See For Private Families.

Crow's Hidden Treasures.
A well-known naturalist speaks of a wild crow which made a collection of bits of broken china and similar odds and ends, and hid them in a little patch. One day the naturalist stumbled on the bird standing in the middle of his treasure and examining them. Crow said they were all gems. The crow, aware that his secret hiding place was known, hid moved everything to some new spot.

Spelling Reform in France.
It looks as though spelling reform were really arriving. France proposes to make certain changes compulsory in all the schools. "The T" is to be substituted for "T" in "tortoise" and "torture." "The" is to be dropped in certain words, giving "the" for "theatre" and "theatre." And the French have will themselves to be checking over an "ed."

GOV. WARNER WINS BY ABOUT 90,000

Governor Re-elected by Majority Far in Excess of Two Years Ago.

REPUBLICANS SWEEP THE WHOLE STATE.

ELECT ALL OF THE TWELVE CONGRESSMEN AND NEARLY EVERY MEMBER OF THE LEGISLATURE.

STATE OFFICERS: Governor—Fred M. Warner; Lieut. Governor—Patrick H. Kelley; Secretary of State—John E. Brien; State Treasurer—Frank L. Glazier; Auditor-General—J. R. Braden; Attorney-General—John E. Brien; Land Commissioner—W. H. Rose; Superintendent of Public Instruction—L. L. Wright; State Board of Education—D. M. Ferry, Jr.

By the largest majority, with possibly one exception, ever given a candidate for governor in Michigan, Fred M. Warner, was re-elected yesterday to the highest elective office in the gift of the people of the state. His majority over Charles H. Kummerle, his Democratic opponent, is 90,000—With Gov. Warner, of course, the whole state ticket is elected.

In only eight of the twelve congressional districts of the state were there contests, and in every one of these eight the Republican candidates are elected by majorities ranging from 3,000 to 25,000. Those congressmen who were re-elected without opposition are: Charles E. Townsend, in the second; William Alden Smith, in the fifth; Joseph W. Fordney, in the eighth; and George A. Loud, in the tenth.

The state senate will be solidly Republican. In the house there will be three Democrats. George E. Wilhoite defeated William E. Bonley for re-election in the first Calhoun district; F. H. Trumble won out in Monroe County, and Clare T. Purdy defeated S. J. Daugherty in Tuscola in a bitter fight which grew out of the convention which nominated Daugherty.

In Alpena county the regular Republican nominee, I. S. Canfield, the present member, was defeated by J. L. Saabara. Canfield was nominated as a new member at the primary by a narrow majority, and Saabara ran on alms. Among the defeated Democratic candidates for the house was John Doanvan, "Donovan of Bay," who two years ago was the only Democratic member of the legislature.

Except in a few of the larger cities where there were bitterly fought local issues to bring out the voters, the vote was very light, being hardly 75 per cent of that of two years ago.

Pleasant View is Open. Baptists, Congregationalists, Unitarians, Universalists and other realists of Concord, N. H., voluntarily send letters testifying to the falsity of the attack upon the leader of Christian Science church, Mrs. Eddy. Chas. H. Skinner, a prominent Christian Scientist of Detroit, has received a letter from Alfred Farlow, of Boston, in which Mr. Farlow declares that he has just paid a visit to Mrs. Eddy in Concord, finding her in most excellent health.

Mr. Farlow characterizes as absurd the reports that Mrs. Eddy has a fortune of \$15,000,000, and says the statement that any Christian-Scientists contemplate legal inquiries into Mrs. Eddy's alleged disposal of church funds as untrue, since she does not handle any church funds and has no accounting to make to the denomination. Farlow says it is impossible for Mrs. Eddy to be a millionaire. He adds: "The doors of Pleasant View stand open, as they have in the past. Mrs. Eddy will receive her friends as usual, and will go as usual on her daily drives."

Peary's North Pole Voyage. That Commander Robert E. Peary encountered unusual difficulties in his search for the north pole, was indicated in a telegram received by Morris K. Jesup, president of the Peary Arctic club. "Buffeted about in a field of ice, his ship without coal, his dogs poisoned by tundra food and a portion of the interior of the vessel torn apart to provide fuel for the boilers, were some of the trials which the explorer was forced to face.

