## Johnson Controls locally a Billion Dollar a Year Industry

Johnson Controls flag proudly flies from their new facility on M - 52

### WORLD HEADQUARTERS FOR JOHNSON CONTROLS P.C.D. & P.M.D. LOCATED IN MANCHESTER

Johnson Controls new facility on M-52 consolidates operations that have been spread in other facilities throughout southeastern Michigan. JCI's motto, "We will be the world leader in whatever we are involved in", rings true with their new building.

The state of the art facility is totally "sprinkled", overhead fire protection system, equipped with the latest in computers, research and development laboratories, high and low pressure air compressors, chilled water system for cooling of blow molding equipment, work station modules, cafeteria for employees, snack dispensers, microwaves and all the latest technical equipment and personal

amenities to facilitate attainment of their motto.

As William "Bill" Coughlin III, said; "We appreciate the cooperation the community has given to Johnson Controls over the past 20 years. I could name specific groups who have provided space in their buildings, like the K of Cs, Legion and Community Churches but it has been more than just organizations. It has been all the citizens and leaders of the community that have welcomed us and helped us accomplish our goals. The greater Manchester area has become our home and we are proud to be a part of the fine heritage and traditions of Manchester."

The \$7 million facility covers some 80,000 square feet and will house 90 employees. On the south side of the facility two large bays that could almost house a football

field in each. Equipped with overhead cranes that can lift in excess of 25 ton's. These cranes are used to position the blow molding and manufacturing equipment that is being tested, refined and developed for future products. Additionally one more bay is used for storage of supplies and equipment for the new plant. Hobbs & Black Associates Inc. is the Architect for Johnson Controls. The firm of Rudolph, Libbey and Company is the contractor that erected the facility for Johnson Controls. Final inspections and last minute details are being coordinated. A community open house is being planned in the near future. Watch for information in the **Enterprise**.

## \$10,000 Winner

Ticket bought here at HOP IN

by Teresa Benedict

Check your game tickets! It has been verified through Lisa Grayson of the Michigan Lottery Bureau that there was a big winning ticket purchased here in Manchester at the HOP IN! The Daily 4 Game, one of the 5 on line lottery games played here in Michigan had winning numbers that were picked at HOP IN Saturday, April 22. The stores receive 6% commission from all tickets which they sell and a 2% redemption up to \$600 where the ticket is redeemed.

The numbers of 1818 were bought on 2 - \$1.00 tickets making each ticket worth \$5,000. The tickets were bought by one

individual and have not been claimed as of press time.

Was this person a local or just someone passing through this great little town in this great state who became the lucky winner?

Since the claim has not been made yet we are not certain of that answer - but one thing I do know it wasn't me - but I'm sure happy for whoever that lucky individual is. How you like to get \$5,000 for \$1.00? What would you do with it - spend it all frivolously on stuff, invest it, buy mor tickets, or save it.

**Congratulations to whoever you are!**

## Coins for Kindness

by Mary Lobbestael

The Manchester High School Student Council is sponsoring a coin drive starting Monday, May 1. The money raised from the donations will be sent to the Red Cross to aid the victims of the Oklahoma disaster.

The coins will be collected during all fifth hour classes at the high school. A point system will be used to determine the winning class. (one penny=one point, one nickel=five points, etc.) The class with the most number of points on Friday, May 5 will get a pizza party.

The initial idea was intro-

duced by Student Council President Jenny Sahakian. National Honor Society and the Manchester High School Leadership class will also assist in the project. The organizations would like to encourage the continuous support from the students and community. All are encouraged to make donations to help those in need.

If anyone has questions, or would like to donate to the coin drive, please contact Jenny Sahakian at Manchester High School: 428-7333. Any and all support will be greatly appreciated!

# MANCHESTER ENTERPRISE

## Second Front Page: Team Classroom at Klager

### Teachers Cheer for their New Team!

Teachers Laura Spensley and Karin Hanson made an enthusiastic presentation of their proposed Team Room Concept for 1995-96 school year at the April 17th School Board meeting. The Board gave their approval of the program which will start next fall.

What is a Team Room, anyway? According to their information flyer, the goal of a team room is to combine the expertise of two teachers to create "a collaborative environment for first and second grade students." This concept has been implemented in the past by teachers Janice Little and Teddy Groeb in a 1st/2nd split, by Bart Bartels & Jane Raus in a 3/4 split, and currently Jim Krzyzaniak & Joanna Van Raden are working together in a fourth grade classroom, all with great success. Prior multi-age classrooms have also had Special Ed support in the persons of Joanna VanRaden, Mary Beth Witherow, and Teri Williams.

The multi-age classroom is also gaining in popularity in the wider educational community. A multi-age classroom offers students of varying ages and abilities a chance for excellence in education. One objective Hanson and Spensley have outlined is to review the curriculum for first and second graders in order to develop and implement appropriate activities which effectively address multiple abilities. "We will be doing a flip/flop in social studies, science and health so that all

students are exposed to all areas of the curriculum over the two year time they are in our classroom," explains Spensley.

A two year commitment will be required of students and parents for the team room concept. Partially, this will be due to the 'looping' of activities that will take place over the two year period. "Children can then take their clues from other students who are familiar with our routine, rather than having the teacher give constant instructions," Hanson commented.

Another reason is that the team room will be "THE TEAMROOM" and not "Mrs. Spensley's first graders and Ms. Hanson's second graders". The age delineations will be less important than being a member of the "team." Lunches, Field Trips, and other activities will be shared in this 50-student classroom. Two teachers will always be the classroom, which will also rely heavily on parent participation.

Karin Hanson & Laura Spensley are excited about the prospect of working together in the "Team Room" at Klager this fall.

Family activities will enhance the multi-age classroom. Hanson and Spensley have projected "Team Room Family Nights" for every month of the school year. Alternating months will be for students and parents; other activities will be planned for parents and teachers only, including conferences with both

separated by a folding curtain, will be opened at all times during next year. One room will be the "Home Room" which will house projects, centers, and pets (unless someone wants to adopt Mrs. Spensley's guinea pig!) The "Class Room" will be where the reading, math and academic subjects will be taught.

This semester the teachers have experimented by opening the door in increments. When it is closed, the students are disappointed, according to Hanson. "The Wall has to come down!" they have determined.

The teachers as well as the students are excited about the potential for this Team Room Concept. Parents have been tentatively approached since many of Mrs. Spensley's current first graders will be part of the initial Team Room next year. Widespread support for the idea has been noted by the parents. There are benefits for both teacher and student in a multi-age classroom. "We will be spending our time and energy

more wisely," Spensley enthuses, "and the benefits to kids will be greater rapport with the teachers, a wider comfort range for children of mixed abilities, and expanded social skills."

