NO DOUBT IT WILL BE EMBARRASSING

To Be Recognized in Open Court as Owner of That Little Octopus.

OIL KING KNOWS ALMOST NOTHING

JOHN D. ROCKEFELLER, AS A WITNESS, GIVES VERY FEW FACTS.

Sorry for Ignorance—Judge Landis, However, Obtains From Others Figures on Which to Base Fine of Indiana Concern.

Chicago, July 8.—John D. Rockefeller, in the witness chair before Judge K. M. Landis, of the United States district court Saturday, told all he could remember or knew, or he said he could remember or knew, of the Standard Oil company of New Jersey.

It wasn't a great deal, Mr. Rockefeller said he really was sorry it was not more.

Mr. Pratt, Charles M. Pratt, secretary of the company, could tell more, he said. Mr. Pratt did, giving necessary details.

Mr. Rockefeller was deferential to the court, friendly with the curious public that crossed his path or tagged his footsteps, affable with the reporters, genial to all comers, and at peace with the world. In the evening he departed for Cleveland.

Landis Gets Information. With the information furnished by Mr. Rockefeller in court and amplified by details furnished by Mr. Pratt, Judge Landis secured the knowledge which he sought to obtain, which required the bringing of Mr. Rockefeller from Pittsfield, Mass., to Chicago.

He knows how much of a fine the Standard Oil company of Indiana can stand. He knows from the officials of the Standard Oil company of New Jersey that the stock of the Indiana company is controlled by the New Jersey company.

The parentage was admitted. The earnings of the New Jersey company were given. Judge Landis knows that the concern found guilty in his court on the charge of rebating can stand the maximum fine permitted by the law—\$29,000,000.

Mr. Rockefeller and Mr. Pratt were the only two officials of the New Jersey company called on to testify. John D. Archbold, William Rockefeller and the other vice presidents, secretaries, treasurers and officials of the company sat in readiness and apparent willingness to testify. They were not needed.

Facts Obtained in Court. What Judge Landis secured from Mr. Rockefeller was: The fact that the outstanding capitalization of the New Jersey company is about \$100,000,000.

The fact that it pays approximately 40 per cent dividends. What he secured from Mr. Pratt was: The fact that the outstanding capital stock of the New Jersey company is \$98,300,000.

That it made \$81,300,000 net profits in 1903. That it made \$61,500,000 net profits in 1904. That it made \$57,000,000 net profits in 1905.

That the Standard Oil company of New Jersey controls the Standard Oil company of Indiana, which is the company found guilty in the rebating trial.

Will Fix Fine on August 3. Chicago, July 8.—Judge Keneaw M. Landis announced Monday morning that he would give his decision regarding the punishment of the Standard Oil company on Saturday, August 3.

This decision will cover the assessment of fines for 1,462 violations of the interstate commerce act, aggregating in their maximum \$59,240,000—the most gigantic penalty ever held over a corporation or group of corporations in the world.

TORNADO TEARS UP A UOWN

LONG PINE, NEB., NEARLY RUINED BY FURIOUS STORM. Buildings Are Demolished, Trees Blown Down and Three Persons Are Injured.

Long Pine, Neb., July 8.—Long Pine was visited by a tornado Saturday night and heavy damage was done. With but few exceptions all the fronts of store buildings were blown in.

The Methodist church was demolished, the roof of the Northwestern roundhouse was blown off and shreds in the streets were blown to shreds. The Diamond livery barn was demolished. The roof of Berger's department store was torn off and much damage done to his stock of goods.

All the board fences in town are down. Great damage was done to Kyrner's mill. Several runaways occurred at the beginning of the storm.

Three persons were hurt, but in only one case are the injuries of a serious character. Thomas Wright was standing in the City meat market when the front was blown in and Mr. Wright was cut badly by the glass.

Telephone lines are all down and streets are a mass of trees, fences, barns, etc. The city fire station was blown over and the jail demolished. The railroad coal chute was partly destroyed. The wind was followed by a terrific hail storm which demolished nearly all the windows that the tornado had left whole.

Heavy damage is reported done by this hailstorm to the crops. Small grain is practically destroyed. The damage done to Long Pine by the wind and hail will be in excess of \$100,000.

Polk, Neb., July 8.—This little town, founded only last September, was badly wrecked by a combined wind and hailstorm which descended shortly after midnight Saturday. The best business buildings in the town were demolished or damaged and crops over a considerable distance ruined.

ENGINE STRIKES AUTOMOBILE. Wealthy Silk Manufacturer of Paterson, N. J., Is Killed.

Keyport, N. J., July 8.—Christopher Horand, a wealthy silk manufacturer of Paterson, was killed and other members of his family injured when a locomotive struck and demolished an automobile in which the party was returning home from Asbury Park late Sunday. The accident happened at the Stone road crossing of the New Jersey Central railroad.

With Mr. Horand were his wife, his daughter Ruth and his nephew, Rheinhardt Binder. All but Mrs. Horand were thrown from the machine. Binder's skull was fractured, and his condition is serious. Ruth escaped with a sprained wrist and bruises, while her mother suffered from shock.

DUBLIN CASTLE ROBBED. Portions of the State Regalia Stolen from Safe.

Dublin, July 8.—A portion of the state regalia, valued at \$250,000, has been stolen from Dublin castle. The safe in which the regalia was kept was forced. The jewels stolen were those used in the ceremony of investiture in the order of St. Patrick, the professional cross studded with diamonds and the jeweled sword which is borne in procession at the investiture of the knights.

