Shaving, Shampooing, Haircutting, etc., in first-class bath.

ALBERT M. KIESLER.
CENTRAL MEAT MARKET.
Home Sausage Maker. Fresh Salt and Cured Meats, Whiskies and Berrill. ICE FOR PRIVATE FAMILIES.

THE NEWS OF MICHIGAN.

Hillsdale County Will Be 'Well.'
Because they neglected to make sure they were right before they went ahead, the temperance people of Hillsdale county are up against it. They were desirous of having the local option proposition submitted to the voters at the spring election, and circulated petitions on the matter, finding that they had equal number to one-third of the vote-poll by the successful candidate for governor at the last election was required. When this number was reached, they stopped canvassing, only to find when it was too late that the number of signatures required is one-third of the total vote for all candidates for governor. Consequently, the people of Hillsdale county will be able to take their drinks in saloons instead of drug stores for another year at least.

She Got Seven Years.
"Dr. California Smith, of Grand Rapids, who was convicted of manslaughter, was sentenced to seven years in the Detroit House of Correction. Before sentence was passed she exclaimed: "Before God and man, I am an innocent woman! I am at the mercy of this court, an innocent woman!" Judge Newnam replied that he was sorry he could not believe her, and after scoring her severely on her career and practice while she was in South Dakota, but with headquarters at Chicago, and her age and gray hair, said the judge, was his only excuse for demerency.

Dr. Griswold Convicted.
Dr. Roy W. Griswold, of Bay City, the doctor whom E. T. Bennett engaged to attend Agnes Eberstein in a local hotel, the girl dying after treatment was found guilty of manslaughter. Dr. Griswold, who was previously convicted, is now in Jackson state prison to serve out a sentence of seven years. Agnes Eberstein was a comely Battle Creek girl whom Bennett had entertained in Detroit, Bay City and elsewhere. She came to Bay City when she fell ill, and Dr. Griswold's efforts were made in vain, from which the girl died. She was given either by herself or before she came to Bay City.

State Appropriations.
The various state institutions are preparing to ask the legislature for appropriations amounting to \$1,500,000. The largest single item being the estimate of \$200,000 for the state university. Unless the legislature can find some additional sources of revenue for state purposes, it is secured, the tax levy for the year 1903 will likely exceed \$100.2. But with the governor, the lieutenant governor and others urging economy, the appropriations asked for are likely to be scaled down.

Must Pay the Fee.
The Sanitary Food Co. is a concern holding a charter under the laws of South Dakota, but with headquarters and a factory at Benton Harbor. It is capitalized at \$300,000, but tried to file its articles with Secretary of State Warner at Lansing, and pay its franchise fee on but \$50,000, claiming that it should pay only on the actual property it owned in this state. Secretary Warner has a different view of the matter, however, and the company will have to pay a franchise fee on its entire capitalization of \$300,000. It wants to do business in Michigan.

Down a Coal shaft.
Anthony Leymanski, living in Bay City, and employed at Salzgubing mine, stepped into the mouth of an open shaft and went to the bottom, a distance of 110 feet, striking on the top of an iron hoist. Death was instantaneous, nearly every bone in his body being broken. His son came within a few feet of meeting the same fate. The man was bent back by a companion.

Leymanski, senior, was married and leaves two sons and two daughters.

Revenge From Insurance.
The indications are that the state's revenue from life and fire insurance companies will be greater this year than ever before, the volume of business having broken the record. The New York Life is the first company to file its annual statement. It collected \$938,881 in premiums in Michigan in 1902. On this it will pay a tax of 2 per cent, or \$19,177. This is an increase of \$2,533 over the tax paid last year.

Take On the Birds.
Denny State Game Warden Bedell, of Ansonia, says all milliners and women who wear hats trimmed with certain kinds of birds protected by law, of which there are many, are disobeying the state game laws, and are liable to arrest as any other violator of the law. This statement by the game warden has caused great surprise and considerable consternation among women who wear birds on their hats.

Convicted of Manslaughter.
Jennie California Smith, of Grand Rapids, called a "doctor," was found guilty in the Superior Court of manslaughter in causing the death of Bertha Van Norman, a 10-year-old girl.

Mrs. Smith, who was in tears when the verdict was rendered.

Bertha Van Norman, was the girl who, on her death-bed, exacted a promise from her mother that her youthful lover would not be prosecuted. The latter has disappeared.

It is estimated that a manufacturing company has been tapping the Muskegon water mains, and that 650,000 gallons of water, worth \$4,000, have been illegally used.

