubbard & Dingwall's camp, the saloon and a large amount of crops were destroyed, and the postmaster shipped the postoffice outfit to Midland while the other citizens prepared for a hasty exit by rail if it became imperative.

Rains were most thankfully received along the Mackinac river. In Emmet county the crops were damaged fully \$12,000 and buildings almost as much more before rain fell.

Welcome Rains. The whole state is giving thanks for the rains which broke the drought of nearly two months. The forest fires which threatened death and destruction in every part of the lumbering districts. Reports from all sections tell of the reviving effect of the rain upon corn, potatoes and fruit. It seems to be a general opinion that a fair yield of those mentioned will be secured.

Mackinac Park Commission Organized.

The first meeting of the commission appointed to assume charge of the Mackinac Island state park, was called to order by Gov. Rich, and the following officers were chosen: T. W. Ferry, president; Peter White, vice-president; Editor Wm. Clark of Lansing, secretary; A. L. Stephens, treasurer. George H. Arnold was designated as acting superintendent. It was decided to advance rentals to \$100 for front and \$60 for back lots. Regulations were adopted prohibiting the sale of liquor. Authority to lease the officers' quarters at Mackinac was given a 30-year franchise to operate telephones and an electric light plant.

Michigan Naval Reserves.

The first experience of Michigan's Naval Reserves as really truly "navies" was had at their first annual drill camp at Mackinac Island and on board the United States revenue cutter Michigan. The brigade was quartered in the barracks of the fort at Mackinac Island and was subjected to the usual rules of naval discipline. The drill was thorough and the men were drilled in the use of arms as far as possible with the facilities at their command. They made a very creditable showing and were complimented by the veteran officers of the Michigan.

Upper Peninsula Miners Strike.

The men employed at the mines at Negaunee, with the exception of the Buffalo group, went out on a strike. They demand a general advance in their pay, but as yet the management of the companies has not been disposed to grant it. The management of the Little mine, where the strike started, positively refuse to give it, and say they will close indefinitely. About 750 of the strikers marched to Ishpeming to induce the miners to go out. The management of the mine work was not of a peaceful nature, but their resistance unless they laid down their tools. About 2,000 men are idle.

Triple Drowning Off South Haven.

H. Tittsworth, of South Haven, took his new yacht Artist out for her trial trip in company with the building contractor, J. H. King. When about four miles out a small squall struck and capsized her. The life-saving crew went out immediately and soon after the tug McClure, but the yacht all drowned before the crew could reach them. The boat sank quickly because she had a great amount of ballast which could not be shifted, and being new they had not as yet put in any air cans to buoy her.

Brunson Sent Up for 45 Years.

Wm. Brunson, the murderer of Dr. Pope at Detroit, and who assisted very materially in convicting Mrs. Pope as the instigator, appeared before Judge Chapin in the recorder's court and pleaded guilty of murder in the second degree. He was immediately sentenced to Jackson prison for 25 years at hard labor.

Escanaba is talking municipal ownership of the electric light plant.

George Silver, a deaf mute about 40 years of age, residing in Galien, was killed on the C. & G. T. tracks near Flint.

State Tax Lands Open for Homesteads.

The several thousand acres of land in Michigan which have been returned delinquent for three successive years, and which, under the act to promote conveyance by the auditor-general to the commissioner of the state land office, are subject to homestead entry only, and not to sale, is quite generally supposed throughout the state. The purpose of the act is to promote the settlement of the thousands of acres of lands that have been cleared of timber and abandoned by the owners. Undoubtedly much of these are goods agricultural lands, and the easy terms upon which they are offered will doubtless induce many settlers to make a home upon them.

IMPORTANT NEWS.

INTERESTING CHRONICLE OF GENERAL NEWS MATTERS.

One Death and Nearly 800 Persons Badly Injured by a Floor Giving Way at Atlantic City.—Christian Endeavorers' Big Convention at Boston.

Serious Accident at Elks Convention.

The convention of the Benevolent Protective Order of Elks at Atlantic City, N. J., was marked by two important occurrences—an accident in which nearly 800 people were injured and one man killed, and the routing of the two factions of Elks.

