The Pence Anniverse. The celebration of the twenty-fifth anniversary of the coronation of Pope Leo XIII on Tuesday was a most mag ndicent affair. Over 70,000 persons managed to get inside the Vaticar onclosure. The crowds which gathered before the first cordon of troops were impatient as they stood dripping under the persistent rain. There was a great clashing of umbrellas and a general feeling of discomfort among the waiting sightseers. When finally the doors of St. Peter's were opened an almost indescribable struggle oc curred to reach the interior of the sacred edifice, and many ladies who were lace gowns found them to be in

a much mufflated condition, and some of the women were carried away in a fainting condition. From his eleva-tion on the new sedia gestatoria. of red brocade, flanked by the famous or real procease, named by the ramous fabelli (spreading feather fans), and surmounted by a white and gold catopy, the pope appeared to be more than a human being. He seemed to be a white spirit, this impression being added to by the pontiff's white robes and white mitre delicate features. and white mitre, delicate features, face, white as alabaster and his thin hand moving slowly in benediction

street and Wealthy avenue, Grand
Rapids, and filled with valuable

The work of this session of congress, the closing of which marks the expiration of the fifty seventh term, is practically at an end, except for the passage of the appropriation bills now pending, and these are in the final stages. A limited number of other measures may be passed during the last hours, but the number will be very small.

A special session of the senate is as.

A special session of the senate is as sured and the call will probably be issued at once. President Roosevelt being determined to secure the ratification of three pending treaties. Senutor Morgan, who is lighting the Panamu treaty, is well aware of this, but con-tinues his oratorical feat day after day and declares that the special session will be a month-old before the treaties are ratified.

A Descenerate Monster. Alfred Knapp, confined in the Ham lton, Ohio, county jall, has proven to on the most remarkable criminal of the age. He can only be compared to Holmes, the Philadelphia and Chicago bluebeard. Knapp this morning contessed to the mirder of five women, two of them his wives. The confession is staggering in its sensational-

ism and stamps Knapp as a moral de-generate of the worst type, a man who entire world and mystified the police of two continents. In an affidavit which he swore to before Mayor Bosch, Knapp confessed to the mur-

ders and gave the dates on which the atrocious crimes were committed.

which passed over Hickory Level, Ga.

to succeed her as the wife of the crown-prince. Marriage with a divorced wife's sister is not illegal, and Princess Louise would prefer to see Princess largaret the stepmoster of her children than a stranger. She also is lieves that some of her own popularity among the Saxon people will descend to her sister.

Time to Step

Estimates prepared by Democratic members of the house committee is appropriations show that the total amount of money appropriated by the fifty-seventh congress, which closes Wednesday, will-be \$2,000,000,000. few years ago the country was as-tounded by the fact that it had just witnessed a \$1,000,000,000 congress

Knapp, the Strangler,

told the story of how a horse kicked bim on the bead when he was 5 years old. Mrs. Wenzel was the only member of his family present. Knapp and his state was Alleking to him because she thought he was crazy. This is the degenerate who has confessed to strangling five women. to strangling five women.

Circuit Court Commissioner Afbert D. Reece, of Jackson, has smallpox.

************************* STATE LEGISLATURE

Brief Chronicle of Matters of Importantance,

These are some of the propositions to consider—to and pushed on Thursday really gave about the lock step in penal institutions; to make steam and electric roads exchange business at crossings; to make steam and electric roads exchange business at crossings; to tax sleeping and dining cars under a specific system; to increase the increase the number of Supreme Judges to eight; is now evident, though a provision to prevent retail sales of liquors by that will continue state conventions.

MacMillan is committee cerk in the senate, and the morning before the senate, and the senate, and the morning before the senate, and the morning before the senate, and the morning before the senate, and the morning the articles for the curry of the senate, and the senate, and the senate, and the senate the senate to court of the legislature has his threat to roast Lockwood. He added to the senate to make the morning the articles of the curry of the senate to make th of calling a convention for a general ventions, which is claimed to be neces-revision of the constitution; a bill sary in-order to formulate party plat-for a general primary election law; to forms.

ratious state institutions which, in the aling when 22, 1803, aggregate, are somewhat startling. The footings give the enormous total p. m. Monday, but the week at Lanof 87,813,698 31 and this great sum does not include all, as there will be the money needed for the care of inwates of a number of penal and charmates of a number of penal and charmates. The rate of 44 cents a day per inmate. Then, too, the \$250,000 asked for a soldiers' monument is also not included. This amount would bring a definition of taxes of the rate of the second state of the rate of 44 cents a day per inmate. Then, too, the \$250,000 asked these events, and that an adjournment of a soldiers' monument is also not included. This amount would bring a definition of taxes of the rate of t

total number of this introduced in the house is 1,190, whereas there were 1.

