Several years ago a log house was built on the fair grounds at Ann Arbor as a permanent memorial of the early days of Michigan and it contained many valuable relics of earlier days but after many of them had been stolen they concluded that the place was not fit for the purpose. The county should appropriate money for the restoration of the building and as Ann Arbor, the university city is not blessed with too many attractions of historical interest, some way should be provided to make the house and surroundings worthy of at least a passing notice to visitors as well as to residents of the city and county. It is well to take care of what we have. The state fair officers at Detroit have asked that the cabin be given them for use on their grounds.

## Russian Life Portrayed in Music and Song

IMPERIAL RUSSIAN QUARTETTE

No people is of greater mystery to the world today than the Russians. Freed from the slavery of ages, their newly won liberty wrested from them by knaves in the pay of Germany, the real Russians still expect to see the day when the world will applaud the genius of the Slavic mind. And Americans continue to find fascination in the barbaric beauty of Russian music and costume.

All this will be portrayed during Chautauqua by the Imperial Russian Quartette. Dressed in full Russian military costume, with scarlet jackets, their appearance is startlingly picturesque and their program covering a wide range of vocal and instrumental music reveals in an enchanting manner many phases of Russian life. They are supreme in their rendition of Russian music, distinctive in

its style and emotional appeal, while they do not overlook the compositions of the great composers. A particularly pleasing feature of their program is in the haunting notes of the Russian Balalaikas, recently become so popular in this country. They give the full program on the afternoon of the third day of the Chautauqua and the prelude at night.

## PATRIOTISM AROUSED

Speech of Prof. S. P. Laird Strikes Responsive Chord in Hearts of Listeners—Freely Cheered.

Prof. S. P. Laird of the department of education of the State Normal at Ypsilanti gave a ringing speech on Patriotism at the school meeting Monday evening. It was one designed to stir up patriotism and make demonstrative any patriotic feeling lying dormant in an American heart. Prof. Laird is forceful, frank and brave. He does not mince matters but dares to tell the truth in the aid of America in the present great struggle. Time and again his statements brought forth applause and at the end a rising vote of thanks and appreciation was given him.

Some of Prof. Laird's sayings and sentiments follow:  
I was not born under the Stars and Stripes but I love the flag more than anything else on earth. I am too old to go to war and I regret that I have no son to offer on the altar of my country, so I am trying to do my bit by talking, and I am glad to do all I can. This country has been good to me; it has been true to me and I am thankful for it. If there are any people who should be thankful for the advantages and freedom and prosperity here, it is the foreign born. And after they have lived here, as many have, for years, and enjoyed all these things the country gives, they should stand shoulder to shoulder today, so that no hiss of pro-German can be given against them.

We do not stop to compare this country with another and see how much freedom and how many more opportunities we are enjoying, and thus we seem to belittle the advantages we have.

Germany has lost her soul of spirituality and that is worst of all. There came into the world ages ago Him who said: "Do unto others as you would that they should do unto you." The Kaiser has said: "Now abideth faith, hope and charity," have been perverted into "Now abideth faith, hope and hatred," and so they have sunk the bible deeper than a civilized nation has ever dreamed before.

Our boys are going across and we will not be ashamed of them. America is going to save the day. The thing for us to do is to win the war.

## BOYS AT YPSILANTI

Boys' Working Reserve Have First Gathering—Enjoy Games, Big Dinner and Speeches.

Washtenaw county has the honor of being the first county in the country to attempt and have an assembly of the Boys' Working Reserve, says the Times News. Such a gathering was held at Ypsilanti last Saturday, with a hundred boys from various parts of the county in attendance. With the boys came 25 of the farmers of various parts of the county, farmers who are taking an especial interest in these boys and who believe that the Boys' Working Reserve is a real and substantial movement which deserves encouragement.

Among the farmers in attendance was one from Manchester who brought five boys with him, two boys who were working on his farm and three from neighboring farms. This man took an especial interest in those five boys and was their companion through the exercises of the day, and saw that they were properly attended to and that they had their share of all the good things of the day.

