a hill in Congress appro priating \$20,000,000 as a fund for National ald to road improvement in the United States. a good many people were startled at the size of the figures. The amount, how ever, seems very small compared with the sum that a single State now proposes to raise and spend. The New-York Legislature has adopted a constitutional amendment proposing to raise and speud \$5,000,000 annually for ten years, or \$50,000.000 in all. This amendment must pass the Legislature again in 1905, and then it will go before the people for intification or rejection. It can reasonably be expected that the measure will meet with
