The question was asked: where is Senator Glazier's home? He owns a flat in Detroit where his family spent part of their time, but the senator says that his home is in Chelsea and he expects to live and die there.

Judge of Probate Walker has made an order requiring Mary L. Kirk as administrator of the estate of James E. Kirk, deceased, to file a bond of \$10,000 to secure the duties of her office. It is to be hoped that these parties will be induced to amply satisfy all obligations to the estate.

Hon. M. J. Noyes and Col. Sam Green of Chelsea were recently out fishing and in coming to shore Michael swung out of the boat when it hit back into the water. The boat was on the rocks and his check was cut by some broken glass, says the contact. But how his face could be so injured in such a simple way is what we can't explain, but he has no serious injuries.

People in this vicinity who wish to attend a good fair will find the Leavens county fair at Adrian the most convenient to reach. For several years the Leavens fair has been a remarkable success. The exhibits are of the best and most varied, the races and other attractions were held to be equal to those at the state fair, and the attendance has been the largest of any fair in southern Michigan. Adrian has many attractive buildings which people can visit with interest and profit while at the fair which begins on the 21st and lasts five days.

The W. C. T. U. of Ann Arbor made complaints against 21 saloonkeepers for keeping saloons open on labor day. Under the Michigan statute a justice is prohibited from issuing a warrant in such cases and the prohibition is not a part of the case. The law makes a distinction in these cases and it is not necessary to procure an order from the prosecuting attorney nor can the prosecuting attorney be compelled to give security for costs. The women told Justice Day that they had evidence against several more saloonkeepers in the town of 21 and it is possible that the drug act will include these others.

At the school meeting Monday evening Fred Freeman suggested that the school board select and appoint a committee of three to investigate the school where should have at least two children attending school, whose duty it should be to visit the school at least once a month, and report to the board and make suggestions. He believed that if such a plan was pursued the teachers and scholars would do better work and the school be greatly benefited. The board announced that the plan had been in force the past few years and gave good satisfaction. There is no doubt but that frequent visits from parents has a good effect upon the schools and parents are to be commended for the matter more attention in the future.

Dr. Kapp's bill for services and medicines in caring for the freeborn small pox patients amounted to \$1,700. Edward Gorman began Tuesday morning at 8 P. M. on route No. 9. S. E. Foster, who has been acting as substitute carrier over the route, since it was started gave up the work to engage in school teaching—Chelsea Standard.

Wm. F. Eisebach, chairman of the republican county committee to succeed Geo. Green, Eugene J. Haller of Ann Arbor and W. Putnam of Ypsilanti were all members of the committee to fill vacancies.

The Manth and Grace Lake Telephone Co. has filed articles of association with the county clerk. The capital stock of the company is placed at \$100,000. Shares are \$200 each—Grass Lake News.
Anna Campbell et al. to Clara E. Allen, 27 acres of west side of E. 20th W. 1/2 Sec. 20, township of Sharon, \$450.
Flora J. Cook et al. to George Stiffan, lot on Cook street, village of Chelsea, 21 ft. of an acre on Saline and Monroe road, township of Sharon, \$825.
During the rainy spell springing water was the line transferred to the stockyards and Frank Leach and Matt Haines had an argument over the water and that would have been a drawing card if rightly managed. He had to get out from what is known as Gregory's wagon appears to govern and identify farmers, cowboys, whiffersnappers, rascals, fence posts and even revolvers were used. Frank appears to have side-tracked Henry, but Matt's wagon was so lucky and sustained \$6,000 damage which he is now asking the courts to assess—Standard.

THE SWEET SUMMER TIME
Where has it gone? Don't see possible that it has gone so quick. Pick for winter—Yes that's the right thing to do, and it is early so that cold weather will catch you easy and comfortable. A Carpet or two will make things look different, some comfortable rocking chairs around a good size table just in a fellow on a cold winter's evening. A good coat and Book Case in the same room help out a falling sitting cup, and makes him sharp for the next day's work or business. Good looking upholstery and the right kind of a stove in the kitchen, is a big thing in getting square with the table. Good grating and mattress help you rest well and makes your home a little better to you. We keep all the articles mentioned and hundreds of others to make your home just what it should be. We sell them to you a little cheaper and a little better than you can get elsewhere.
Respectfully yours,
GALLUP & LEWIS, Jackson.

John's People

The Little Heroine.
By a schoolgirl when the children
I passed a white to see
Among them was a little maid
Who sweetly glanced at me.

"Why," she said, "did you give me
this?" It blackens.
"You can't see the color," she said,
"but when I hold the ribbon
it does not seem to blacken."
It does not.

To Decorate Card.
Cards can be decorated by rolling
blenders lightly round them and
holding the blades of the rollers
over them. To get the best
results use a card of the
color of the ribbon.

The Japanese Flyer.
A very simple flying machine can
be made from a piece of wood
cut to the shape of a bird.

The Flower Merchant.
The man who peddles the four
merchandise will find every way to
dispose of his stock of flowers, by asking
questions about the quality of the
flowers he has.

Short Stories.
Every one knows that windows will
rattle when a loud noise is made
in the room.

The Tables Turned.
There were two things that made
all the trouble. First little Bill
wanted to be a hunter and had asked
his father for a gun.

Magic Rings.
Either large dolls or rings may be
made from a piece of wood.

Telling Drawn Cards.
A dice game is never old, and for
many years there has been a game
called "telling drawn cards."

How Does it Feel when you try
it?
"Try this," said the man who
was selling the puzzle.

THE RIPENING YEARS

In spite of all that people say
about the ripening years,
it seems to me that they
are the best years of our
lives.