353 in 1901, so that this year's number is 130 Jess. The senate, however, has more bills than in 1901, 567 being four five for the sheriff of Wayne county, the total in both houses this year is 1,760, or 148 less than in 1901.

and rotal in both houses this year is 1,700, or 148 less than in 1901.

The legislature assembled for work at 9 p. m. Monday, the senate doing very little in fact beyond calling the roll and adjourning. All that was done was to table the \$10,000 appropriation for the Sault Sie. Marie celebration. The house passed four bills to a third reading. One of these is for township socioel bonds and in line with the proposition—to establish township and in the proposition—to establish township the same in the proposition to establish township the same in the proposition to establish to a third the proposition to establish township the same in the proposition to establish to be audited by the county auditors.

The house passed four bills to a third troops. It is the same measure which the proposition—to establish the proposition to establish the proposition to establish the proposition to the pro

house: Appropriating \$1.849 to meet deficiency for school for the deaf. Deficiency appropriations of \$4.000 for industrial school for boys. Providing that mutual fire insurance companies doing business in only one county may organize with 50 or more persons.
Permitting school boards to provide thansportation to and from schools for publis. Incorporating Michigan Com-mandery, Loyal Legion, Permitting Marine City connell to designate a depository for the city funds.

If Gov. Bliss signs before end of the week the bill for Wayne county primary election reform, which passed the house and senate late Tuesday afternoon and goes into effect immediately there will be time to put th preliminary machinery into operation before the primaries. Gov. Bliss, i after the printer and embosser finls

members from Wayne to look sharp for reasons. No provisions are made for taking care of the bonds, and there is a strong suspicion that as soon as the towns secure the improvements they are seeking they will then seek for annexation with Detroit, thus saddling the payment of the bonds. White riding on a load of logs with histories of the service of the on the larger city.

snoers are already provided for by they rolled off the sleigh

Friday saw the senate without a quorum, and ended with no business minister of Canden, got a judgment done. The house had a quorum, but the seasion leated only about an hour, two or three local measures being fund of the received of the repaired. The bills were two relating fund of the superintedents of a to road systems in Africa and Mason countes; a bill amending the Saginaw countes; a bill amending the Saginaw counters; a bill amending the Saginaw respectively.

Many roads were abantween them and the old-fashioned doned altogether and trains left stuck snow plows of fifteen or twenty years in the drifts till the snow melted, ago as there is between an automo some time in June. With the coming ago as there is between an automobile and an ox cart. The old-style of the rotary plow all this was method-of buckling snow was to at tach a small pointed push plow to a flat car leaded with rails to hold it hills of Nebraska may conspire with flat car leaded with rails to hold it down, put on three or four locomotives in the rear, back up and make a run for it. Usually the whole thing came to grief. Either it failed to get through and was stuck in a drift, until the rotary and was an august through and was stuck in a drift, until the rotary and was an august through and was stuck in a drift, until the rotary and was a drift was able to move either way, or it would a pine board. Before it an impromptu strike a sianting drift and spin itself bllzzard, behind it a clean, straight all over the country. Sometimes, too, track.

Early History of Glasgow

Scottish Metropolis Founded Eighteen Hundred Years Ago-Merchant Princes Made Fortunes in the

We hear a great deal in these days | on their own privileged beat-were at we near a great deal in these days on their own privileged sear-word as in praise of Glasgow as a truly model city and of its municipalizing in the listory as were the merchants of Interest of the citizens nearly every public franchise. That is all true and revolted and the United States revolted. Glasgow highly merits all praise be public was established Glasgow lost stowed upon it. At present, however, its flourishing tobacco trade, but some e would briefly remind our readers of the "tobacco lords," who held heavy of Glasgow in the olden time—hun- stocks, made enormous fortunes by dreds of years before it obtained its the foundation of larger enterpris present state of perfection—and of elsewhere and the begetting of the which we now rarefy hear a word. It is about 1,800 years since Glass soon characterized Glasgow. soon caracterized Glasgow.