Spensley and Hanson both appreciate the exceptional support they have received from principal Ms. Yvonne Henry, who has provided them with reference materials, time to attend conferences and visit other multi-age classrooms, and an all-around supportive attitude.

"This program is very conducive to first and second grade students," they claim. First and second graders also gain leadership skills by being part of a Team classroom. The heterogenous grouping of students will target the unique strengths, needs, and interests of each individual. Age and ability-appropriate math and reading classes will still be a major focus for all of the students in the Team Room. Having two teachers will allow each to hone in on specific skills for the students in the Team Classroom.

"We are excited about the potential for the expansion of our interests, and for the opportunity to work with the kids in new and different ways," claim both of the teachers - who tend to finish each other's sentences in their enthusiasm for next year's project! Although they both recognize the work load will be a lot different from what they are used to, they look forward to the sharing and the challenges which lie ahead.

Congratulations to these two energetic women on making your "dream" a reality. Your community supports you, too, and looks forward to learning along with you.

## Editorial

Emory Garlick

We at the **Enterprise** have been trying to get the administration, Superintendent and Principals to write articles about their individual areas of jurisdiction. We would like them to inform the community of what is happening. Communication its called. Unfortunately we have met with little response other than Paul Kluwe, President, Manchester Community Schools Board of Education in our April 6th, edition.

A special meeting has been called for Wednesday April 26, 1995. *Even though the Enterprise is mailed on Wednesday's, many of our readers will not have had an opportunity to review the agenda before the meeting is over.* It appears the primary thrust of that meeting will be for the Board to go into CLOSED SESSION to consider the evaluation of the Superintendent, Ronald Niedzwiecki. After the closed session, the open meeting is to be resumed, where in the overall performance of the Superintendent is to be made known. I'm not sure, but I ques-

tion the legality of having a canned motion recommended to the board, as it is in Section VI, A.

Worse than that however; In President Kluwe's article he quoted the Superintendent's contract language, "The Superintendent shall have complete freedom to organize, reorganize and arrange the administrative and supervisory staff, including instruction and business affairs, and all employees..." It is my feeling with that kind of power vested in a Superintendent, who has charge of a seven million dollar budget and now a 3.8 million dollar building program, his evaluation should be OPEN AND IN PUBLIC. If his contract allows a secret session for evaluation, and apparently it does, then perhaps his contract should be renegotiated before it is extended. My feelings are that other than our children, everything within the domain of the school system should be **open, OPEN, OPEN** and be communicated freely with the community at large.

## Out & About

by gar

We have been bombarded by the media these past few days, with the attack on the Federal Building in Oklahoma City, Oklahoma. Now it appears that a dissident group of self proclaimed militia from Michigan may very well have been involved. I find it inconceivable that a society, such as ours, who cherishes individual liberty and the freedoms this Nation was founded upon can condone such despicable actions. But then I could not condone the initial actions of the BATFA, (Bureau of Alcohol, Tobacco and Fire Arms) when they first raided Branch Davidian (not when it was subsequently raided and burned).

I cherish our individual liberties and feel in order to deserve and keep them we must be a responsible, caring, sharing and communicating people.

Having been born on a farm and raised with the strength, determination and individuality common to farm life, I cherish that heritage. I learned early in life to have faith in God! I also learned

that shared chores and tasks were more easily accomplished. I also learned early on, watching my father and grandfather, that banding together as a community was the proper way to solve problems or accomplish needed goals.

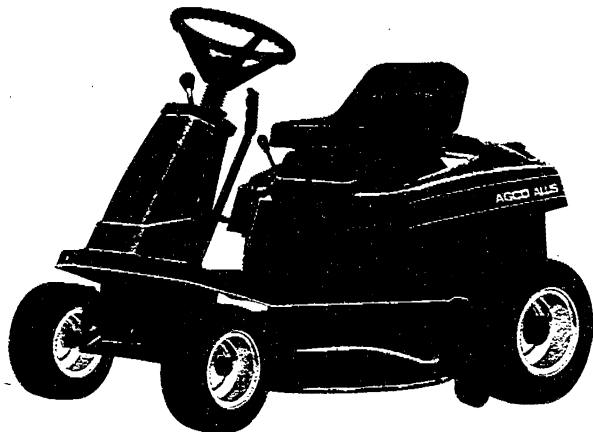

One of the lessons they taught was that we as citizens must be involved in government at all levels and that we must control government and not let government control us without citizen interaction.

The right to bear arms is a contentious issue now, as it was at the time of the framing of our Constitution. Then however we had need of defending life and limb from waring factions.

Let us hope that indiscriminate arms, explosives and militia groups are the exception and not the rule. With the advances made in product, such as fertilizers mixed with fuel oil and detonated with charges, dissident factions of our society can cause grievous harm. Some how those factions need either to be heard, recognized or controlled.

Scholarships and Awards from Siena Heights College Announced

Jennifer Anne Nosbisch, daughter of Charles and Mary Nosbisch of Manchester, and Valedictorian at Manchester High School is the recipient of one of seventeen Valedictorian Scholarships from Siena Heights College in Adrian.

Heather Christine PUNCHES was awarded an Academic Department Scholarship in History from Siena Heights

College. Heather was one of thirty-eight high school seniors who completed departmental examinations and personal interviews.

Siena Heights College is a private, Catholic, coeducational liberal arts college offering associates, bachelor's and master's degrees. The college was founded in 1919 by the Adrian Dominican Congregation.

TOP GRADUATES NAMED AT CENTRAL MICHIGAN UNIVERSITY

A valedictorian who achieved a perfect 4.0 grade point average and three salutatorians head the May 1995 graduating class at Central Michigan University. Valedictorian is Michelle L. LaRue of Manchester. Salutatorians, all with 3.99 grade point averages, are Deborah J. Davis of Jerome, Trisha L. Hansen of Traverse City and Roland C. Reimink of Holland. Commencement ceremonies will be held at 9:30 a.m., 1:30 p.m. and 4:30 p.m. May 6 in Rose Arena. About 3,000 students will be awarded degrees.

LaRue, a finance major, is graduating with a bachelor of science in business administration degree. While at CMU, she has been a member of the Honors Program, the Golden Key National Honor Society and the Financial Management Association.

After graduation, LaRue will work as a credit analyst for Comerica Bank in Detroit. She also plans to attend graduate school. LaRue is a graduate of Manchester High School and is the daughter of Brian and Karen LaRue of Manchester.

Katherine Hampton receiving award from president John Kiple and chairman Victor Kiam of Lady Remington.