During the morning the boys enjoyed a baseball game and other athletic doings on the Normal College athletic grounds, and baseball proved so popular that there was even another game in the afternoon. These were picked-up teams. There was also a swim in the Normal gym tank which most of the boys enjoyed.

At noon a dinner was served in the Masonic temple, the dinner being given by the county organization of the Young Men's Christian Association, and under the direction of County Secretary Beinman. After the feast, which was a simple but generous spread, there were after-dinner exercises of a somewhat formal character.

The toastmaster of the occasion was Hugh E. Vandewalker. Short addresses were made by County Secretary Beinman, County School Commissioner Evan Essery, Professor Jones of the Northwest high school

## ORIGINAL AMERICANS IN WAR

Lo, the Poor Indian Shows Himself Very Patriotic And Besides Is Good Fighter.

The American Indians can probably show a larger percentage of volunteers in the army than any other race, as there are about 5000 of them. The Indians are also giving liberally to the Red Cross and other funds besides buying nearly \$13,000,000 of Liberty bonds. Besides this the squaws are great Red Cross workers. Indian schools with an annual attendance of 30,000 have military drill as a preliminary training in military life. The Indian soldier is good in a rush and that's where our boys excel.

## Seven Years In Use

LALLEY-LIGHT has been in actual farm use for seven years. That removes it far from all thought of experiment. Hundreds of farmers know it is reliable and safe and low cost to run. They know its light is

bright and steady and un-failing. We will give you a free demonstration of Lalley-Light on your farm any time. Call for the book of owners' testimonials.

of Detroit, and Professor D. J. Fell of the Detroit Central high school. Several of the boys were then called upon and each one called responded with a very good little speech, telling something of their experiences and how they liked the work and the places where they were stationed. In each case they spoke enthusiastically.

Altogether the affair was a splendid success, and the annual dinner and outing of the Boys' Working Reserve of Washtenaw county has probably become an established institution.

## BRIDGEWATER

Roy Lowery and family went to Manchester Tuesday afternoon to help his cousin, Frank Lowery, celebrate his birthday. The county war board sent Prof. E. C. Goddard to district No. 6 and were photographed. Then there was another game and the boys were all guests of the city at the Alley Festa.

**Speed—Speed—Speed!**

Uncle Sam pushed the clock ahead one hour to give more light. Take advantage of it. You owe it to yourself and your country to make every minute count. Use your car—passenger or commercial—to the limit. Samuel P. Colt, president of the United States Rubber Company, helped awaken the country to the economic value of the automobile last fall. He said: "Everything on wheels must be used and mobilized. "The automobile is second to the railroads as an adjunct and supplementary to them in collecting and distributing merchandise. "Owners should use their cars, both passenger and commercial, more and more." Make the most of your car by using the tires that will extend its usefulness to the utmost. Use good tires—United States Tires. They last longest and carry you farthest at least cost. There is a United States Tire for every car or truck—to guarantee uninterrupted service and greatest economy. Our nearest Sales and Service Depot dealer will tell you which ones will serve you best.

# A Great Responsibility.

THE responsibility attached to the preparing of a remedy for infants and children is undoubtedly greater than that imposed upon the manufacturer of remedies for adults whose system is sufficiently strong to counteract, for a time at least, any injurious drug...  
What have makers of imitations and substitutes at stake? What are their responsibilities? To whom are they answerable? They spring up today, scatter their nefarious wares broadcast, and disappear tomorrow.

Could each mother see the painstaking care with which the prescription for Fletcher's Castoria is prepared; could they read the innumerable testimonials from grateful mothers, they would never listen to the subtle pleadings and false arguments of those who would offer an imitation of, or substitute for the tried and true Fletcher's Castoria.

**STATE OF MICHIGAN, COUNTY OF WASHINGTON**

At a session of the Probate Court for said County of Washington, held at the Probate Office in the City of Ann Arbor, on the 15th day of June in the year one thousand nine hundred and eighteen.

Present, Emory E. Leland, Judge of Probate. In the Matter of the Estate of JOSEPH P. SLOAT, deceased.