There is a plan being felt at Durand for coal. Every car of commercial coal reaching that junction is confiscated by the railroad for their own use. At that, the roads, it is said, have not enough fuel.

THE NEWS OF THE WORLD.

Millions of Profits.
The hearings before the senate commission on the District of Columbia, which is investigating the alleged combination in Washington have developed that there is a conspiracy between the coal trust and the independent operators, and that it is resulting in effective extortion, not only in Washington, but in many cities of the east.

The coal trust formerly handled all the coal which was sold in Washington. Now it is handling less than 10 per cent of the coal, and the independent operators are doing the business.

The Reading company, which is the master spirit in the combine, formerly sold to one firm here three tons a day. Now it is sending two or three tons a day. The reason for this is that the Reading Co.'s coal is being sold through the independent operators.

Extra profits are being realized. The Reading represents the profit. It is understood that the trust is really using the independent operator as its agent, and is thereby enabled to make the tremendous profits.

If the same extortion is being practiced elsewhere in Washington, the extra profits to the coal trust and the independent operator are approximately \$200,000,000 a week. The senate commission is having difficulty in securing the attendance of the independent operators who have gone into partnership with the coal trust for this emergency.

King Alfonso, Shot At.
As King Alfonso, Dowager Queen Christina and the court were returning from church Saturday afternoon a man who afterward gave his name as Edward, fired a pistol at one of the courtiers in the royal procession. The bullet went wild and the man was injured.

The escort of 300 guards threw themselves upon the would-be assassin and overpowered him. Pedro, which taken to the police station, said he did not desire to give any name.

The duke of Soto, mayor of Madrid, at whose carriage he had aimed. He was searched and in his pockets were found ammunition and a letter addressed to the president of the republic, King Alfonso, the emperor of Germany and the president of the high court of justice at Mexico, and also receipts for a number of registered letters and a visiting card of the mayor of Madrid.

Opposition Withdrawn.
Resolutions were passed by the American Beet Sugar Association at its meeting in Washington, Thursday, withdrawing any opposition to the ratification of the Cugar reciprocity treaty, but recommending that the treaty be amended to express in precise language what is intended to be secured by it to the beet sugar manufacturers of the United States, and that during the period of the ratification of the treaty no sugar exported from Cuba shall be admitted to the United States at a reduction of duty greater than 20 per cent of the rates of duty thereon as provided by the tariff of July 24, 1897.

Confederate Tax Cuts of Pacific Cable.
About 200 citizens of Toluca, Ill., organized themselves into a committee to oppose the proposed Pacific cable. The committee was organized on Thursday night, when the two ends were brought together in Mokolok channel, 35 miles from Honolulu. The cable is now 2,000 miles nearer the parent continent. A large crowd had gathered about the cable station there, and the committee was in the midst of a meeting when the cable was cut.

The cable was cut by a party of cable-cutters, who were absent from the island, sent a message to President Roosevelt announcing the opening and extending a greeting from the citizens of Hawaii.

Bible and Sunday Theaters.
Judge Hazen, in the District Court at Topeka, Kan., decided that the Bible could be read in the public schools of Kansas, and also that Sunday theaters could be held in Topeka without molestation. Both cases were vigorously contested.

Andrew Carnegie's offer of \$1,500,000 for 30 branch libraries in Philadelphia has been accepted.

Edward Powers, a produce merchant, was killed early in the morning by footpads near his home in Philadelphia. His gold watch and chain and \$250 were stolen from his person.

Two deeds filed by Sarah Brewitt, of Mt. Pleasant, cover 1,280 acres of land in the heart of Flint. As the land claimed was patented to Jacob Smith by congress and in three attempts to secure a title the Supreme Court gave the defendants a clear title which was followed by forty years' adverse possession, the property owners do not take enough interest to attempt to secure an injunction preventing the recording of the deeds.

The Johnson Coopers Co. at Niles, have shut down their cable to the east and 30 men are thrown out of work.

Rev. W. B. Coombe, Methodist, who visited saloons in disguise, obtaining evidence by which saloonkeepers were recently convicted of violating the laws, was assaulted by a bartender. The minister was not seriously injured.

William Mickewack and Mike Czuzoz, engaged in an altercation at Grand Rapids, and Mickewack was stabbed in 17 places with a pocket knife. He was taken to a hospital and may survive. Czuzoz is in custody.

A number of counterfeit dollars are in circulation at Escanaba.

Ellen G. White, the Adventist prophetess, declares that "Adventists must be huddled in Battle Creek, but scattered elsewhere."