Katherine Hampton Wins Lady Remington Honors

Katherine Hampton, a Manchester resident and division manager with Lady Remington Fashion Jewelry, was presented with the "Top Unit Seller" award and a \$1,000 cash bonus by John Kiple, president and Victor Kiam, chairman of Lady Remington Fashion Jewelry at the company's Annual Conference held in Chicago, Illinois. "It was exciting to see Katherine rewarded for her hard work and dedication," says Kiple. Also, Hampton recently returned from an all expense paid Hawaiian vacation for outstanding sales and recruiting July-October 1994. Lady Remington Fashion Jewelry is a leader in the \$14 billion direct sales and service industry. The company specializes in high quality fashion jewelry sold through in-home jewelry and accessorizing fashion shows with over 3100 sales representatives nationally and internationally.

Local News

# Walco Foods Update

As reported in the April 13 edition of the **Manchester Enterprise**, the local Walco Foods store is going through some changes. Jeff Tanner, a 13 year veteran with Walco Foods, spent some time with us this past week giving us the update.

Jim & Jerry Wallace, owners of the store, now have sold the Dexter and Pickney stores to Busch's and are selling the entire company which includes Manchester, Napoleon and Stockbridge Walco Foods Stores. The three latter stores are being sold separately. Stockbridge has already been purchased by an individual.

Jeff Tanner and Jerry Dobbs (a 15 year veteran with Walco) are maneuvering to purchase the Manchester store. Jeff stated, "the contract has been approved by all

parties, but is not signed yet. We hope to have it signed and completed next week (the week of April 24th.)" Once the signing is done, then the liquor license needs to be transferred, which is hoped to be as soon as 4 to 6 weeks.

As far as the remodeling project goes - the plans are still good and Jeff and Jerry will do a renovation.

"The Manchester store is well overdue for a revamp and we will do our best to get it going, as soon as we can show a couple good financial statements," - perhaps within a year. Small interior changes will be made immediately. A fresh coat of paint, a good Spring cleaning along with minor resetting of aisles and check outs to accommodate the customers until the expansion can be done. The building and property will be

owned by the Wallace brothers, with Tanner and Dobbs buying Walco Foods. Everyone is on board as far as the remodel and expansion projects.

We will see changes in food product as well to improve the selection until the expansion can be done. Jeff and Jerry are very excited about taking over the Manchester Walco, as Manchester was their first choice out of all the stores to purchase.

Jeff feels there is a real potential here in Manchester for Walco Foods to serve this community better and become more competitive, with a wider variety of foods available to everyone here in town.

Manchester will be anxiously awaiting the new look and improvements at Walco.

**OBITUARIES**

**Margaret "Meg" Boutell Boatwright**

Margaret Boutell Boatwright, Age 67, passed away at her Manchester home on April 23, 1995.

She was the wife of former Ypsilanti Mayor Richard L. Boatwright and daughter of Nelson and Mary Boutell, who preceded her in death. Margaret is survived by her husband Richard, son Nelson of Ypsilanti; daughter Anne Caincross of Ann Arbor; Phoebe (Richard) Rang of Lachine; Jane (Robert) Cook of Manchester, and a foster son Graham Salcedo (Gale) of Whitmore Lake; nine grandchildren and one great grandchild.

Margaret was a graduate of Ypsilanti High School class of 1945 and Michigan State Normal College Class of 1950. She and her husband Richard owned and operated Iron Horse Antiques in Manchester for several years. She was a member of St. Luke's Episcopal Church of Ypsilanti, where a memorial service will be held at 11 AM on April 26, 1995. In lieu of flowers, memorials may be sent to St. Luke's Church.

Margaret will be greatly missed by her family and all who knew her.

**George James Wallace**

George James Wallace, age 79, of Oxford, NC, died April 20, 1995. He was born in Manchester on June, 1915 to the late John F. and Mary H. (Cash) Wallace. On May 22, 1970 he married Rebecca Taylor in Clinton and she survives. Mr. Wallace was a self-employed farmer in the Manchester area for many years and moved to North Carolina 21 years ago. He was a former member of St. Dominic Catholic Church in Clinton and was a member of St. Catherine's Catholic Church in Oxford and a former member of the Bridgewater Farm Bureau.

Besides his wife he is survived by one son, Max and his wife Teresa Morey of Butner, N. Carolina; one daughter, Mrs Larry (Kim) Kirk of Saline; one brother Dale Wallace of Clark Lake; three grandchildren, Heather Kirk, Tera Kirk and Chad Morey.

Friends called at the Couture-Ochalek Funeral Home in Clinton on Saturday and Sunday. The funeral mass was held on Monday at 11:00 a.m. at St. Mary's Catholic Church in Manchester with Mr. Francis Murray officiating. A Scripture service was read on Sunday evening at 7:00 at the funeral home. Burial in Oak Grove Cemetery in Manchester.

In lieu of flowers, expressions of sympathy may be made to the donor's choice of organizations.

**THE ANNUAL**

**AT THE FLAGPOLE, ACROSS FROM THE GAZEBO**

Once again this year, Manchester will join the rest of the country in coming together at noon on the First Thursday in May for prayer - prayer for our country, our government leaders, our politicians, our schools, our churches, and our families. Concerned individuals are urged to participate that day, by meeting at the flagpole in Wurster Park at noon on Thursday, May 4th. In case of rain, we will meet at the Gazebo.

For fifteen minutes, Manchester residents can join with others across the nation in prayer. Anyone who believes in God and the power of prayer can participate! Come and go as you must, but please plan to attend. Be a part of the difference that prayer can make in the life of our community.

**Senior Citizens**

**MANCHESTER AREA SENIOR CITIZENS News**  
by T.V. Ludwick

Seems as if this month of April with all the rain will surely make those May flowers bloom brilliantly. Isn't it hard to wait? Neighbor Herman and hubby both have made sashays across the backyard grass to get themselves and their engines 'in gear'. We gals can wait to take our turn at mowing. One thing the folks in Oklahoma City didn't need was rain while trying valiantly to get their hurt and dying neighbors out of that rubble. It has sickened and saddened all Americans and I know they wonder "Why us?" There is no logical answer to that, we are asking the question "Why them?" and "Why anyone should?"

**Thursday, April 27:** Ham loaf is being served at noon senior meal and we invite all who are 55 or older to come partake. More seniors are turning up to enjoy Jan Barbour & Company's very delicious and reasonably priced meals and it is great. Call in reservations to Linda (ahead) at 428-8359, or Jan (before 10:30 on meal days). Come join us.

**Monday, May 1:** This is the day to go out before dawn, wipe your face with the dew on the grass and

get rid of your freckles! And do kids make May baskets and silently hang them on favorite friends or neighbors' doors—today is the day! Today the senior bus will leave the Center at 9:30 on a trip to Briarwood for shopping 'til they can't anymore (what fun). Give Erma Alber a ring at 428-8707 to put your name on the list.