The accident was the falling of the second floor of the Casino in which a social session was held. A few of the guests gathered escaped, but the majority went crashing down with the heavy timber and furniture. The electric lights were all cut off and darkness added to the horror. Fred Klapproth, of Camden, N. J. was killed. Among the seriously injured were Miss Greening, of Detroit; C. M. Cook, of Minneapolis; Byron W. Orr, of Chicago; W. E. Appleby, of Liverpool, O.; Mrs. Coulton, of Pittsburg; Wm. Baxter, of Lima, O. Upwards of 100 others are injured.

At a meeting of the grand lodge, held previous to the social session, Messrs. D. Wetliker, of the Jamestown, and the grand master toward renouncing the Elks. There was enthusiastic cheering when he ascended the stage, shook hands with Grand Exalted Ruler Hay and addressed him by that title.

Officers elected: Grand Exalted Ruler, Wm. G. Meyers, of Philadelphia; grand secretary, George T. Reynolds, of Hartford, Conn.; grand esteemed loyal knight, B. M. Allen, of Birmingham, Ala.; grand esteemed lecturing knight, W. H. McDermick, of Columbus, Miss.; grand treasurer, Geo. Williams, of Brooklyn, N. Y.; grand secretary, George T. Reynolds, of Saginaw, Mich.; grand tyler, Geo. W. June, of Indiana.

Deadly Cyclones in the East.

A terrific storm swept over the vicinity of Hackensack, N. J., doing great damage. At Cherry Hill, a small village, it developed cyclonic fury, attended by a demolition of the village and three deaths. In addition to the wreck in Cherry Hill, almost every house along the coast, from the lower plains district, and from there traveled to Woodhaven. One life was lost, a woman who was struck by a flying beam, and the damage to property was great. A number of people were badly hurt.

The first cyclone in many years in New York City resulted fatally in one instance, besides wrecking a large amount of valuable property. The cyclone descended upon the upper part of East New York, known as Cypress Hills, continued on its way to the lower plains district, and from there traveled to Woodhaven. One life was lost, a woman who was struck by a flying beam, and the damage to property was great. A number of people were badly hurt.

Christian Endeavorers at Boston.

The fourteenth annual convention of the Young People's Society of Christian Endeavor which was held at Boston and was attended by 50,000 young people was preceded by the holding of a series of meetings on important questions, the first being the offer of H. H. Kohlhaas, of the Chicago Times-Herald, of \$5,000 a year for three years toward the expenses of the society's headquarters, provided they were removed from Boston to Chicago. The offer was declined. Plans were promulgated to expand the society into a world's organization.

The formal opening of the convention was a most enthusiastic meeting. The greetings received by the founder and president of the society, Francis E. Clark, and by Gov. Greenhalge were truly tremendous. Secretary Baer reported 7,750 new societies the past year, making a total of 41,239, covering every country of the world save Russia, Italy, Greece, Sweden and Iceland. The society has a total membership of 2,473,740.

Young Girl Poisoned Her Sister's Parents.

Fleming Saver and wife of Uniontown, Ind., had an adopted daughter, Dollie Beknap, aged 14. The couple were 60 years of age and well off. Dollie had been keeping company with Hays Robins, the son of one of the wealthiest farmers of that section. Mr. and Mrs. Saver were taken ill and it was found that poison had been placed in the coffee. Dollie confessed upon the advice of her lover, she had poisoned the old folks so that she could inherit their property. Mr. Saver is dead and his wife cannot recover.

John Sherman too Old for President.

Senator John Sherman, of Massachusetts, when asked his views on presidential politics said he was not a candidate and added: "If all the people of the United States should join together and offer it to me I would not accept the position. I am too old. No man of 72 has the right to undertake the work and responsibility which comes to the chief executive of the United States. It is a position of wear and tear and it should have a younger man."

Ohio Corporations Tax Law Stands.

Judges Lorton and Taft at Cincinnati, held the Nichols state law valid and sustained the state officials in the assessment for taxes made under the Nichols law on telegraph, telephone and express companies. This law has been contested in the state and lower courts and is now settled by this decision of the U. S. court of appeals. It involves large assessments from the companies of Ohio.

NEWS ITEMS CONDENSED.

The principal glass manufacturers west of Pittsburg met at Anderson, Ind., and formed a combine to raise prices 25 to 40 per cent.

A horse afflicted with the glanders was found running loose in Kalamazoo and was killed after several other horses had been exposed to the disease.