Mr. Pleasant is in darkness nights, the railroad having confiscated the coal which the lighting plant was depending on.

James C. Avery, a pioneer jeweler, who has resided in Grand Haven since the early fifties, is dead from asthmatic complications.

Luanel Lewis, of Hart, was sentenced to 100 days in the county jail for a crime against Annie Pyle, 10 years old, a farmer's daughter.

Bay City's new grain elevator is ready for business and will be a great thing for the town, making it a market for farmers from all directions.

The severest snow storm of the season prevailed at Marshall Monday night. All trains were late. The thermometer registered 10 degrees below zero.

Alexander L. Parker dropped dead in the floor at Milliken. He was a notary public and retired farmer. He leaves a widow in comfortable circumstances.

Jan. 20, 24 and 25 Battle Creek will entertain the Michigan Engineering Society, the occasion being the twenty-fourth annual meeting of that organization.

Mr. Pleasant is up against it. Confiscated to the city lighting plant has been confiscated by the railroad company for its own use, and the city is in darkness.

Battle Creek reports soft coal, selling at \$10 per ton, with an extra charge of 50 cents for delivery, and a limit of half a ton to the customer. Anthracite is not to be had.

THE NEWS OF THE WORLD.

Millions of Profits.
The hearings before the senate commission on the District of Columbia, which is investigating the alleged combination in Washington have developed that there is a conspiracy between the coal trust and the independent operators, and that it is resulting in effective extortion, not only in Washington, but in many cities of the east.

The coal trust formerly handled all the coal which was sold in Washington. Now it is handling less than 10 per cent of the coal, and the independent operators are doing the business.

The Johnson Coopers Co. at Niles, have shut down their cable to the east and 30 men are thrown out of work.

Rev. W. B. Coombe, Methodist, who visited saloons in disguise, obtaining evidence by which saloonkeepers were recently convicted of violating the laws, was assaulted by a bartender. The minister was not seriously injured.

William Mickewack and Mike Czuzoz, engaged in an altercation at Grand Rapids, and Mickewack was stabbed in 17 places with a pocket knife. He was taken to a hospital and may survive. Czuzoz is in custody.

A number of counterfeit dollars are in circulation at Escanaba.

Ellen G. White, the Adventist prophetess, declares that "Adventists must be huddled in Battle Creek, but scattered elsewhere."

Mr. Pleasant is in darkness nights, the railroad having confiscated the coal which the lighting plant was depending on.

James C. Avery, a pioneer jeweler, who has resided in Grand Haven since the early fifties, is dead from asthmatic complications.

Luanel Lewis, of Hart, was sentenced to 100 days in the county jail for a crime against Annie Pyle, 10 years old, a farmer's daughter.

Bay City's new grain elevator is ready for business and will be a great thing for the town, making it a market for farmers from all directions.

The severest snow storm of the season prevailed at Marshall Monday night. All trains were late. The thermometer registered 10 degrees below zero.

Alexander L. Parker dropped dead in the floor at Milliken. He was a notary public and retired farmer. He leaves a widow in comfortable circumstances.

Jan. 20, 24 and 25 Battle Creek will entertain the Michigan Engineering Society, the occasion being the twenty-fourth annual meeting of that organization.

Mr. Pleasant is up against it. Confiscated to the city lighting plant has been confiscated by the railroad company for its own use, and the city is in darkness.

Battle Creek reports soft coal, selling at \$10 per ton, with an extra charge of 50 cents for delivery, and a limit of half a ton to the customer. Anthracite is not to be had.

Zero Weather Prevailed All Over the Central West.

Seven degrees below zero was the record at St. Paul, Monday night. Moorhead, Minn., reports 18 below. Duluth is below, LeRoy, Wis., 8 below. Paul is scarce, an attorney there is much suffering.

Zero weather prevailed in Kansas City at 7 o'clock Monday morning. Similar conditions exist at a point throughout this part of the southwest.

Two-thirds of a degree above zero was the record at Cincinnati, O., Monday morning. Fortunately Cincinnati has no coal famine.

The lowest temperature of the winter was recorded at Cleveland Monday, 4 degrees below zero. At other points in northern Ohio the temperature fell to 8 below. The scarcity of fuel in many quarters caused much suffering.

Michigan Will Not Oppose.

Senator Burrows succeeded in bringing about an amicable settlement of the Cuban reciprocity treaty trouble, which is entirely satisfactory to the beet sugar manufacturers of his state and which insures the support of his Michigan senators. He had an extended conference with the president and the members of the senate committee on foreign relations and succeeded in convincing them that the future stability of the beet sugar industry demanded a fixed reduction of the tariff for a fixed period. In other words, he demanded that if the beet sugar manufacturers are to submit to a reduction of the sugar tariff it should be a fixed reduction and for a definite period in order that they might carry on their business without fear of further disturbance.