**Tuesday, May 2:** A special treat awaits us when cooks serve Chinese in Emanuel's Fellowship Hall at 12 noon. Center activities will be held at the Center at 12:30, come help with current projects.

**Thursday, May 4:** Another exercise class begins at the Center at 10:30. Would you like to once again get those corpuscles moving? We thoroughly enjoyed the previous class and look forward to moving for an hour, which it takes to get your body 'tuned up'! We do feel better for days afterwards—ready to try it with us? Then, starved, we go eat like pigs at senior meal which will be baked chicken. **It is the May Birthday Bash today** for all who were born 'In The Merry Month of May' and are senior citizens.

**Alzheimer's Association Family Caregiver's Support Group**

**Wednesday, May 3, 1995:** The Saline support group meets on the first Wednesday of each month from 7:00 - 8:30 p.m., at the Saline Evangelical Home, Activities Room, 440 W. Russell, Saline.

The May meeting will be held on Wednesday, May 3rd. The meetings are free and confidential. Contact the Alzheimer's Association at (800)782-6110 or (313)741-8200 for additional information.

**CHECK IT OUT!**

**Tax Tips You Can Use**

✓ Some interesting facts about the Michigan Individual Income Tax process:

- Over 4.0 million taxpayers file Michigan income tax returns each year.
- About 3.3 million taxpayers receive an income tax refund and/or a homestead property tax credit.
- Over one million taxpayers file their income tax return on the date it is due (this year it was April 17). This represents almost one quarter of all returns.
- Up until the final filing day (when the department receives one million returns), the department was processing and mailing refunds on error-free returns within 14 calendar days (or 10 working days).
- For tax year 1994, refunds are averaging \$266 per refund return.
- So far this year, 35,224 individuals have designated \$362,726 toward the Children's Trust Fund on their returns.
- So far this year, 30,265 individuals have designated \$279,885 toward the Non-Game Wildlife Fund.
- The Department of Treasury expects over 60,000 individuals will file electronically this year.
- About 10% of all returns contain errors that cause the return to "kick out of the system" for further clarification or correction.

# Johnson Controls

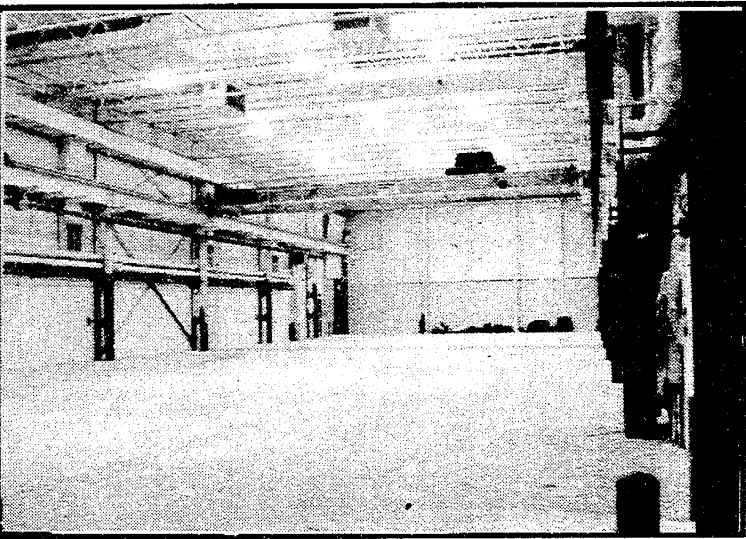

Johnson Controls moved into the Ford Plant in 7/2/73 from Saline. Their Plastics operations move was completed in 1975

J.C.'s newest facility south of the existing plant on M-52. The building was designed by Hobbs and Black, Architects from Ann Arbor; John Hinkley of Manchester is the coordinator. This state-of-the-art facility has a price tag of \$7,000,000

Two boilers and hot water heater, all in excess of 200,000 btu each, provide the heat and domestic hot water for the new facility.

This picture shows the massive bays (3 at the south end of the building) where equipment is being set up for long term testing and research of both production equipment and product. Note the massive overhead crane that can position the equipment.

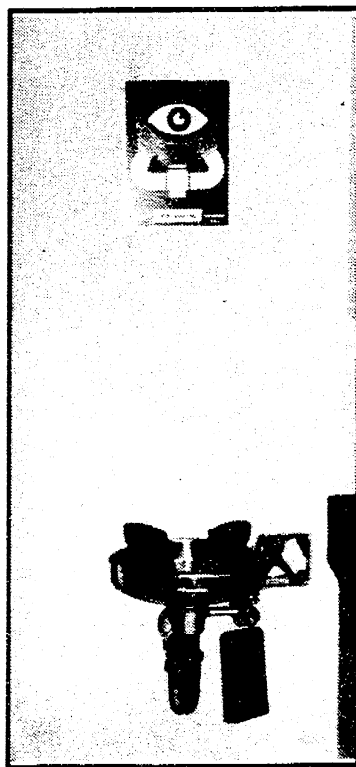

This picture shows the main corridor with work stations on the right.

Johnson Controls, P.C.D. (Plastic Container Division) and P.M.D. (Plastic Machinery Division) almost hit the Billion dollar mark for the 1994 Fiscal year. Their total sales of \$998 million was 11% better than 1993. According to JCI's annual report "The increase was driven by higher unit shipments of all container types, both domestically and in Europe. Non-soft drink container sales, primarily high-heat handling bottles for juices and isotonic sports drinks and water containers, grew substantially. Soft drink container unit shipments improved slightly, led by single-serve containers. Price reductions, however, had an offsetting impact on soft drink container sales. Plastics blowmolding machinery sales improved modestly."

Overall Johnson Controls, Inc. consolidated net sales rose 11% in 1994 to a record level of \$6.9 billion. JCI is not just plastics but consists of four divisions. **Automotive:** Complete seat systems, seating components, and interior trim systems for cars, light trucks and vans. **Controls:** Installation and service of facility management and control systems. Retrofit and service of mechanical equipment and lighting systems in non-residential buildings. **Plastics:** Manchester's and world operations. **Battery:** Automotive batteries for the replacement and original equipment markets.