On reading and filing the duly verified petition of Gust P. Johnson, brother, praying that a certain paper in writing and now on file in this court, purporting to be the last will and testament of Joseph P. Sloat, be admitted to probate, and that Miss Bowman the executor named in said will, or some other suitable person, be appointed executor thereof, and that appraisers and commissioners be appointed.

It is ordered, that the 15th day of JULY next, at ten o'clock in the forenoon, at said Probate Office, be appointed for hearing said petition and for further orders. That a copy of this order be published three successive weeks previous to said time of hearing, in the MANCHESTER ENTERPRISE, a newspaper printed and circulated in said County of Washington.

### WAMPLER LAKE

Charles Lowe of Britton is building a new cottage near the Willow Grove hotel.

The government fish commission has had men here the past week seining for garfish in Wampler and Mud lakes. They did not get as many big ones as they did two years ago.

If any house was better filled on the Fourth than the J. F. Spafard cottage we have failed to see it. At least 20 enjoyed a picnic dinner there, to say nothing of the lunch. Most of those present were from Manchester.

The Enterprise representative met a gentleman on the Fourth who said it was the first time he had been to the lake in 35 years, and he doesn't live very far away either. In days past it was quite a chore to get the family together and drive 10 or 12 miles and back for a day's outing, but it's different now and the trip is an easy one. This man like thousands of others, now has an auto and probably will not remain away another 35 years. Needless to say, he found some change at the lake, in fact it was all new to him, and indeed appearances have improved greatly in the past few years.

There was a much larger crowd here on the Fourth than we expected, as all I saw was supposed to spend the day at Devil's lake. At the Farm Hotel there was something doing every minute and everybody seemed happy and contented. The little folks went about alone, celebrating with firecrackers, etc., bathing in the lake, swinging in the grove and having a lot of fun, while the older people danced to excellent music in the incomparable dance pavilion, played pool, bowled, rowed on the lake and visited with friends who had assembled at this popular resort. The cottagers also had company and many spent at least part of the day fishing.

Misses Mabel and Gladys Herman spent the 4th at Ypsilanti, the guests of their sister Frances.

Miss Olive Sutton went to Jackson Sunday to do her bit helping make munitions for Uncle Sam.

Mr. and Mrs. Sam Calhoun of Somerset spent Sunday with her parents, Mr. and Mrs. Wm. Rushton.

A number from here attended the funeral of Lawrence, only son of Mr. and Mrs. M. Behan, at Jackson on Saturday.

Mr. and Mrs. Christian Ziegler and children and a number of friends of Jackson were Sunday guests of Mr. and Mrs. James Scully.

Mr. and Mrs. Clifford Loucks of Adrian visited at John Louck's Saturday and Sunday. Chester was also home from Camp Custer.

Mr. and Mrs. Wm. Wellwood have received a letter from their daughter Margaret, who is a trained nurse, stating that she has a position as head nurse in a military hospital in New York city.

Mrs. F. H. Bowins of Cayuga, Ont., who has spent the past two weeks here, left for her home Tuesday morning. She was accompanied by Misses Ruth and Ethel Bowins, who will spend part of their vacation there.

"LIKE FATHER, LIKE SON"

Truman H. Newberry Believes in Practical Patriotism—SO DO HIS SONS

They are all in the service, just like lots of other fathers and sons—

Fathers with sons who have gone forth to war want such a man in the United States Senate—some one who particularly understands the needs and problems of their boys—

Mothers will feel more comfortable—

The boys themselves would choose such a man. "No man is fit to live in a free country if he is not ready to die for that country. Indeed, the only man who is fit to live at all is the man who with a gallant heart is ready to give his life at the call of duty."—(Former President Roosevelt in Detroit speech, May 30, 1918.)

Truman H. Newberry Measures up to the Highest Standards of the American People.

HE IS THE MAN WHO WILL BE CHOSEN BY THE VOTERS OF MICHIGAN TO BE THEIR UNITED STATES SENATOR.
