Bells of Conditions in China.

David Starr Jordan Writes from Shigua, Japan.

The invasion of Manchuria by the Japanese army is a tragedy of the first magnitude. It is a tragedy not only because of the loss of territory and resources, but because of the loss of the honor and independence of a great nation. The Chinese people are being treated as inferiors, and their lives and property are being destroyed. The Japanese are not only occupying the territory, but they are also trying to control the minds of the Chinese people. They are trying to make the Chinese people believe that they are the superior race, and that they have the right to rule over the Chinese people. This is a terrible situation, and it is one that we must all be concerned about.

MANCHESTER ENTERPRISE

SUMMER SIGHS

Breathed Audibly to Our Readers.

The weather continues hot. Stormy weeks are on the market. The summer vacation is drawing to a close. Some of our citizens are suffering from hay fever. What do you think about our having water-works? The council tabled the electric light bill last night. There are only two weeks more of school vacation. Street Commissioner Tramb is repairing the cross-walks. The council has ordered 300 feet of hose for the fire engine.

OUR NEIGHBORS.

SHARON. Wm. Hall repeated his residence. Ashley Parks and Chas. Clark were in Jackson last Thursday. Prof. Sam'l Osborn is preparing for a sailing trip to Portugal lake. Mr. Hooper and sister, of Battle Creek, are visiting their uncle, John Jones. The report that his destroyed corn in the Leelanau district, Saturday, is untrue. Mr. Lehman lost several sheep by lightning last Saturday. They were under a tree in the field when the tree was struck. Mrs. Estelle Fellows gave a party in honor of her granddaughter, Janet Parmeter, last Thursday afternoon from 3 until 6. The bill was presented to the council last night, but was not allowed. They had that the parties that owned the horse should pay it.

IRON CREEK.

Mr. J. R. Holmes is on the sick list. Mr. & Mrs. Dudley Withers spent Sunday in Brooklyn. Mr. & Mrs. Chas. E. Eddy visited at Napoleon the past week. Chas. M. Kirk of Toledo, is visiting friends here for a few days. A. A. Strigham had a yield of 44 bushels of corn from 7 1/2 acres. Col. & Mrs. E. D. Fenn of Bridgewater visited Mr. & Mrs. Thos. Holmes Monday. Mrs. Libbie Curtis and niece, Miss Lucy Curtis of Litchfield, are visiting relatives here. Dr. & Mrs. John Foley and children of Chicago are the guests of Mrs. James Egan this week.

FREEDOM.

Henry Berke and family spent Sunday in Chicago. Mr. & Mrs. Fred Vogel spent part of last week in Lansing. Gust Breitenwischer and Charlie Walls were in Detroit, Sunday. Miss Kate Stabler of Ann Arbor, spent last week at Fred Vogel's. Geo. Nordman and family of Lima, visited at Paul Krow's Sunday. Adolph Reinhold of Saginaw, is spending a three-week vacation here. Mr. & Mrs. E. D. Fenn of Bridgewater, are spending the week with Mrs. Sarah Koebbe. Ber. C. H. Rose and family of Detroit, are spending a few weeks with old friends here. H. Himes and nephew, of Milwaukee, Wis., are guests of his daughter, Mr. Albert Breitenwischer, of Jackson, and daughter, Mrs. A. Northway of Cincinnati, Ohio, are spending the week with relatives here. Miss Helen and Carrie Kirchoff of Manchester, and Anna Breitenwischer of Saginaw, spent Sunday with Miss Amelia Krow.

WAMPLERS LAKE.

Joe Miers is threatening with the Uptide bore. Ort. Kelly's child was very sick last week, but is better at this writing. Miss Jennie Miers returned home from her visit with Franklin friends, the first part of the week. Mr. & Mrs. A. T. Pitt returned Mrs. Ethel and children, of Toledo, the latter part of last week. E. D. Mann of Brooklyn, was at his farm here Monday, on business regarding the shucking of his grain. Homer Horton of Detroit, is here with his parents, Mr. & Mrs. J. H. Horton, for a time, on his morning, for a time, on his morning, for a time, on his morning.