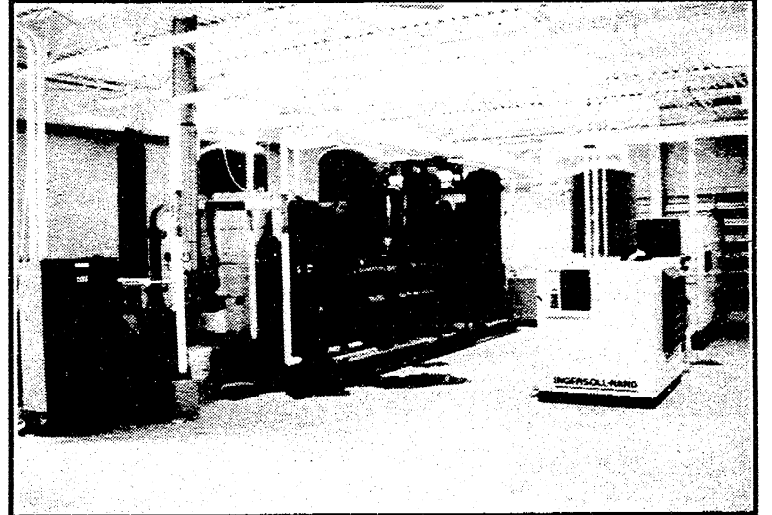

We are proud to have Johnson Controls, Inc. here in Manchester.

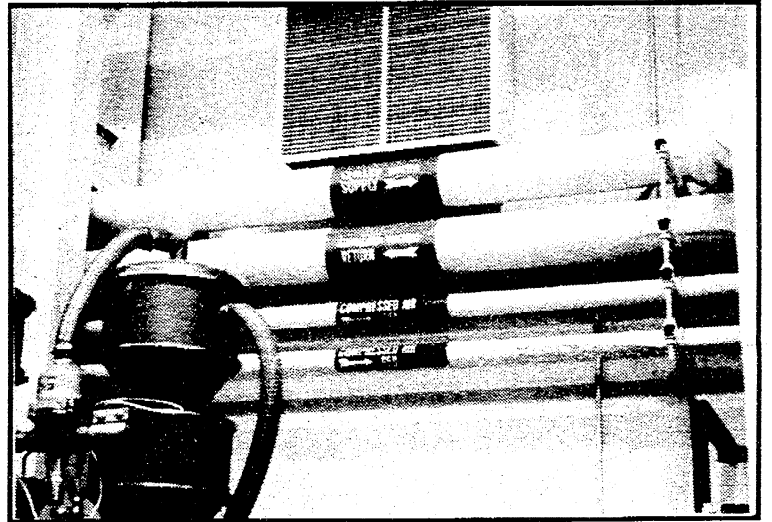

Eye wash station in the possible event of eye contamination.

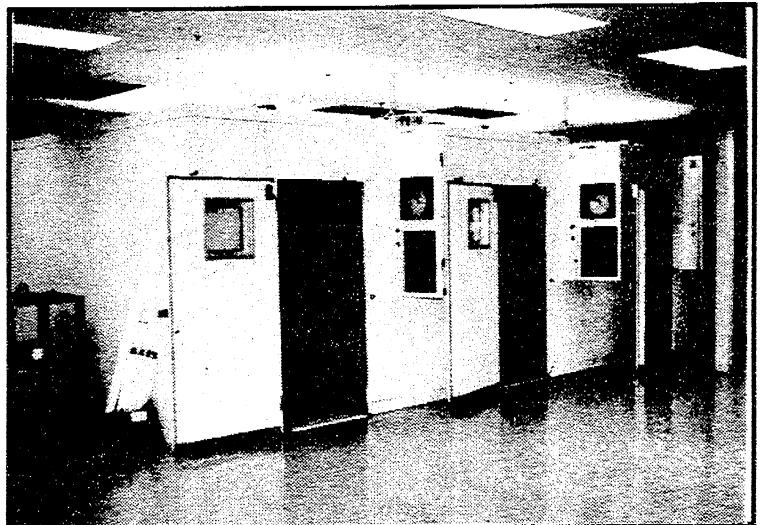

Johnson Controls started the Plastic Machinery Division in this new plant at the corner of M-52 and City Rd. There have been 3 additions.

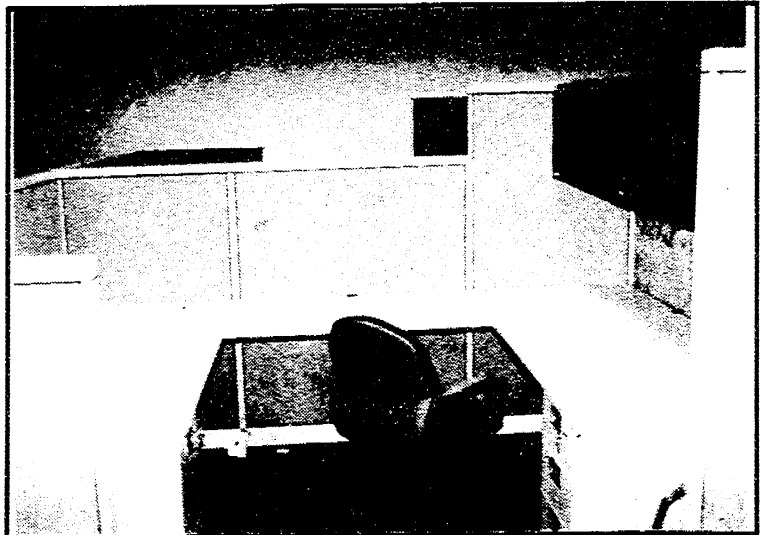

The heart of the operations has this 650 pound pressure compressor and water chiller to enable testing and plastics designs & production

Piping above shows the Chilled water supply and return lines. Additionally compressed air lines at 650 lb. and 150 lb. pressure

These three booths are equipped for temperature, pressure and climate controls to test the carbonation retention of plastic containers.

A typical work and research station before computers and other equipment has been placed.

# Johnson Controls, from an inauspicious electric room control, by Warren Johnson at the turn of the Century, to a World Leader of: Automotive, Controls, Plastics and Batteries.

## AUTOMOTIVE

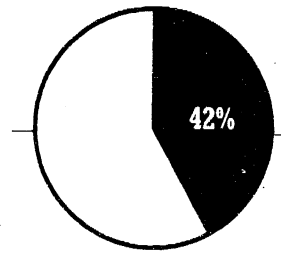

Complete seat systems, seating components, and interior trim systems for cars, light trucks and vans.

**Market Position**  
 • World's largest independent supplier of automotive seating systems and a leading supplier of automotive seating components. Major customers include, Audi, BMW, Chrysler, Ford, General Motors, Honda, Mazda, Mercedes-Benz, Mitsubishi, Nissan, NUMMI, Renault, Rover, Saturn, Toyota and Volkswagen.

**Strategic Direction**  
 • Grow market share by partnering globally with customers and maintaining a focus on quality and delivery. Continue to apply our unique research, design, manufacturing and delivery capabilities to create new seating systems and propriety technologies in order to enhance current seating programs and contain costs.

