## \$51,500 FIRE AT DETROIT.

Detroit Journal Again Destroyed  
by Fire.

### ORIGIN OF THE FIRE UNKNOWN

But May Have Been Caused by Faulty  
Electric Wiring—The Paper Will be  
Issued the Same as Usual—Dewey  
Cannon Unvailed at Three Oaks.

**\$51,500 Fire in Detroit.**  
The Detroit Journal building, at the corner of West Fort and Wayne streets, Detroit, the home of the Journal, was visited by fire about 8 o'clock on the morning of the 1st, and the upper portions of the structure were completely gutted before the blaze was extinguished. The total loss is estimated at \$51,500, which is covered by insurance. The origin of the fire is unknown. It is thought that faulty electric wiring may have been the cause. The Journal's mechanical plant and office fixtures are estimated to be worth about \$12,000. It is thought the loss to these will be about \$3,000, fully covered by insurance. The Avery estate, which owns the building, suffers a loss of about 5,000, also covered by insurance. The Wolverine Printing Co. occupied a portion of the lower floor, and its stock was damaged by smoke and water to the extent of \$5,000, covered by insurance. The Detroit Photo Engraving Co. in the basement, sustaining a loss of about \$1,500, which was only insured to the extent of \$1,000. Through the courtesy of the other daily papers in the city the Journal will be issued as usual.

**Flood at Grand Rapids.**  
The city reservoir at Grand Rapids broke at 5 o'clock on the morning of the 2d and flooded an area peopled by 9,000 persons in the northeastern section of the town. The loss to property will reach hundreds of thousands of dollars. Homes were swept from their foundations and carried away by the flood, and then crushed like so much paper. Streets were torn up to a depth of 40 feet. Water mains were broken, and streams 100 feet high poured into the air, and the hill district is panic-stricken. The district swept by the flood is occupied by workingmen, many owning little homes, and the loss to them means the sweeping away of the savings of a lifetime. The greatest danger has passed, as the reservoir is now empty, but a district covering 12 blocks is pretty thoroughly devastated. Fortunately no lives were lost, and only one fatality of any importance occurred.

**Dewey Cannon Unvailed at Three Oaks.**  
The unvailing of the Dewey cannon took place at Three Oaks on the 25th with great eclat. The principal part was performed by Miss Helen Condit, Hon. R. A. Alger, U. S. Senator, and the welcoming address. The greetings were offered by J. K. Warren, president of the village. The reception committee consisted of E. K. Warren, J. L. McKie, Mrs. T. A. Davis, Mrs. E. K. Warren and Miss W. C. This committee greeted Miss Condit at the arrival of the train at the depot. The cannon was unvailed at 1 o'clock, which was received by the guests of honor, Miss Condit and her party. Admiral Dewey was unable to be present, as previously planned, owing to pressing business engagements.

**Game Warden's Report for June.**  
State Game Warden Morse reports to the secretary of state that during the month of June he caused 56 arrests for violations of the fish and game laws, all but one of the arrests being for violations of the laws regulating fishing. These arrests resulted in 15 convictions and 4 acquittals. Two cases were dismissed and two are pending. Fines and costs collected amounted to \$487.40. There were 18 seizures of fish nets of unlawful size, and the value of property condemned was \$288.56. The warden and his deputies investigated 147 complaints of violations of the fish laws.

**For Good Roads.**  
E. S. Harrington, Government road engineer for the Grand Traverse county, is in the city on the 27th, attending the session of the good roads congress in Port Huron. It is to be an interest in the improvement of public roads and to discuss the various means for securing the same. A portion of the road will be constructed during the congress in this city on July 2, 3, 4 and 5. The event will be one of the special features of the L. A. W. festival.

**Half Storm in Grand Traverse County.**  
One of the worst half storms ever known in northern Michigan took place on the night of the 27th, extending over a portion of Leelanau county, across Grand Traverse bay and over Grand Traverse county to Elk lake. The damage to grain, fruit and all growing crops was very large. Everywhere in the path of the storm, farm-house windows were shattered and the loss will aggregate thousands of dollars.

