ALLOWANCE IS INDISPENSABLE

SOLDIERS' HOME WILL LOSE IF
VETERANS' PENSIONS
ARE TAKEN.

THE RULE ABROGATED.

Government Would Withhold a Matter
of Eighty Thousand Dollars Unless
It Makes Home for Pensioners.

Veterans residing at the Michigan Soldiers' home, near Grand Rapids, will probably get their pension money hereafter. A way has been found by which the pensioners of the Soldiers' Home Board may be secured. The United States government makes an allowance for the support of soldiers' homes in the states, based on quarterly reports showing the number of inmates. The allowance is at the rate of \$100 per year for each inmate. Under this arrangement the Michigan home has received approximately \$30,000 a year from the government. Under this arrangement the Michigan home has received approximately \$30,000 a year from the government. Chaplain Gleason Responds.

Rev. Matthew C. Gleason, chaplain of the battleship Connecticut, responded in a brilliant address. He said that Sydney's reception surpassed any that the fleet had received, even at home.

It is a glad to hear you say that the Australian, he declared, would make an abiding impression in the hearts of 50,000,000 Americans, who were truly Americans. America knew no religious problems, whether English, Scotch, Irish or other. Americans are all Americans and achievements were similar and he felt that the first and greatest lesson was to be known as a man.

Among the most cherished memories of the fleet was the reception at Sydney. Sydney's reception surpassed any that the fleet had received, even at home.

WHAT THE WILD WAVES ARE SAYING!

CROP MOVING PERIOD

THE COLLEGE MEETING IN DIANAPOLIS.

Indianapolis, Ind., Aug. 25.—John W. Kern was notified, shortly after noon Tuesday, that he was the Democratic nominee for vice-president. The ceremony took place in the Coliseum at the state fair grounds.

The press and public of the Netherlands take the Venezuelan affair most calmly. Naval officers are most interested in it and express pleasure at the possibility of seeing active service. The government, however, thinks there is yet a chance that the difficulty may be patched up by diplomatic means and an informal measure will be taken for some time, because the adoption of positive measures will depend upon the tenor of President Castro's reply to Holland's representation.

Paris, Aug. 25.—Although France is watching with interest the development of the Holland-Venezuelan situation on account of her own troubles with the South American republic, it has not been intended to mix in any way in the present controversy. If the United States as the recognized protector of Venezuela, has transferred the power of punishment to Holland, Holland is quite capable of acting and France will be a sympathetic spectator.

There is some conviction here in well-informed circles that it would be unwise for Holland to land troops in Venezuela, as this action would immediately be the signal for patriotism and result in the ousting of the Castro government and the restoration of the defense of the country. It is believed an effective blockade would be more potent and successful.

DECAYED MONEY REDEEMED.

Arkansas Man Loses Only \$25 of \$10,000 He Buried.

Washington, Aug. 25.—Of \$10,000 in decayed greenbacks sent to the treasury department for redemption by O. D. Earl of Northham, Ark., all but \$25 has been identified and a check for \$9,975 was mailed to Mr. Earl Friday.

Feeling the banks were unwise, Mr. Earl buried his savings in an old pillow in 1904. Recently he dug up his treasure only to find the bills were all worthless. He was so disappointed that he could not discern their numbers. All that was left of the roll was a bunch of papers, with here and there the torn end of a note displaying a figure. Mrs. E. Brown, the burnt money expert of the redemption division, was given credit for the money and the check for \$9,975 was mailed to Mr. Earl Friday.

Indianapolis, Ind., Aug. 25.—Having been denied by the Indiana state executive board of the organization, President J. L. Lewis of the United Mine Workers Friday afternoon issued from headquarters a letter advising all miners now on strike in Indiana to return to work immediately.

It now rests with the miners to obey the terms of President Lewis' letter or suffer the revocation of their charters. The words of the president are not harsh, but they carry an import of determination and authority. In his letter President Lewis intimates that the case of the Hudson mine, which started the strike, is not mentioned.

Manchester people did not have to go to the depot and board a train to speak from the rear of a train. He was in town Saturday between trains and gave one of his characteristic speeches from the porch of The Manchester Hotel, and made a good impression on many of his hearers. He spoke of the good roads project and told what had been accomplished. He lambasted Warner and claimed Bradley as one of "ring."

