HER LIFE ENDED PEACEFULLY

SUSAN B. ANTHONY, FAMOUS WOMAN SUFFRAGE LEADER, IS DEAD. UNCONSCIOUS 24 HOURS HEART FAILURE, INDUCED BY DOUBLE PNEUMONIA, THE CAUSE. FOR NEARLY SIXTY YEARS SHE HAD TAKEN PART IN STRUGGLE FOR WOMAN'S RIGHTS.

A MINE HORROR

A mining catastrophe of incalculable horror and magnitude has stricken the great coal center of northern France. An explosion of fire damp Saturday morning carried death and destruction throughout the network of coal mines centered in Courrières and first followed the explosion, making rescue difficult and almost impossible.

SEN. TILLMAN IS VERY SORE

THE SENATOR DOES NOT LIKE ROOSEVELT'S CRITICISM. "NO GOOD REASON FOR PRESIDENT TO SCOLD US," HE SAYS. CHIEF EXECUTIVE HAS BEEN ILL ADVISED REGARDING RAILROAD MONOPOLY INQUIRY.

DAZZLING SCHEME

A more favorable attitude is being taken in Russia toward the dazzling scheme for a tunnel under Berlin strait and an all-rail route from the United States to Europe. Baron Loebe of Lobel, representing the American Trans-Alaska Siberia Co., is again pressing the project vigorously and has made considerable progress toward securing a desired concession from Russia.

MANCHESTER LODGE NO. 142 F. A. M. meet at Masonic Hall, Monday evening at 7:30. Visiting brothers are invited. W. E. WEAVER, W. M. Ed. E. Root, Secretary.

QUARTET OF BAD MEN ARE HELD FOR ST. CLAIR ROBBERY. HAVE TROUBLED THE DETROIT POLICE FOR A LONG TIME. ARE DESPERATE MEN. Desperate Criminals. "Billy" Gallagher, "Mose" Stony, "Mickey" Walsh and John Winters, alleged postoffice safe blowers, were brought from Port Huron, Saturday, by Sheriff Moore, who had arrested them in connection with the blowing of the safe in the St. Clair postoffice early Wednesday morning, and are locked up in the Wayne county jail awaiting indictment by the federal grand jury now in session.

Wright's Return. J. Henry Wright, of Cambria, is back home from New York. Berthe Clatche, the little French "white slave" who shot Emily Gardner, is still behind the bars in the gloomy old Tombs prison in New York. Farmer Wright was "the hero of the hour" when he walked uptown from the train. The attention of his friends and neighbors seemed to worry Wright considerably, and he rather curtly replied to the factious questions hurled at him from all sides. Finally, when the crowd became so large he could not progress, Wright said: "Now, boys, this is all there is to it. I offered to marry Berthe if the authorities would release her on parole or acquit her, but they want her to tell about the way those New York policemen rob the poor girls, and so she can't get out just yet. She comes to court again for sentence on March 23, that's three weeks from now, and I'm going back again to help her if she needs me."

Gapon is Under Arrest. Father Gapon, the Russian leader, was arrested on the eve of the inquiry demanded by him into the scandal involved in the charge that his labor organization was subsidized by the government. Mr. Timiriazoff, minister of commerce in the national assembly, after Gapon from all blame, declaring that he is an atheist and a man of force and acquiring him of receiving any of the money given by the government to M. Matushenski, Gapon's former assistant. Nevertheless his enemies intimate that Gapon arranged the arrest because he feared revelations and desired to throw dust in the eyes of his followers by giving himself the appearance of being persecuted by the government. In practically all the first stage of the peasant's rebellion a faction in the villages refused to accept the leadership from Smolensk, Mikhlin, Zulfoff, Volkine and elsewhere. Indicate that the peasants generally chose conservative delegates to the district conventions, which will select delegates to the provincial convention, at which the national congress will be held. Gapon will be chosen. Nevertheless, at the first district convention, the peasant representatives at Moscow yesterday, while they did not succeed in choosing their delegates, strongly favored the selection of the peasant against the land-owner class.