Officer Regan, of Chicago, was called to arrest Harry Burkholtz, who had become insane. The madman fought so fiercely that the officer had to beat him to death to save himself.

Horr-Harvey 10 Days' Debate.

Probably one of the most remarkable contests which has occurred in years was the ten days' debate at the Illinois club, Chicago, between Hon. Roswell G. Horr, the witty ex-congressman from Michigan, now a resident of New York, and William H. Harvey, the sharp Colorado newspaper man, now a citizen of Chicago, upon the silver question. There was an interested audience which had been invited when the debate began. The judges were ex-solicitor-general of the United States Charles Aldrich and Henry Miller. Mr. Horr spoke first defining his position as being in favor of the use of both gold and silver to the fullest extent possible on sound business principles, but he was opposed to a 16 to 1 ratio and to every four proposed and principle set forth by Mr. Harvey in his book "Coin's Financial School." Mr. Harvey explained his position as being prepared to defend the facts and principles in "Coin's Financial School." After these preliminary remarks Mr. Horr opened the debate proper.

CUBAN WAR NEWS.

Reports of Encounters Which Favor the Spaniards.—Ship Load of Arms Seized.

Dispatches from the scene of war in Cuba are so conflicting. It only seems reasonable that the Spaniards having control of most of the news sources should color information to suit themselves. Here are some of the latest dispatches:

Havana: Gen. Navarro engaged the insurgents near Cojate and routed them with slight loss. The coffee plantations of Nuevo Songo and Magdalena have been burned by the insurgents. At Invista Hermosa 500 insurgents attacked Maj. Arminia with 100 men and after an hour's fighting were forced to retire with a loss of 82 killed, four wounded. The Spaniards lost four killed and nine wounded.

New York: A special from Havana says everybody knows that some great battle have been fought lately somewhere on the island. The particulars where on the island are kept from the public. There are rumors that a Spanish column of over 1,000 men, presumably commanded by Gen. Suarez Valdes, was defeated by a force of insurgents near the border between Matanzas and Sancti Spiritus province. Gen. Suarez Valdes is reported to have been either wounded or taken prisoner. There has been severe fighting also between the towns of Siboney, Casimiro and Guaimaro. All three towns were burned to the ground by the insurgents

A young lady at a box party one night defined a chaperon as "one who got out of the way whenever there was a chap around."

The Washington newspapers announced that the capture of the assassin of all kinds of wickedness. Congress cannot be blamed for it this time.

Notwithstanding the evident desire of both parties to handle the liquor question carefully, the rush for drinks at the candidate's expense continues.

On one occasion, two summers ago, she had a list written, and given to the lodgekeeper at Newport of the people who were to be admitted and those who were not.

The Spanish authorities in Cuba continue to affirm that the insurrection is practically crushed, and at the same time to send vehement appeals to Madrid for more men and money.

It is hopeless to expect anything like accurate details of military movements in Cuba, as neither party is scrupulous about telling the exact truth; but measured solely by the efforts which are made to suppress the insurrection, it is not probable that the insurrection is far from being a success.

A small innocent-looking affair weighing but forty-five pounds, bids fair to revolutionize modern methods of war. Its muzzles can be moved out by the lever in all directions, and it will fire 600 bullets a minute, sending them through forty inches of iron.

It is an army of 40,000 men equipped with this death-dealing terror would be equal in an army of 1,000,000 men with the present weapons.

Lady Churchill's achievements in English politics first attracted the energy of American women abroad. Now Miss Mary Lister and Miss Jane Chambrlain, who were, as we have said, an exhibition of their political genius.

Politics in Great Britain and the United States are entirely alike. It is likely that the young ladies could not be tempted to electioneer on the American plan, and at the same time to destroy the excess of calcium peroxide. The filtered water is perfectly limpid, and is entirely free from organic and other impurities.

The simplicity of the method is greatly in its favor. An Electric Mill Co. It is stated that an inventive genius of Iowa, Mr. H., has invented an electric motor capable of attaining a speed of two hundred miles an hour.

IS A TRUE REFORMER

MRS. CHARLES H. PARKHURST AN EARNEST WORKER. To her husband in New York she was the inspiring Angel of the Great Work.

It is pretty certain that when a man shows the work and gains the position occupied by Dr. Charles H. Parkhurst, there is a woman in the case who is something of a power behind the throne.
