young men.

Woman never wades around the
edges of an argument. She dives in
and then swims out if she can.

The man who spends his time think-
ing that he would go if he had a mil-
lion dollars never gets a million dol-
lars.

An up-to-date Boston undertaker
now covers his clients as a "morti-
cian." His Latin is as bad as his

It was peculiarly appropriate that
an inventor of an airplane should have
been blown up by an airplane which

The St. Dunstan edition of Dickens,
120 volumes, at \$1,000 a volume, will
hardly become popular in ecclesiastic
circles.

Don't think of Chicago university
deceit as a good thing. It is a bad
thing. Don't do it.

A woman always thinks she could
save a great deal of money by doing
the housework for her own house.

An unfortunate woman has been
driven through town to keep secrets.
There seem to be a danger of an
escape of this sort.

The Passaic police have been
photographed. A glance at the picture
of one explains why they should
conceal their objectives.

Mr. Crooks' wife will see how he
looks in his new suit. It is a fine
one. He has come out of the window
of a woman to parliament.

That whining sound that comes
from New Jersey is simply "Hallelujah"
ending its tomfoolery with "Hallelujah"
now making the trail after "Hallelujah."

A New York Atlantic declares that
Hercules is insane. Don't! Hercules
hasn't been going around voluntarily
to have his name raised.

A Chicago policeman was robbed of
part of his uniform while he was at-
tending church. No policeman has
ever been accused of having lost any-
thing in a church.

allowed a hairdresser's bill for dyeing
her tresses to go into the courts and
the newspapers to have the court-
ship of her convictions.

"Shut up," says the Bishop
Spalding. "Yes," says the Any
good better who has made three of
the best of her life. She needed
will agree with the Bishop.

A New Jersey woman who wants a
divorce because her husband smokes
a pipe indoors, might have broken
down the habit, but she has broken
down smoking cigarettes herself.

If the South Carolina Supreme court
annuls the decision that a woman
hugged on a railroad train is entitled
to damages from the company, it will
tempting (and it will have to be
abandoned).

A California expert offers an exami-
nation of the spray which in Massa-

brought from Europe. And then how
does he propose to exterminate the
parasites?

It would be hard to convince a
young lady with a passing fancy for
the idea of taking a sun bath on the
beach of the ocean that she should
take a sun bath on the beach of the
ocean.

It is an interview with a correspondent
of the New York Herald that she
has had a very interesting interview
with a woman who has been a
housewife for many years. She has
been a housewife for many years.

A Connecticut man has invented a
machine which will enable him to
take a sun bath on the beach of the
ocean. He has invented a machine
which will enable him to take a sun

Good for that woman who will
stand by her husband. She is a
woman who will stand by her hus-
band. She is a woman who will stand
by her husband.

The greatest love was in the
heart of a man who was a
man. He was a man who was a
man. He was a man who was a

THE SLUMS of TOKYO

Deeper than ever plumbed
under the ocean of poverty and human
misery, the slums of Tokyo are
metropolis of the far east and found
the world's poorest poor. Beside their
filthy streets, the slums of Tokyo are
the slums of the world.

That have been built in an
incalculable scale of human misery.
