Riot Raged on Detroit's Streets.

Riot reignited for a time in the streets
of Detroit on the night of the 10th,

and a score of persons bore upon their
bodies the following morning painful

reminders of the mob's doings. Five

police men more or less badly injured

by cobble-stones and bricks-and more

than a dozen civilians crushed beneath

the hoofs of the mounted police and

otherwise injured are the result

of the madness that seized upon

12,000 people, exasperated by the at-

tempts of the police department to

clear the Campus Martius of the con-

gregators and crowd-catchers that have

obstructed this public square so many

times by night. Not since the celebra-

ted street car riots of the early '90's

has anything like the frenzied scene

been witnessed in any city in Michi-

gan. Thousands of men gathered from

all sections of the city in anticipation

of trouble, and assembled upon the

Campus while it was yet daylight. It

was after 10 o'clock when the 200 po-

licemen called out succeeded in dis-

persing them, and the streets were

once again free. The trouble was the

outcome of the persistence of Tom

Rawden, the single taxer, arguing his

theory and congregating a crowd on

one of Detroit's principal thorough-

fares, night after night.

SMALLPOX IS EPIDEMIC

Among Indians of the Western
Reservation

bians, the Outcome of a Street Railway
Strike-Other Items.

Smallpox Epidemic Among Indians.

Reports reaching the interior de-

partment show that smallpox is wide-

spread among the Indians of the west-

ern reservations. A report on the 13th

from the Cheyenne river, Sioux agency

in South Dakota says smallpox is pre-

valent throughout that reservation and

that many deaths have occurred. Out

of 23 persons quarantined near Pierre,

S. D., there has been 1 death and 16

persons are affected. Smallpox is

aging in the vicinity of the Yankton

agency, S. D., among the white popu-

lation. At some of the up-river agen-

cies numerous deaths have occurred.

At Yankton 10 extra policemen have

been sworn in as an emergency mea-

sure.

Killed Her Father and Herself.

Gustave Baare, aged 30 years, bailiff

of the St. Louis, Mo., school board, and

an ex-representative in the legislature,

was shot and killed at his home on

the night of the 7th by his daughter,

Ida N. Baare, aged 20, who then turned

the revolver upon herself inflicting a

wound from which she soon died.

Both were shot through the head. The

action of the young woman was pre-

meditated as was shown by the letter

which she left. In it she said the fre-

CUBA AND PHILIPPINE NEWS.

The commission of the constitutional

convention which returned to Havana

from Washington, May 5, presented to

the convention on the 7th, at the lat-

ter's secret session, an extensive re-

port of the conferences with President

McKinley and Secretary Root. In re-

ference to the third clause of the amend-

ment the report stated that the U. S.

would not intervene unless Cuba were

attacked by a foreign power or unless

there existed in Cuba a condition of af-

airs similar to that which existed un-

der Spain at the time of American in-

tervention. Regarding coaling sta-

tions, the report set forth that the

places so desired by the U. S. were

Capes Mais and San Antonio, and an-

other point commanding the entrance

to the Gulf of Mexico; these would be

definitely determined upon when draw-

ing up the treaty and that the object

of these stations would be the main-

tenance of the independence of Cuba

as well as the protection of the U. S.

The report also said that the U. S.

would in no way interfere in the local

government and that President Mc-

Kinley had promised to appoint a com-

mission to meet a Cuban commission

to discuss the economic question, and

draw up a commercial treaty as soon

as the republic is established. The

representatives announced that Sec-

retary Root had said there was nothing

in the Platt amendment to prevent

BIG FIRE NEAR DETROIT.

Nearly a Half Million Dollars Worth of
Property Destroyed.

Upwards of 50,000 telegraph poles,

two sawmills, a salt block, a dredge,

a tug and many thousand feet of lum-

ber were burned in a fire that started

shortly before 2 o'clock on the after-

noon of the 12th in Salliotte & Fur-

guson's sawmill at River Rouge, caus-

ing a loss of at least \$325,000, divided

among the several firms as follows: Western

Union Telegraph Co., \$150,000; Salliotte

& Furguson, \$14,800; John Brownlee &

Co., \$43,500; Carlin, Stickney & Cram,

\$50,000; Maltby Lumber Co., \$12,000;

John Mason, salt well tools, \$1,000.

Fanned by the furious westerly gale

the fire blew fully 30 miles an hour at

times, the fire was soon out of the con-

trol of the village firemen and was

licking up the mills and lumber piles

hundreds of yards away. It swept

over huge piles of lumber almost as

fast as an eye could follow it, and in

less than an hour had eaten its way

from the place where it started to a

point fully a half mile distant, where

eight acres of land were piled high

with cedar poles belonging to the

Western Union Telegraph Co.

The fire is supposed to have been

caused by a spark from the smoke-

stack of Salliotte & Furguson's salt

block, which is immediately west of

the sawmill. Fortunately no fatali-

ties occurred.

CHINA WAR NEWS.

Russia's efforts to facilitate the ne-

negotiations respecting China, and to

hasten the withdrawal of foreign

troops from the Celestial empire, is

the subject of an official note, a copy

of which has just been received in

Washington. It contains the first

complete official statement of the

course of the Russian government that

has been made. The statement of

Russia's policy was made simultane-

ously with her official declaration that

while maintaining the present tem-

porary situation in Manchuria in order

to preserve peace, the imperial govern-

ment is content aimly to await events.

It declares virtually in view the fact that

in sending her troops into China no hos-

tile intent was entertained toward

China; on the contrary, their presence

was for the purpose of rendering effec-

tive aid to the government of China

in its struggle against the insurgents.

The report of Gen. Ketteler, received

at Pekin from Kuo Lu, differs from the

other reports concerning the German

French expedition previously received.

Gen. Ketteler's report shows that the

Chinese troops did not leave the prov-

ince till they were forced to do so. The

entire brigade commanded by Gen.

Ketteler, met the enemy on April 23

and inflicted immense loss. The re-

port does not give the loss. The Ger-

Owing to American sanitary work, there was not a single case of yellow fever in Havana at the beginning of April. This had not happened before in the city's history.

TERROR TO BANDITS

In the secret service department of the Union Pacific railroad there is employed a man who has been the victim of wicked Deadwood, S. D. did more to break up the habits of that region than any other individual, and he has achieved fame as a man hunter, scout and detective.

It is the combined and almost unlimited capital and the presence of men like Vanderbilt, William H. Vanderbilt, Henry Seligman, Oakleigh Thorne, James Speyer, Charles Steeles of J.