## Net Sales of Division

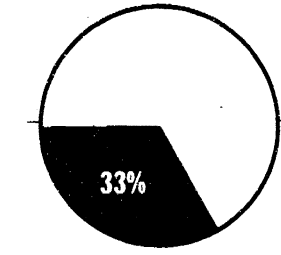

## CONTROLS

Installation and service of facility management and control systems. Retrofit and service of mechanical equipment and lighting systems in non-residential buildings. On-site management of facility operations and maintenance.

• A leading worldwide supplier of facility services and control systems to education, health care, office, government, industrial and retail buildings. Customers include Ameritech, Bank of America, Glaxo, IBM, J.C. Penny, Kaiser Permanente, as well as 7000 U.S. school districts, more than 2,000 hospitals, tens of thousands of others.

• Grow market share by expanding capabilities in order to provide total quality environments in commercial, institutional and government buildings by improving comfort, productivity, safety and efficiency. Continue to focus on the existing buildings market and to expand the scope of service offerings worldwide.

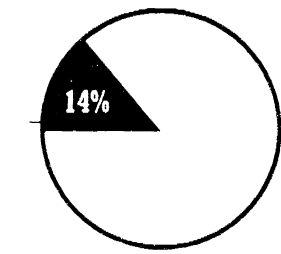

## PLASTICS

Plastic containers for beverages, food, personal care, and household items. Manufacture, installation and service of plastics blowmolding machinery systems.

• World's largest producer of polyethylene terephthalate (PET) plastic containers. Major customers include Beverage Associates, Cadbury Beverages, Coca-Cola, CPC International, Dr. Pepper/Seven-Up, Hunt Wesson, Ocean Spray, Pepsi-Cola, etc. Leading world supplier of plastics blowmolding machinery, injection mold tooling.

• Grow market share by developing new PET plastic packaging applications for customers and expanding into new geographic markets. Continue to emphasize quality, productivity and responsiveness.

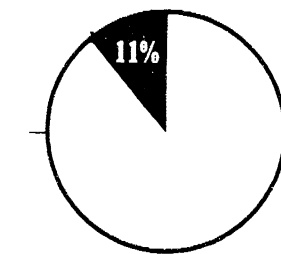

## BATTERY

Automotive batteries for the replacement and original equipment markets. Specialty batteries for telecommunications and uninterruptible power supply (UPS) applications.

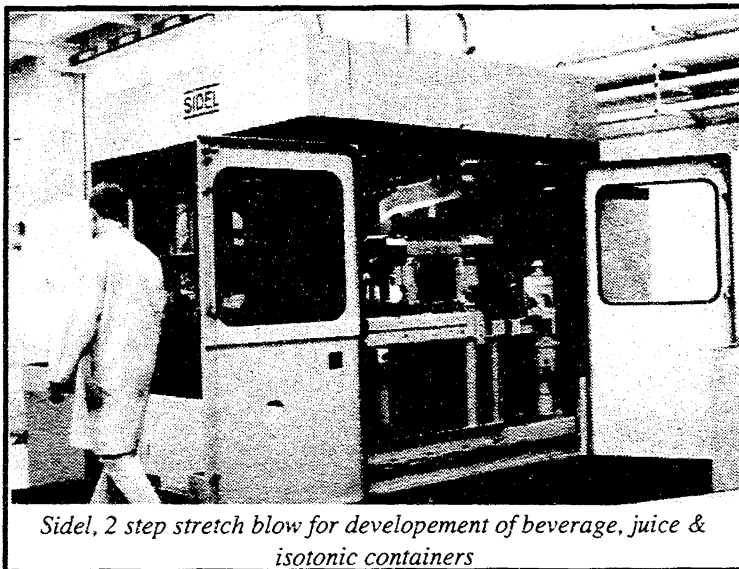

• Major supplier to the North American automotive battery market, serving both the original equipment and replacement markets. Major customers include AutoZone, Carport, Caterpillar, Chrysler, Diamond-Star, Ford, Honda, Interstate Battery System of America, John Deere, Kmart, Mazda, Nissan, Price/Costco, Toyota and Wal-Mart.

• Grow Market share by providing quality products and support to help both existing and new customers increase their automotive battery sales. Continue focusing on improving quality and productivity to become the industry's low-cost provider.

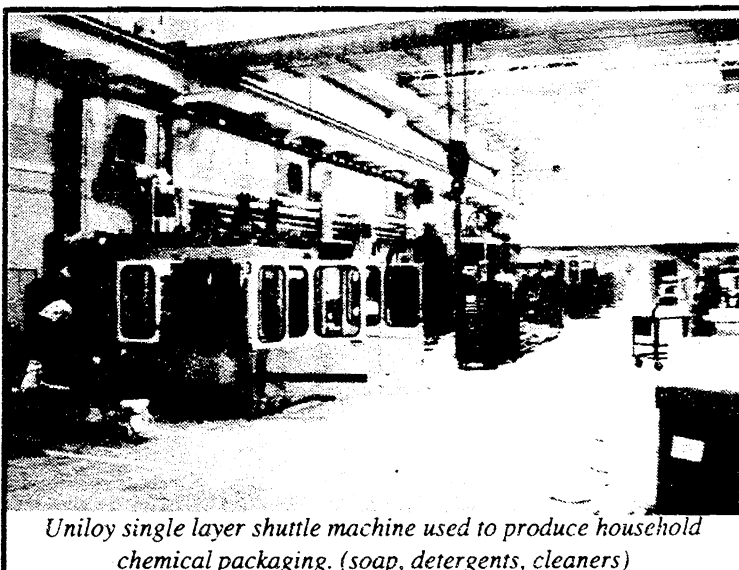

## Plastic Container Division

Locally Johnson Controls Inc. has the plastics divisions. The Plastics Container Division, PCD grossed \$800,000,000 for 1994. Seventy percent of that market share was in soft drink bottles. There are 28 manufacturing plants around the World. 21 are in the United States and 7 in Europe. A wide range of products, from soft drinks, food, liquor and pharmaceuticals to household and personal care products have converted to polyethylene terephthalate (PET) as a primary packaging material. Johnson Controls Plastic Container Division is the largest supplier of PET containers in the world. Although soft drink bottles represent the biggest percentage of plastic container sales the strongest growth opportunities are in non-soft drink beverage applications. Sales of high-heat handling bottles continue to grow at double digit rates due to the ongoing conversion to PET bottles by juice, tea and sports drink bottlers in both North America and Europe. PET packaging is just beginning in Latin America and Eastern Europe.