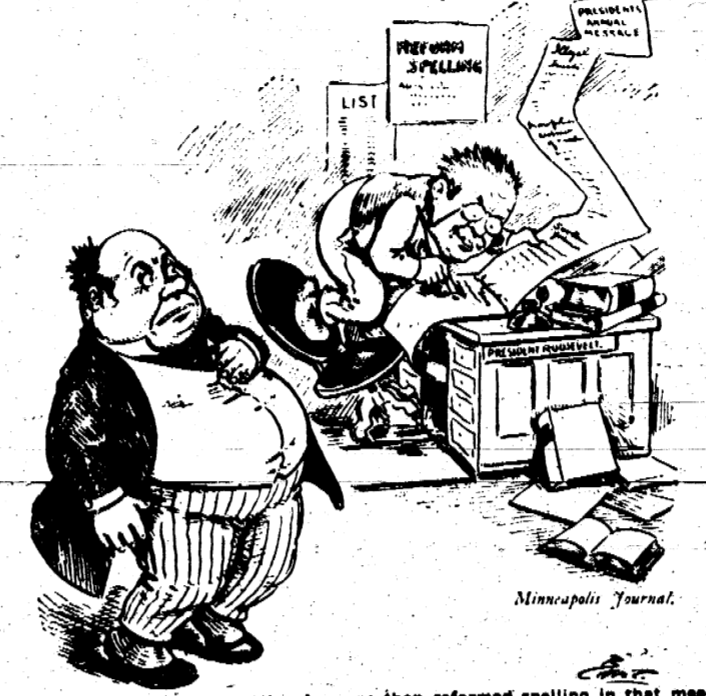

The most significant portion of the telegram, however, was that containing an intimation that Commander Peary would again try to find the north pole, which he approached nearer than any other explorer.

Officer Kearns was wounded in the head and Officer Struble in the left side in a running pistol fight with two burglars in Kalamazoo shortly after midnight Sunday morning. Three of them in the Browne building, Charles Harrison's garage and Dr. T. A. Thomas' office were robbed.

Ray Blitt, aged 24, a sewer digger of Flint, was rescued from a one-foot-deep hole in a trench, after being buried for a half hour at a depth of 14 feet, confined to get a rope about his body. All hands tagged on the rope and the pull that saved his life nearly raveled him in two.

Two Burned to Death. Dunes, Mich., Nov. 5.—James Chase and DeWitt Van Warner were burned to death when the engine of Mr. Chase was destroyed by fire. The two men were asleep on the second floor of the house. Mrs. Chase was rescued by the town night watchman, who discovered the fire.

OTHERS REFORM ALSO.

The Fat Boy—I fear me there's more than reformed spelling in that message.

UTES AND TROOPS REACH AGREEMENT

DISSATISFIED INDIANS WILL GO TO FORT MEADE WHILE CHIEFS SEE PRESIDENT.

Reds Hold Council and Discuss the Situation Before Going to Conference—Ask Powder River Country for Hunting Grounds in Spring.

Sheridan, Wyo., Nov. 5.—A conference of the Indians and the troops has resulted in an agreement on the part of the Utes to return with Col. Rogers to Fort Meade, S. D., to be cared for there by the government while Chiefs Red Cap and Black Whiskers go to Washington to talk the matter over with President Roosevelt.

The Utes will go overland with troops of the Sixth cavalry. The Indians have not been disarmed and will not be so long as they make no threatening move.

The conference was held between the soldiers and the Ute camp, 15 miles northeast of Moorhead. The chiefs in attendance, who were sent by the hand with power to act, are Red Cap, Unkahnkin and Ponnapp. Chief Black Whiskers stayed with the Ute band.

Offer Made to Indians. Before leaving for the council the Indians had a dance in the open and solemnly discussed the situation. At the conference the chiefs were offered transportation for the tribe and its ponies back to Utah and rations during the winter. A promise to consider the matter of giving them a new hunting ground next spring also was made. The chiefs hesitated over the matter of hunting grounds, and demanded a definite promise that they would be allowed to return to Powder river in the spring.

During the council the three chiefs frequently would leave the circle and talk among themselves.