Lord Castledown, knight of St. Patrick, was to have been chief of the state ceremony on the visit of King Edward to Dublin, but it is officially announced that the ceremony will be postponed. Sensational developments are expected.

Fatal Fire in Pittsburg. Pittsburg, Pa., July 8.—One man was killed, another seriously injured and damage to the extent of \$15,000 was done early Sunday by fire which originated in a barber shop on Carson street and spread to four adjoining buildings. Wm. Reynolds, 31 years old, a night watchman, inhaled the flames and died on the way to the hospital, and Michael Scrosinder was badly hurt by falling glass.

DEPOSITIONS ARE READ TO THE JURY

EVIDENCE AS TO THE BRADLEY EXPLOSION IS GIVEN IN BOISE TRIAL.

Both Sides Seem to Be Satisfied—Each Finds Favorable Points in the Depositions—Haywood May Not Testify Before Thursday.

Boise, Idaho, July 9.—Part of the San Francisco depositions dealing with the Bradley explosion were read Monday to the jury that is trying William D. Haywood for his life on the charge that he murdered Frank Steunenberg, and the rest of them will be presented Tuesday. The reading began directly after the court sat with Clarence Darrow and Senator Borah alternating for their respective sides, and although they pressed ahead as fast as they could, a folio calculation made at adjournment showed that much of Tuesday would be consumed by the unread affidavits.

The depositions have an important bearing upon the case, but they contained no interest for the crowd and the attendance was the lightest since the trial began.

Both Sides Satisfied. Both sides seemed to be satisfied with the showing made by depositions and their contents will probably furnish much material for directly opposed contention when the trial reaches the argument stage. One objection from the state constituted the sole interruption for the day and during all the rest of the time counsel for both sides seemed united in getting all the matter in the sworn statements before the jury.

Bradley had receded from his first and positive statement that it was a gas explosion and was prepared to believe that a bomb might have been used. Bradley's first statement was made before he knew of Harry Orchard's confession or any of the evidence locating Orchard in the vicinity of the house. The prosecution was also pleased to have it shown that Wyle Bradley was still inside the door when the explosion occurred and parities of glass from the door, hairs from the rug outside the door, and pieces of stone and cement from the mosaic floor of the vestibule were blown into his body. It will be contended that this shows conclusively that the explosion was from the outside and could not have been caused by gas inside the house.

Where the Defense Scores. The defense, on the other hand, is satisfied that the depositions show that it would have been impossible for Orchard to have reached the vestibule and placed the bomb in the manner and time described by him; that the evidence, particularly as to the effect of the explosion, shows that a gas leak was the cause; that there were not two explosions, and that Orchard's testimony as to his movements in the rear of the building when he claims he poisoned the milk is shown by physical conditions to be false.

The delay caused by the length of the Bradley depositions may possibly defer the appearance of Haywood as a witness in his own behalf until Thursday morning.

DEFAULTING TELLER ARRESTED IN A NEW YORK FLAT. Police Recover \$54,410 of the Money He Stole from the Windsor Trust Company.

New York, July 6.—Chester B. Runyan, the defaulting teller of the Windsor Trust company, was arrested in New York Friday and \$54,410 of the money stolen from the bank was recovered.

Runyan was found in the apartment of Mrs. Laura Carter, of 619 West One Hundred and Forty-fourth street, where he had been since he walked out of the bank on Saturday with all the money in the teller's vault packed in his suit case.

Mrs. Carter reported at the One Hundred and Twenty-fifth street police station Friday afternoon that Runyan was in her flat. Five detectives at once accompanied her to the house. She furnished them with a key to the apartment and two of the detectives entered the room while the others remained outside.

As the detectives entered Runyan was standing in front of a chiffonier. He turned suddenly on the officers, with a revolver in his hand. The detectives rushed at him, telling him to throw up his hands. He thereupon dropped the revolver and calmly submitted to being handcuffed, saying "the jig is up."

When asked where the money was, he said that part of it was in the suit case and the rest was in a drawer of the chiffonier.

RATES RAISED IN REVENGE. Shippers of Southwest File Complaint Against Railroads.

Washington, July 6.—A serious charge was made in a complaint filed with the interstate commerce commission Friday against the Missouri Pacific and a number of other western railroads by corporations, partnerships and individuals engaged in the flour milling trade of Oklahoma, Kansas and Missouri.

It is alleged that an advance in rates on flour was made by the defendant companies in revenge against the complainants because of a petition which was filed with the interstate commerce commission less than a month ago alleging that the railroads charged unjust and unreasonable rates to the Atlantic markets as compared with the rates on flour and wheat products from Minneapolis and other northwestern points.

Edward T. Parker, the coal expert of the U. S. geological survey, has said that the best coal supply will not last for 70 years. Goodness, one was gone before the backward spring was half over.

The department of commerce and labor at Washington, has sent on bulletin No. 70, which treats on the call on the land. History of British labor legislation; British workmen's compensation acts.

"There is something palpable," said Rev. F. D. Exner from the pulpit of St. Joseph's church, Sunday, "in the first of a doll by a little girl. It is the first manifestation of the feeling of those who are so much interested in the hope of all nations. It is a monstrous crime to do anything that will tend to destroy those feelings. That is what the Turkey Red is doing as that is why it is going to be in use in nice outside problems if it is not suppressed. It is terrible enough that the present generation of parents in this country are leading us into grave danger by the neglect of rain suits, and if we can not awaken them, let us at least save the future generations."

Annual School Meetings.

Since the meeting of the school meetings is not so good as it was in September and many are later in getting their money in attendance at the school room when the president called to both sexes.