President Roosevelt is gratified over the settlement. There will be no more objection on the part of the beet sugar manufacturers and the only point to be determined is whether the Cuban government will agree to the terms. It is believed that Cuba will be glad to do so.

Wife of a Drunkard.

The first notable case under the new act, which went into effect Thursday, came up in a session police court Friday, when Sir Charles Alfred Lawson, the Anglo-Indian newspaper editor and writer, was fined \$100 for a drunkenness against Lady Lawson, whom he described as a habitual drunkard. The summons was granted.

The new act enables either a husband or wife to secure a separation in the case of habitual drunkenness, and allows the police to arrest an inebriate anywhere and at any time, or to remove a disorderly or not.

A direct freight carrying road from the Soo to St. Ignace will be laid out in the new electric line which is announced, will be built early in the spring. The run will be made in an hour, with power from the Michigan Lake Superior Power Co.

AMUSEMENTS IN DETROIT.
Week Ending January 17.

LAUGHTER.

Are you poor? Laugh before supper. Are you hurried? Laugh when in bed. It costs nothing. Laugh! I ask you to laugh, but I am not laughing. The man who wins laughs, but why? Because he laughs before. Never live through an entire day without laughing at least once. Neither minister nor medicine will help like that. Both body and mind will show the good effect within a month. Try it. NORTH AMERICA.

TUBULAR DRIVE WELLS.

A Pure, Permanent Well is what everyone should have. They are cheap in the end and prevent sickness.

put down by me are the very best obtainable. They go down to a pure and plentiful supply of water, are free from sewerage and surface water, and they last for generations. I get WATER OR NO PAY.

That is certainly a fair plan. Let me put down one for you. That old well may be the cause of much sickness in your family. Typhoid Fever generally comes from bad drinking water. You cannot afford to run the risk.

A QUICK AND SHARP SALE.

Selling Out at Prices that Should Move Every Overcoat and All Our Clothing and Underwear in Stock.

Before making any Arrangements for Spring, we are going to have

A SLAUGHTER SALE.

Several Thousand Dollars Worth of Goods added to the Stock, included. We have bought several large bills of New Goods that were offered by large Manufacturers, to close-out before the end of the year 1902. We made low offers on them, but our offer was accepted. Our object is to give Manchester as well as Ann Arbor, the benefit of this large purchase. It will pay you to buy the Goods for the future as such a chance may not occur again for a long time. You help us and we help you.

CLOTHING AND OVERCOATS.

We have a lot of odd coats which we have divided between the Ann Arbor and Manchester Stores. Will close them out at 95c each, some of them belonged to \$10.00 Suits all small sizes, but good. SUITS, that have accumulated the past two seasons one or two of a kind, will clean them out at \$2.50. A lot of New Suits at 1-3 off, and some less than that, we want to sell them. It is not what can we get, but how low a price will sell them.

FUR COATS AT COST. The famous custom made Arna Storm King will be closed out at \$15.00.

Such Bargains Are Hardly Ever Found Outside of Large Cities.

This Store being a branch of our Ann Arbor Store enables us to give such values. We must buy the Goods in large amounts to get them at these prices. NOW JUST CONSIDER WHAT IT MEANS TO YOU. 100 Dozen of Underwear part of which we offer for Sale at Manchester. A lot of heavy fleeced at 25c. Another lot extra heavy, at 35c. A lot of Wool fleeced, regular \$1.00 Goods at 60c each.

HERE IS A BARGAIN.

All Wool Double Breasted Extra Heavy Underwear, always retailed at \$1.50 a garment, at this sale, 98c. Goods all new.

All \$8. Overcoats go at 4.50, all 10. Overcoats 6, all 15. Overcoats 8. 1.50 Duck Coats 1. All Boys 2-piece Suits, worth 2.50, sale price 1.50, all 3. suits 2., all 5. suits 3. Boy's 25c Knee Pants 19c, boy's 50c Knee Pants 40c. Men's Heavy Overshirts 39c, all 50c Overalls 40c, Heavy Wool Socks 21c. Men's Knit Gloves, Worth 50c, now 34c.

THE FAMOUS ARNA MILLS WOOL ROBES WORTH \$10.00 AND \$12.00, FOR \$7.50 AND \$8.50.

G. J. BUSS, Manager.