Brighton's population has decreased 43 since the last census. Several barns in Grand Traverse county were destroyed by fire on the 27th, being touched off by electrical fluid. The razor trade at Cheboygan has taken on a boom, the local barbers having raised the price of shaves 50 per cent. The Barber & Asphalt Paving Co.'s plant in Detroit was damaged to the extent of \$5,000 by fire on the morning of the 2d. Wayne county farmers are gathering their best crop of hay in years. Corn is in poor condition and wheat will be a total failure.

**Death by Fire and Water.**  
The North German Lloyd Steamship company estimates the loss of life by the fire in New York harbor, on the 1st, at 200. The company took the crew lists, checked off those members who are in hospitals or reported safe and believes the others to be lost. Among the dead are a number of officers. The body of Capt. Mirrow, of the Saale, has been found, burned so as to be unrecognizable. Fortunately the number of visitors on the pier and boats was unusually small, because no steamer was due to sail except the Saale, and she only for Boston where she was to have taken on a load of Christian Endeavorers bound for the convention in London. No passenger was lost on any of the boats. A number of Christian Endeavorers were visiting the Saale, drawn by the interests taken in the boat because of her charity work. Some of the visitors are reported lost. The German consul-general called to Berlin phoning the death list at 200. The property loss is estimated at \$10,000,000.

## CHINA WAR NEWS.

After 48 hours' consideration, and  
probably after consulting the President  
at Canton by wire, the cabinet officers  
at Washington on the 2d decided not  
to ratify the agreement of nine articles  
providing for the neutralization of  
Shanghai and the southern treaty ports  
submitted by Minister Wu. There  
were some things in the agreement  
which the government felt that it  
could not accept. Such, for instance,  
was the absolute proposal to be ex-  
tended to any outrages that might  
occur in the treaty ports.

Seymour's expedition has been re-  
lieved having failed to connect with  
Bekin. There is no news from Pekin  
at this date, June 28. Russian Col.  
Schelle, commanding the combined  
forces of 10,000 men, is supposed to be  
proceeding to Pekin. Seymour's ex-  
pedition is returning to Tien Tsin.  
His force has suffered greatly. It is  
estimated that from 10,000 to 50,000  
Chinese troops are now before Pekin.  
Boxers from all sections are swarming  
there.

The foreign force now in China is as  
follows: Germany has 41 officers and  
1,300 men; Great Britain 181 officers  
and 1,700 men; Austria 12 officers  
and 320 men; France 17 officers and 287 men;  
Italy 7 officers and 131 men; Japan  
119 officers and 3,700 men; and Russia  
117 officers and 5,417 men, with a total  
of 33 field guns and 36 machine guns.

A river boat, which arrived at Wu  
Chow on the 28th, reports that it was  
detained for 24 hours at Wu Chow Fu  
by order of the British consul, in order  
to afford protection for foreigners un-  
til the gunboat Robin arrived. It was  
added that anti-foreign placards had  
been posted at Wu Chow Fu, saying  
the time had now arrived for the mas-  
sacre of foreigners.

The British consulate at Che Foo  
telegraphs that Baron von Ketteler,  
German minister at Pekin, who re-  
cently married a Miss Leyland, of  
Detroit, was murdered by native troops  
June 18. Three legations—it is not  
stated which—were still undestroyed  
June 23.

It is reported at Shanghai that the  
U. S. battleship Oregon is ashore  
on the island of Hoo Kie, in the Miao  
Tung group, 50 miles north of the Foo,  
and that a steamer of the Indo-China  
Steam Navigation Co. has gone to her  
assistance.

The department at Washington was  
advised on the 29th that Admiral Remy  
on the Brooklyn had arrived at Hong  
Kong en route to Taku.

It is officially announced that Rus-  
sian Vice Admiral Alexieff will take  
command of the allied forces in the  
north of China.

The government of Queensland has  
offered the British admiralty a gun-  
boat for service in Chinese waters.

**WAR NOTES.**  
At no time since the American ex-  
pedition to Cuba has Havana shown such  
scenes of enthusiasm as were witnessed  
on the 1st of June, the occasion of the  
arrival of the U. S. battleship Oregon.  
The first Cuban elected mayor,  
Don Juan Gual, was elected mayor.  
Four persons lost their lives through  
the heat and fire were prostrated with  
on the streets or at work in Chicago on  
the 27th.

All the union coalminers in Alabama  
about 10,000 in number, quit work on  
the 2d, pending the settlement of the  
wage dispute.