The Chelsea Standard announced its 38th birthday. The Standard was started in 1889 and a few years ago took a part in the Herald that was started in 1871. That's the way it came to have its 38th birthday. The Standard was a sprightly maid and the Herald was a sturdy bachelorette. The union however has brought about the usual result, the young Tribune, and both are good papers and worthy of all the support they receive, and more too.

Delmer Walworth of Bay City writes: "Enclosed please find P. O. order for \$1.25 for one year subscription for the Enterprise. We want her and save that in doing her good without our home paper as it's the first thing I look for on Friday evenings when I come home from work. Am glad to state that I have a good position, but times are awful dull here and the prospects are not very promising for some time in the future. Hurrah for Dr. Bradley for governor."

It needs no words of ours to tell the readers of the ENTERPRISE that the above is a picture of Hon. L. Walworth Watkins whom many republicans here have ceased to become candidates for nomination in the Jackson-Hillside district, for state senator. Mr. Watkins is also too well known to need any introduction or words of commendation from us. The Jackson Patriot the leading democratic organ of the district stands for him and the newspapers, the grange and farmers' clubs say he is the right man for the place. Let us. We repeat to say the above picture did not arrive.

Fred M. Freeman is making a personal canvass of the county this week, seeking support from the republicans to secure his nomination at the primaries on Tuesday next for the office of prosecuting attorney. We believe that all his friends in Manchester, Sharon, Bridgewater and Freedom would like to see him get the position. It required considerable urging on the part of his closest friends to induce him to make a personal canvass. He was always visiting in his efforts to assist others who sought political positions but shrank from asking others to vote for him and the result was that he was not elected. We are sure that the chief reason why so many would like to have him remembered at the primaries on Tuesday next.

YOU CAN'T VOTE. TICKET STRAIGHT.

Voters Need Instruction On How To Dispose of Primary Election Ballot.

"Don't forget me at the primaries," says the candidate seeking nomination for a county office.

"No, I'll vote it straight," is the reply sometimes received.

A portion of voters don't realize that you can't vote in a straight ticket at the primaries.

The voter must exercise discrimination, pick out his favorites and place a cross opposite the names of those he wishes nominated.

For prosecutive attorney there are four candidates. Only one can be voted for on each ballot. For register of deeds there are two and the nomination, Hugh E. Van De Walker of Ypsilanti candidate for Register of Deeds says all his friends to place a cross opposite his name.

PROVES HIS WORTH BY ACTUAL TEST.

John Lawson Seeks Republican Nomination for

REGISTER OF DEEDS.

John Lawson is a candidate for the office of Register of Deeds of Washington County. This Mr. Lawson is not a new and untried quantity, but the same John who is the present incumbent who has successfully and satisfactorily performed the duties of the office, the man who has made a record that can't be beaten by himself, the man who is best at his desk during business hours, the man who has been at his office only one day and a half during the past 14 months.

Mr. Lawson asks the Republicans of Washington County to vote on the 1st of September for his re-nomination to the office of Register of Deeds, promising that if elected, he will give the business of the office the same careful attention it has had during his incumbency.

For Sheriff.

Leslie C. Smith, Republican candidate for the nomination at the primaries on September 1, for sheriff, was born in the township of London 50 years ago. We always consider him as a Chelsea boy, having spent most of his life in that vicinity. He still owns the old homestead upon which his grandfather settled in 1837. Except for a year or so spent at the Jackson prison, Mr. C. Smith spent his life on the farm up to January 1, 1906, when he went to Ann Arbor with Sheriff William Judson, as chief deputy. It is that capacity he eventually became acquainted with the duties of the office for which he is now a candidate. During the past few years he has been interested in the wool and manufacture of bay garments. There are few men in his party who have as broad an acquaintance as Mr. C. Smith. He has friends in every section of the county, who feel that he now deserves the recognition that he now asks at the hands of his party. "Let," as he is familiarly called, come within a few votes of the nomination when his name was presented in previous years, but his name has never appeared upon a ticket as nominee for office. His friends feel that he is now entitled to the nomination, and they know that when nominated he will stand strongly to the ticket. Though he has always been an active republican he has hosts of friends in all parties and has an enormous vote from Sylvan township at the September 1st primary.
