After they had fairly started on their journey, Mr. Brooks joined Kelly in the car and introduced him to the other two men, one being Alfred Brooks, his son, and the other John Mitchell, another secret service operative. Mr. Brooks explained the mission to the party in a few words.

A short time before. President Grant, Simon Cameron and Alexander P. The blow struck the trigger and in mid-air the weapon exploded with a loud report. In kicking the pistol, Kelly struck the man's hand and bruised it in a way that brought a shower of profamity from the guard. He made a mad rush for Kelly. The first impulse of the detective was to pull his own pistol, but on second thought he refrained from doing so. The guard in—his own crude way believed he was doing his duty. He was defending the property of his employer—although that employer was a law breaker.

Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with W. The Provided Registery of the provided Re results most gratifying. The extended use of Castoria is unquestionably the result of three facts: First The indisputable evidence that it is harmless: second—That it not only allays stomach pains and quiets the nerves, but assimilates the food: Third-It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Oninm, Morphine, or other narcotto and does not stupely. It is unlike Soothing Syrnps, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system-not by stupefying it-and our readers are entitled to the information. - Hall's Journal of Bealth.

Letters from Prominent Physicians addressed to Chas. H. Fletcher. Dr. B. Haistead Scott, of Chicago, Ilia., says: "I have prescribed your Castoria often for infants during my practice, and find it very satisfactory."

Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."

Dr. J. H. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and

found it an excellent remedy in my household and private practice for many years. The formula is excellent."

Dr. R. J. Hamlen, of Detroit, Mich., 22ys: "I prescribe your Castoria extensively, as I have never found anything to equal it for children's bubbles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's."
