Prophetesa Ellen White Has a Change of Heart-The State Tax Law is Attacked-Other Michigan News.

The first time Michigan met Pennylvania on the gridiron was November 11. 1889. Saturday's game was he second meeting. Pennsy won the first game, 11 to 10 and the second

game by a score of 17 to 0. Michigan is inclined to be philosophical over the first crushing defeat the team has received since Yost went to Ann Arbor in 1901. There is no tendency among the students to belittle Penn's victory or deny that she

had a better team. The way in which the Quakers tore through the Michigan line, both on of-fense and defense, has convinced the Wolverines that their team of 1906 was really inferior to that of Pennsylvania. But that doesn't prevent the rooters believing that had Penn tackled Michigan two or three years ago the result would have been far different.

State Tax is Attacked.

The supreme court lately refused to allow a writ of error to the United States supreme court in the case of Toolan and Alex, McMillan against J. M. Longyear and James Monroe. Today the attorneys for Longyear presented to the state supreme court a writ of error signed by Justice Harlan, of the federal supreme court, and the case will be taken to the higher court for final adjudication.