Loans on Farms. Killed a Few. A dispatch to the North China Herald from Kwang-shi province, in southern China, says the governor, Li Shih-hsiang, has received reports from his subordinates throughout the province that they have executed 21,648 rebels during the past year, besides about a third as many more who were slain in actual battle. These twelve months are represented in the reports as "peaceful" ones as compared with the time when revolution was at its height in the province in 1902, 1903 and 1904. While the figures given above seem incredible, they are insignificant compared with the number slain in previous Chinese rebellions. The Tai Ping uprising in the last century resulted in the registration of the empire for taxation purposes by two-thirds.

Victory for Chicago. By the decision of the United States supreme court the city of Chicago obtains almost complete control of its local traction situation. The decision sustains the acts of the state legislature, extending the life of the charter of the street railway companies to ninety-nine years, but does not sustain the contention of the companies that contract rights which are limited to fewer years than remain in the charter life of companies, are also extended.

Pere Marquette Mystery. Owing to the disappearance of eight feet of track on the Klondike branch of the Pere Marquette railroad, an entire freight train was ditched and half a mile of track torn up. Both rails and ties have mysteriously disappeared. The engine riven on the rails, but the rest of the train, including the caboose, was wrecked. No trace of the missing track can be found. This is the locality where John Brown two years ago held up a train many hours with a rifle, after barricading the track, but that matter was adjusted in court nearly a year ago.

Killed Gypsy Woman. J. W. Tarkell, a wealthy young man of Cincinnati, while driving his automobile at Beekley's Corner, Walnut Hills, ran over and killed Mrs. Mary Jones, a gypsy woman belonging to a wandering band at present camped at Carthage, a suburb. The woman was carrying a baby when the machine struck her, but threw the little one aside and it was not injured. Tarkell was arrested and a charge of manslaughter placed against him. God has always a use for little angels. Bishop Henry C. Potter has been selected to fill the vacancy made by the resignation of Bishop William A. Leonard as head of the American churches in Europe.

LESSON EIGHTEEN

Golden Text for the Quarter—And Jesus went out all Galilee, teaching in their synagogues, and preaching the gospel of the kingdom and healing all manner of diseases and all sorts of infirmities.

Pictures are exceedingly helpful in making a review not only interesting but impressive, making very real the events of the life of Jesus Christ. Each picture there should be an examination of the class. If the event is a scene from the life of Christ, which the picture is intended to illustrate.

Let us see if we can get it in the hearts of the young. The hottest fires which burn upon our earth are kindled in the young years, because they are objects in the world's eyes of the greatest interest.

THURSDAY, MARCH 10, 1910

We learn that the big dam at Cereon, that Dell Taylor worked on, was injured by the high water yesterday.

The secretary of state has decided that the vote on the constitutional amendment can be voted on the machine.

Coal dealers say that unless the operators and miners settle their differences before April 15, prices are sure to go up and the supply be limited.

Mr. Sharp of Chicago was in town yesterday delivering copies of "Past and Present of Washtenaw County," the book that is being talked about as a "gran."

Every voter is asked to read the primary election law which will be found on the third page of the Enterprise this week. A little carelessness may deprive you of a vote for candidates in June.

W. C. Rackman of Seattle, Washington, writes us under date of March 8: "Thermometer stands 86 in the shade at 2:30 p. m. How is that compared to Michigan? He also writes that he is out of business.

The council will meet tonight to declare on the election. There are questions that will require careful study to serve the best interests of the village. The people should be heard and if anybody has an opinion to express, give it in a logical manner and not in the nature of a kick.

It is reported that the railroads, having been defeated by the supreme court decision, will now make complaints in order to have the tax commission review the assessments made by the supervisors and thus raise the values of property other than that owned by the railroads.

Washetown County. County Drain Commissioner Buntman was in town Wednesday looking after the big ditch question on east main street which caused so much trouble last summer.—Saline Observer.