Colored Troops in Fear of Lives. It is stated on the authority of white residents living at Sheridan, now with Maj. Grierson on Buffalo creek, that for two nights and one day the second squadron of the Tenth cavalry, under Capt. Johnson, was secreted in the hills eight miles north of Moorhead. The colored troops being in fear of their lives. No fire or lights were permitted during the time, and the horses and mules were taken to water under cover of darkness. They remained there until the arrival of Col. Rogers, when they were considered strong enough to meet the Indians near by in case of attack. The hurried trip of the Sixth from Fort Meade established a record in the movement of such bodies, 125 miles being covered in 22 hours.

NOTED THEOSOPHIST INJURED. Col. Oloott Sustains Serious Hurts in Italian Railway Wreck.

Kansas City, Mo., Nov. 5.—Col. Henry Steacie Oloott, of Adyar, India, the president-founder of the theosophical society and co-worker in her lifetime of the late Helen F. Blavatsky, has been seriously injured in a railway wreck in Italy, according to private advices received Sunday by a member of the society in this city.

Beyond stating that he had been placed in a hospital, and is "in a bad way," no details are given.

Because of his advanced age fears for his recovery are entertained.

Col. Oloott at the time was on his way home to India from Chicago where he had presided at the annual convention of the American section of the Theosophical society, held in that city in September.

Two Burned to Death. Dunes, Mich., Nov. 5.—James Chase and DeWitt Van Warner were burned to death when the engine of Mr. Chase was destroyed by fire.

The two men were asleep on the second floor of the house. Mrs. Chase was rescued by the town night watchman, who discovered the fire.

Fire Destroys Fine Church. Brookline, Mass., Nov. 5.—The beautiful stone church of the First Parish Unitarian Society of this town, together with its new chapel and annex known as Pierce Hall, was practically destroyed by fire, and Lieut. Allen of the fire department was seriously injured by falling walls. The loss was estimated at \$50,000.

Soldiers Shot in Saloon. El Paso, Texas, Nov. 5.—Negro soldiers of the Twenty-fourth Infantry, at Fort Bliss, Tex., killed from here tonight in a saloon outside the reservation. Private Mathews was killed and Private Lewis and Alexander Johnson, a saloon-keeper, were wounded.

SOLDIERS IN CUBA TO TRAMP COUNTRY

PRACTICE MARCHES PLANNED FOR AMERICAN TROOPS IN THE ISLAND.

Officers and Men Are Warned of the Necessity of Manifesting Courtesy Toward Cubans Irrespective of Their Political Affiliations.

Havana, Nov. 5.—It is the intention of the provisional government to have the American troops here make extensive practice marches throughout the country. This should not be interpreted as a threatening demonstration; the step is taken for its moral effect on the restoration of confidence. In a general order Gen. J. Franklin Bell enjoins all officers and enlisted men of the American army of occupation to manifest all possible courtesies towards Cubans of all parties, and to take no active part in the suppression of disorder, except in extreme emergencies rendering interference for the protection of life and property necessary. The duties of the American forces are, generally speaking, limited to the tendering of good offices for the prevention of friction between conflicting elements.

LINER RAMS A BATTLESHIP

THE VIRGINIA AND MONROE COLLIDE IN HAMPTON ROADS.

Steering Gear of Fighting Craft Becomes Deranged, Causing Her to Sheer From Her Course.

Norfolk, Va., Nov. 5.—The battleship Virginia was rammed Saturday in Hampton Roads by the Old Dominion liner Monroe. Both vessels ioned afterward to this port. The Monroe inward bound from New York, landed her passengers at her pier, while the battleship following shortly under her own steam proceeded to the Norfolk navy yard.

The Virginia sailed from Old Point about nine o'clock, bound for Norfolk. Shortly afterward the Monroe came in, following the battleship through Hampton Roads. Off Sewells Point the Virginia slowed down, apparently, and the Monroe immediately rammed her.

The Virginia's steering gear seemed to become deranged, and she sheered out of her course. The Monroe could not stop nor could she change her course in time, so she struck the battleship on the after part of her armor belt and raked her starboard quarter.

One set of the battleship's davits were turned in board while two of the battleship's 6-inch and one of her 3-inch guns were raked and probably materially damaged.

The Monroe sustained a bad twist of her steel prow and the damage to her may prove more serious than now apparent. A survey will be made of both vessels.

There were many immigrants aboard the Monroe, and when the ships crashed the women set up a loud outcry. They were soon calmed.

It is stated that the battleship had no Virginia pilot aboard at the time of the collision.

