ominion's New S4 Bill a Masterpiec

of Engravor's Skill The new \$4 bill issued by the Dominion of Canada promises to become popular, for artistically it is a masterpiece of the engraver's skill. On its face it bears a flattering picture of the lock on the canal at Sault Ste. Marie. an engineering work purely American. This vignette is regarded as a delicate compliment to the United States. A Canadian paper, commenting on the rircumstance, asks: "Who would travel by the Canadian canal after the Canadian government gave such a certificate as to the super; ority of the American lock? It is true, our own canal is a grand work, one of the wonedrs of engineering science, but the government fancies the one on the other side of the river more. As these \$4 notes pass from hand to hand the wistful gaze of those who part with them will rest on the American lock-the gateway through which the government would direct their travels. Since they came into office the Canadian ministers have tried to forget their old disparaging language about our canals, and have lately spoken very favorably of these. But money talks, A picture of our Sault canal or of some other great Canadian work or scene should occupy the place given up to the American canal. This foreign canal lock depicted on our \$4 bill is a humiliation to us. That picture is a record of blundering or something worse that will never be forgotten. Specimens of these \$4 bills will be preserved whereever there is a collection of monetary curiosities. The people of Sault Ste. Marie are deeply offended at the gove ernment for its selection of the American canal as the object most worthy of depiction.'

Rockbridge, Mo., June 24th:-The neighborhood and particularly the members of Rockbridge Lodge, No. 435. A. F. & A. M., are feeling very much pleased over the recovery of Mr. Ambrose McKay, a prominent citizen and an honored member of the Masonic Fraternity.

Mr. McKay had been suffering for. years with Diabetes and Rheumat sm, which recently threatened to end his days. His limbs were so filled with pain that he could not sleep. He was

very bad. Just then, someone suggested a new remedy-Dodds Kidney Pills-which has been much advertised recently, as a cure for Bright's Disease. Diabetes. Dropsy, Rheumatism and Kidney

After Mr. McKay had used a few doses he commenced to improve. His pain all left him; and he is almost as well as ever. He says Dodd's Kidney Pills are worth much more than th y cost. They are certainly getting a great reputation in Missouri, and many very startling cures are being reported.

Causes bilious head-ache, back-ache and all kinds of body aches. Spring is here and you want to get this bile poison out of your system, easily, naturally and gently. CASCARETS are just what you want; they never grip or gripe, but will work gently while you sleep. Some people think the more violent the griping the better the cure. Be careful—take care of your bowels—salts and pill poisons leave them weak, and even less able to keep up regular movements than be-fore. The only safe, gentle cleaner for the bowels are sweet, fragrant CASCARETS. They don't force out the foecal matter with violence,

but act as a tonic on the whole 30 feet of bowel wall, strengthen the muscles and restore healthy, natural action—buy them and try them. You will find in an entirely natural way your bowels will be promptly and permanently put in good order for the Spring and Summer work.