Sidel, 2 step stretch blow for development of beverage, juice & isotonic containers

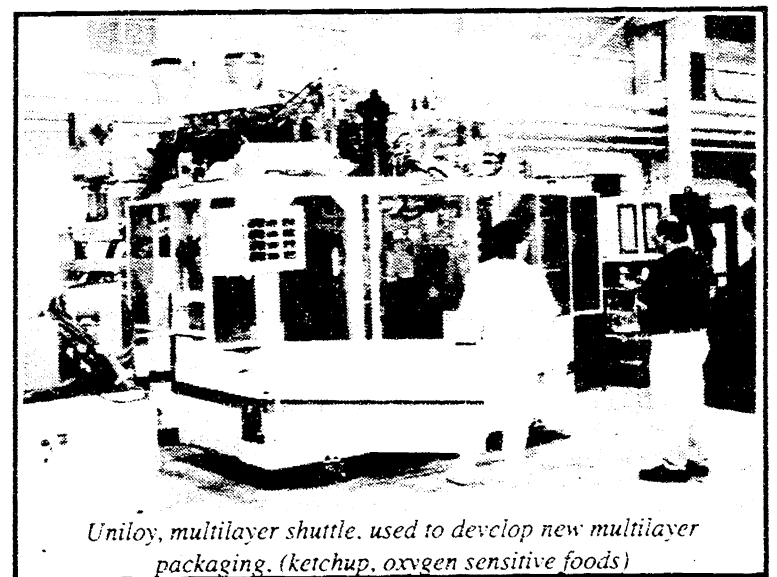

Uniloy single layer shuttle machine used to produce household chemical packaging. (soap, detergents, cleaners)

## Plastic Machinery Division

The PMD, Plastic Machinery Division, makes machines, molds and parts for machines that produce the PET products. There are three manufacturing locations in the United States. Four Sales and Service centers in the U.S., and one each sales and service center in Mexico City, England and Brazil. Two more manufacturing entities are located in Italy.

Manchester is the World wide headquarters for the Plastic Machinery and Plastic Container Division.

**Blow molding** in plastics is a refinement of glass industry bottle making. Essentially the process consists of a two part mold, highly machined and polished to remove all irregularities. A gob of PET, polyethylene terephthalate, is heated and measured placed on the end of a blow pipe where air pressure expands the PET to conform to the shape of the mold. The mold has a controlled temperature by using chilled water, that allows the molten PET to harden in the shape of the mold. The two halves are opened and the raw bottle is trimmed and checked for uniformity and consistency. All of this operation is conducted within the production machine. Further quality checks and packaging is performed.

Uniloy, multilayer shuttle. used to develop new multilayer packaging. (ketchup, oxygen sensitive foods)

## School

### Prom Excitement

The excitement is running rampant through the halls of Manchester High School. The thoughts of students are filled with everything from tickets to tuxedos. Yes, you guessed it, it is prom time!!

The Junior-Senior Prom, "Now and Forever", will be held this Saturday, April 29 at the McKinney Union at Eastern Michigan University. The evening's festivities will commence with pictures at 6:30pm. The dinner banquet will begin at 7:30pm.

The evening will climax with the announcement of the prom court, and then the crowning of the king and queen. The royal couple will dance the first song of the evening together. The final song will be played shortly before 12:30am.

All prom-goers are encouraged to have a safe, sober prom! See next week's *Enterprise* for pictures, prom happenings and prom court results!

- by Mary Lobbstaal

### Summary of Board of Education

Not official minutes

April 17, 1995

The regular meeting of Manchester Community Schools' Board of Education was called to order at 7:48 PM by President Kluge with the Pledge of Allegiance.

Minutes of the regular meeting of March 27, 1995 were approved as presented.

The treasurer's report was approved with a cash balance as of March 31, 1995 in the amount of \$1,795,866.12; total bills payable of \$782,576.26.

Correspondence included a thank you note from the family of Ernie Sewell. Letters from Joel Tobias and Marilyn Knouase and a board member survey from MASA.

#### VISITOR INPUT:

Emory Garlick, editor of the *Manchester Enterprise*, spoke of two separate letters he has written to the superintendent and board regarding implementation of the athletic policy and on-going problems in the transportation department.

#### REPORTS AND UPDATES:

Eric Geiser and John Castellana from TMP, our architectural firm, gave a presentation on the difference between a construction manager and general contractor. The Board approved utilizing a construction manager and authorized the superintendent to seek proposals for construction management services.

Laura Spensley, first grade teacher and Karin Hanson, second grade teacher made an enthusiastic presentation regarding cross grade collaborative teaming that will be implemented next year.

Bill Kindt, school social worker, Dianne Schwab, Director of the Community Resource Center, George Paddock, D.A.R.E. and parent, and Reverend Cooper from Victory Baptist Church presented an update on the work of the Drug/Alcohol Task Force. It was suggested that the board review the current district policies for athletes and the general student body.

The Winter Athletic Report was presented for review.

Following a presentation by Emory Garlick on the portables available in the Leslie school district it was determined not to pursue this option due to the poor condition of the portables and the high rehabilitation and moving costs.

#### NEW BUSINESS:

Upon completion of a presentation by Klager Elementary Principal, Yvonne Henry on the Reproductive Health Curriculum, "Growing Up Program", the board approved the implementation of the program for the 1994-95 school year.

The resolution setting matters to be voted upon at the annual school election scheduled for June 12, 1995 was approved. The following persons have been nominated to fill the two available terms: Bruce C. Abbott, Emory Garlick, Wayne Lee Winzenz.

High School Principal, Russell LeBlanc, presented the first reading of the recommendations for testing-out procedures. The Board will discuss this at the special meeting scheduled for Wednesday, April 26, 1995.

The Board approved the recommendation that Mary Brinker, Denise Cain, Kristine Cole, Curt Fielder, Karen Hanson, Linda Klepaczyk, Patricia Merrill and Laura Spensley be placed on continuing second year probation. Cara Weissman will be placed on continuing third year probation and the contract for William Kindt will be extended for the 1995-96 school year. The board also accepted the resignation of Jeff Champion as varsity volleyball coach, effective immediately.

The District School Improvement Goals, Professional Development Plan, and School Improvement Plan were approved as presented.

Paul Kluge was appointed the voting delegate for the WISD Biennial Election to be held on June 5, 1995 at the Washtenaw Intermediate School District offices in Ann Arbor.

The meeting adjourned at 10:33 PM.

### Key Club's Annual Convention a Rousing Success

Three members of the Manchester High School Key Club attended the Annual Michigan District Key Club Convention April 21-23. This year's convention was held at the Grand Traverse Resort in Traverse City. The participants included members Justin Ebersole, Katie Tolen, and Angie Carlson, as well as aide Jeana Ostrow. The students were accompanied by the Key Club Advisor, Dianne Schwab.