For a Good Wheat Crop.

Prof. C. L. Smith of the Agricultural College, advised the farmers and stock raisers in their efforts to raise wheat in this state. The Heaton fly promises to get a fair start this fall, although the parasite which prey upon it, has been reported as becoming common. These parasites are small flies which lay eggs in the flattened stage of the Heaton fly. We are not prepared to make any prophecy as to how greatly the Heaton fly will be checked this season, although with the intelligent aid of wheat growers they will be able to make a good crop possible. Give the ground as early as possible, leaving down the volunteer wheat and cutting early a good seed bed. Row a narrow strip of wheat early to allow the insects to lay eggs. In the fall, and plow this strip under when about ready to sow, doing the job thoroughly. Sow wheat a little later in the season than common, say not far from September 20 in this latitude, so as to get the wheat in a good strong start. Get all the farmers in a given neighborhood to adopt the method, so as to get the average yield in the fall, if the neighbors do not lay the work he will have to do it himself in the spring. Advise against the sowing of rye for fall, as the average yield is less than wheat. Farmers should sow their usual acreage of wheat this fall, because the price of wheat this fall, beyond all reasonable doubt, will be better than it probably will be as bad again for several years, although this will depend somewhat upon intelligent practice on the part of farmers, and because the sowing of rye is a waste of money. It is to be changed, and wheat is peculiarly a Michigan money maker.

W. W. BAKER'S ANN ARBOR

W. W. Baker of Ann Arbor is in town yesterday looking up his friends who will attend the Democratic Congressional convention at Wyandotte next Monday. He would like to look hours with Hank Smith and see which is the better man.

W. W. BAKER'S ANN ARBOR

We learn that Olive chapter O. E. S. of Chelsea, has invited Manchester chapter to visit them and fellowship the work on the evening of the 29th. It is likely that a change of date will be asked for as several of the members would like to attend the picnic at the shore on the evening of the 29th. It is likely that a change of date will be asked for as several of the members would like to attend the picnic at the shore on the evening of the 29th.

W. W. BAKER'S ANN ARBOR

Mr. & Mrs. W. B. Culler have returned from Clark's lake, where they have been visiting for five weeks. Wm. Shurt and friend, Mr. Chas. of Detroit, are visiting the former's uncle, James Shurt, east of town. Geo. Green got to Abion next Monday to begin work for the Gale Co. He doesn't know what territory he will work. Miss Esther Patten, missionary to Tullis, has been granted one month more time to visit here, and will not go back until October. G. W. Green's store was thronged with people on Saturday night, to see the night-blooming cereus, which put forth six large blossoms. The plant is six years old and will last several years. One of our young men who had been sleeping at Clark's lake, broke camp Monday and returned home. It is needless to mention they enjoyed a much-needed rest and they (they?) of catching one fish. One Tuesday evening last week, the bank show was entered through the Kink's shop and \$65 in money taken. Deputy Sheriff Stuber was notified Friday morning and he soon had two young men from Norvell arrested and placed in jail. The money was found in their possession. Bank school meeting notice at the ENTERPRISE office. Japanese Nephews for pions, luncheon, for sale at this office. Pay corporation taxes now. A. JAZZER, Treasurer. Wanted—Compulsory bill to do house work. Enquire at ENTERPRISE office. Yours truly F. STEINKOHL.

Germany's Most Problem.

Germany's most problem is the question of the future of the German colonies. The German government is in a difficult position, as it has to deal with the demands of the colonies and the interests of the German people. The colonies are a source of wealth and power for Germany, but they are also a source of conflict and tension. The German government must find a way to balance the interests of the colonies and the German people, or it will face a serious crisis.

The German government must find a way to balance the interests of the colonies and the German people, or it will face a serious crisis.

Germany's Most Problem.

Germany's most problem is the question of the future of the German colonies. The German government is in a difficult position, as it has to deal with the demands of the colonies and the interests of the German people. The colonies are a source of wealth and power for Germany, but they are also a source of conflict and tension. The German government must find a way to balance the interests of the colonies and the German people, or it will face a serious crisis.