The Old Dominion officials here state that the Monroe is not seriously damaged.

STANDARD BUYS TEXAS WELLS. Secures Forty-two Acres of Oil Land in Caddo City District.

Shreveport, La., Nov. 5.—The Standard Oil company has bought 42 acres in the Caddo City field, 30 miles north of Shreveport, and will begin operations at once in the development of the property.

There is one flowing well on the property, and to handle the product a complete pumping station, a pipe line and storage tanks will be erected.

It is the intention of the Standard Oil company to ship the crude oil to its refinery at Beaumont until the field is fully developed, when a refinery will be erected in Shreveport.

NAME ROYAL ARCANUM HEADS. Supreme Regent Appoints Boston Man to Succeed W. O. Robson.

Boston, Nov. 5.—At a special meeting of the supreme council of the Royal Arcanum held here Friday the following appointments were made by Supreme Regent H. C. Wiggins, of Rome, N. Y., to fill the vacancy occasioned by the death of Supreme Secretary W. O. Robson: Supreme secretary, A. T. Turner, Boston; supreme auditor, W. F. McConnell, New York; supreme trustee, F. W. Dickinson, Springfield, Mass.

Fire Destroys Fine Church. Brookline, Mass., Nov. 5.—The beautiful stone church of the First Parish Unitarian Society of this town, together with its new chapel and annex known as Pierce Hall, was practically destroyed by fire, and Lieut. Allen of the fire department was seriously injured by falling walls. The loss was estimated at \$50,000.

Soldiers Shot in Saloon. El Paso, Texas, Nov. 5.—Negro soldiers of the Twenty-fourth Infantry, at Fort Bliss, Tex., killed from here tonight in a saloon outside the reservation. Private Mathews was killed and Private Lewis and Alexander Johnson, a saloon-keeper, were wounded.

TUBERCULOSIS IN THE NAVY

RATIO PER 1,000 NEARLY TWICE THAT OF 1905.

Naval Surgeons Studying Peculiar Disease That Destroys Nose and Face of Guam Natives.

Washington, Nov. 3.—Tuberculosis has made alarming inroads upon the personnel of the navy and marine corps in spite of the measures taken by medical officers to check the disease. The annual report of Rear Admiral Rixey, the surgeon general of the navy, shows that in 1905 the number of tuberculosis cases in the service was 243, or 6.1 for every 1,000 men. In 1905 the ratio was only 3.2 to every 1,000. Practically all the cases are pulmonary tuberculosis.

The deck force, mess attendants and cooks were most affected by the disease and the machinery force came next. More careful examination of recruits is urged by Admiral Rixey, who also suggests that greater care must be taken in isolating tuberculosis cases. He suggests that men whose work keeps them below decks should be required to take exercise on deck regularly.

Admiral Rixey's report shows that the marines who went to the canal zone on the Columbia and were quartered there from May to July of this year were great sufferers from malaria. The ship returned to Boston on July 21 and between July 13 and the time of the arrival at Boston 215 of the 298 officers and men suffered acute malarial paroxysms. The return to northern climate banished the malaria, rapidly and no cases proved fatal. Most of the men were bitten by mosquitoes while camped at Camp Reed, near Corozal.

An infectious, painful and repulsive disease reported by Admiral Rixey as being prevalent in the island of Guam, Naval surgeons are studying and treating the disease which has so far been confined to natives. Rhinopharyngitis mutilans is the name given to the disease, which is a sort of ulceration that destroys the nose and upper part of the face. At present there are about 200 cases on the island.

A corps of dental surgeons and a nurse corps of trained women nurses are innovations in the service recommended by Admiral Rixey.

ALLEGED ROADS DISCRIMINATE

Charge for Transportation Said to Be Unfair to Shippers.

Washington, Nov. 2.—All railroads operating in Oklahoma have been made defendants in a complaint filed with the interstate commerce commission Thursday by the territory, through its attorney general, W. O. Cromwell, the charge being that exorbitant rates are charged on shipments of wheat to Galveston, and that points in Arkansas, Missouri, Kansas, Nebraska, Iowa and Indian Territory are favored.

It is declared in the complaint that a reasonable charge for the transportation of wheat by carload lots for export from points in Oklahoma to Galveston is not more than five mills per ton mile, and that the railroads are making charges all in excess of 7.75 mills per ton mile.

It is shown that by agreement the various railroads involved, 16 in number, have established rates uniform in character and that all discriminate in favor of the longer hauls from points in the states which are alleged to receive preferential treatment. The commission is asked to determine what is the just rate for Oklahoma rates on export wheat, and that that rate be made the maximum in the future.

TERRORIST CHIEF GOES FREE

Gerschunin, Foe of Russia, Escapes Siberia in a Water Cask.

St. Petersburg, Nov. 2.—Gerschunin, one of the most famous terrorists and head of their "fighting organization" during the Siplaguine and Plehve regimes, has escaped from the mines of Siberia concealed in a water cask. Gerschunin, who is a Jew, was condemned to life imprisonment for complicity in the assassination of Minister of the Interior Siplaguine and the attempt on the life of H. Pobedonostsev, late procurator general of the holy synod. He was sent to the silver mines at Akatul, on the Manchurian frontier of Siberia, when the Schlessenburg fortress was closed as a prison for political offenses February 12.

Congressmen Hear Dead. Worcester, Mass., Nov. 2.—Representative Rockwood Hoar, of the Third Massachusetts district, son of the late Senator George F. Hoar, died Thursday at his residence in this city, after an illness of five weeks. Congressman Hoar since September 26 had been unable to take part in the campaign for his reelection to congress.

Plumbers' Trust Gets Postponement. Lima, O., Nov. 3.—Surprise was created in legal and business circles here Friday, when the first of the 15 or more indictments against the alleged plumbers' trust in this county, set for trial, was postponed indefinitely. Prosecutor Welby says the cases will all be pushed to trial at the next term of court.

President Has Poor Luck. Richmond, Va., Nov. 3.—A special messenger from Scottsville says that President Roosevelt is still having bad luck, so far as not meeting with any success. Mrs. Roosevelt in the meanwhile, keeps open house to the people of Albemarle.

WHAT IS THE HIDDEN SECRET?

Mystery of Writing on Yellow Slip of Paper That Ended Court for \$60,000,000.

Philadelphia.—One little slip of yellow paper, covered with fine writing, has become the subject of a woman high in society in Philadelphia. It drove three skillful lawyers out of court in confusion and assured to another woman the undisputed control and possession of the \$60,000,000.

Carnegie Hero Medal.

Chicago, Nov. 3.—The Carnegie Hero Medal, which is awarded to those who have saved lives, has been presented to Mrs. William Weightman, of Philadelphia, for her heroic deed in saving the lives of her husband and two children from a burning building.

Indiana Woman Goes to Missouri to Claim Legacy.

Indianapolis, Nov. 3.—Mrs. Mary E. Brown, of Indiana, has gone to Missouri to claim a legacy of \$100,000, which she claims is due to her by the will of her late husband.

RED MEN ON THE MOVE.

BOUND FOR MEXICO WHERE THEY WILL HAVE MORE FREEDOM.

Fort Worth, Tex.—Blacker Indians are on the move. During the past week a party of about 100 Blacker Indians, led by a man named "Blacker," have been seen in various parts of Texas, and are believed to be on their way to Mexico.

OLD BOOK IS VALUABLE.

SACRED BURMESE WORK TAKEN FROM EASTERN TEMPLE.

Given to Missions Man by English Officer—Was 6,000 Years Old and Worth Small Fortune.

Manuel Silveira.

Manuel Silveira, a Portuguese, has been found in possession of a valuable book, which is believed to be a sacred Burmese work.

Lives in an Ancient House.

London.—Where is the oldest inhabited room in the world? This question is asked by a Londoner, who has discovered an ancient house in the city.

He Painted His Own Fence.

Washington.—A remarkable discovery was made in the ruins of an ancient city, which is believed to be a sacred Burmese work.

Knowledge of Herd Dogs.

Strange and interesting instances of their intelligence and memory.

What a Herd Dog is First to Learn.

What a herd dog is first to learn is to keep his eyes on the sheep, and to keep them from straying.

THE INVENTIONS OF HAWKINS

BY EDGAR FRANKLIN

THE ALCOMOTIVE.

"It's a good while since you've invented anything," said the conductor, looking at the inventor.

"Well, you've got a long list of inventions," said the inventor, looking at the conductor.

"You've got a long list of inventions," said the inventor, looking at the conductor.