The convention agenda included such activities as: election of the 1995-1996 district board, a mock rock, informational meetings, and a divisional fund-raiser. Senior Justin Ebersole and sophomore Katie Tolen served as Manchester's delegates. They represented the club in all voting matters at convention.

Advisor Dianne Schwab commented on the immense amount of leadership shown at the convention. The district board organized this convention impeccably. Not only was the convention well organized, it was also record breaking. The attendance this year swelled to over 525 Key Clubbers!

The Michigan district boasted four new clubs and thirteen more on the way. Key Club was also recognized as the fastest growing student organization.

The Manchester Key Club was honored for having 100% monthlies. This award is given to clubs that have sent in their club minutes both punctually and monthly. This marks the third consecutive year that Manchester Key Club has received this prestigious award.

Justin Ebersole, a second year convention attendee, commented on "what a fine, fine, fine convention it was". Free time was also allotted for the students, most of which was spent golfing, shopping, or swimming at the resort.

The participants couldn't have been more pleased with Key Club Convention this year. They, as well as other members of Manchester's Key Club are sure to benefit from their experiences.

### Earth Day Stories by Mr. K's and Mrs. V's Class

Dear Editor,

Many people observed Earth Day last Saturday. Our class hopes that people will think about what they can do to save our beautiful environment every day! Our students were encouraged to put some thought into how they, as individuals, can play a role in protecting the earth. They have written essays about their feelings. We were very pleased that our students feel so strongly about environmental issues. We were even more pleased that they wrote them down to share with their community. We hope that you enjoy them and can learn a little something from each one!

Sincerely,

Jim Krzyzaniak & Joanna VanRaden, Fourth Grade, Klager School

#### What Earth Day Means To Me!

by Sara Tervo

Earth Day is a day you should concern more about the earth, but you should not just take care of the earth on earth day you should take care of it each day. It also means to learn more about the earth in school and having fun learning it too. Earth day is also a day where people all around the world can take part in helping keeping the environment clean and healthy.

Earth Day started back in 1970 in Cleveland Ohio. It started when a very polluted river caught on fire. Then everyone decided to do something about pollution.

Some things I think you can do to help protect your earth are to Recycle things that you can recycle, not to pollute the earth, and not to dump trash into the water.

It's also important to keep our air and the things that breathe it clean. Some ways you can keep the air clean are not to cut down the trees because the trees produce most of our earth's oxygen for us to breathe. Just think if all the trees were cut down there would be very tiny air to breathe. I don't even want to think of what the world would be like without Earth Day!!!

#### What Earth Day Means To Me

by Keith Peasley

Earth Day is a day that we set aside our daily chores to care for our earth and to clean it up. In fact every day should be earth day. Once a great poet said, "the wrong thing to do is to do nothing at all." This is the only earth we have. If we do not save it, who will? People who think that what they do will not make a difference, are wrong. Every little bit helps or hurts. The world needs our help if it is to survive. So do a big favor for the earth and pick up the litter.

#### What Earth Day Means To Me

by Ryan Holt

I think pollution should stop right away because I can't name how many animals that have died by pollution. I hate whomever pollutes because it hurts our earth. We can't ruin the earth and then go somewhere else and live. Pollution can hurt everybody in some way. Other people have to live on the planet, too. It's not just you. Do you pollute? Please don't! It's just like poisoning the earth. Now that you know what pollution does to the earth - what I'm trying to say is "PLEASE DON'T POLLUTE BECAUSE IT HURTS ALL OF US!"

#### What Earth Day Means To Me

By Ashley Brannock

To me, Earth Day means planting trees, flowers, and grass. It also means not polluting our earth. It means recycling. I think Earth Day should be every day! We should never hurt the earth especially on Earth Day. We should not cut down trees or bushes for paper or anything else unless we need it. We could also plant a garden of wildflowers and never pick them. We should never cut down trees because trees give us oxygen and whatever happens to our earth happens to all of us. That's what Earth Day means to me.

#### What Earth Day Means To Me

By David Evilsizer

Earth Day means it is the day like every other day, but this day is even more special. You take care of the earth even harder than you have been doing. Most people plant trees. I do different things like recycling and picking up garbage. There was a poet that once said that the worst thing you can do is to do nothing at all. We should keep our earth clean so that our children and our grandchildren will have a clean place to live.

#### What Earth Day Means To Me

BY Philip Hughes

Earth Day means to me reducing the use of styrofoam and stopping the killing of endangered animals. We share this world with more than 10,000 animals and when somebody dumps antifreeze into a storm drain there is a very good chance that it will leak into rivers, lakes, or oceans. When it gets out into the water it kills our friends the fish, and any other animals that live there or drinks there.

Earth Day started in 1970 in Cleveland, Ohio. A very polluted river caught on fire. Everybody decided to do something about that. We can all help to do something about pollution. So, be cool—and don't pollute!

**NOTICE  
FREEDOM  
TOWNSHIP**

Notice is hereby given for a public hearing and meeting of the Freedom Township Board on Monday, May 8, 1995 at 8:00 PM in the Freedom Townhall, 11508 Pleasant Lake Road. Purpose of the meeting is for consideration of request for variance from the provisions of the Freedom Township Private Road Ordinance on property in the NW corner of section 34 on Bethel Church Road, owned by Ruth Haussler, Tax: Code No. 14-34-100-003, to utilize an easement longer than 1, 000 feet without upgrading it to private road specifications.

Application for variance and all supporting papers can be examined by making an appointment with the Clerk of the Freedom Township Board, Julie Schaible, at (313)428-7241. The Freedom Township Board will provide necessary reasonable auxiliary aids and services, such as signers for the hearing impaired and audio tapes of printed materials being considered at the meeting, to individuals with disabilities at the meeting or public hearing upon ten days notice to the Freedom Township Board.

Individuals with disabilities requiring auxiliary aids or services should contact the Freedom Township Board by writing or calling the Township Clerk at (313)428-7241, 13785 Pleasant Lake Road, Manchester, MI 48158

Proposed Synopsis**

**April 11, 1995**

The meeting was called to order with all Board members except Uphaus present. Also present were several interested persons. The minutes and Treasurer's report were approved with \$81,190 in all funds. Various communications and reports requiring no Board action were received. Paul Gantz, representing Michcon, presented an overview of the program they would like to begin in the Township. A sample ordinance was distributed and will be discussed at the next meeting.

The Planning Commission reported that their annual pit inspections are scheduled for April 29 and a public hearing will be held May 2 to hear the annual gravel pit presentations and discuss the Waterland Trucking application for additional acreage.

Under Old Business, the Board discussed and adopted a regulatory ordinance for extraction operations.

New business included setting the Spring Clean-Up Date for May 20 and approving the 1995/1996 budget as presented at the annual meeting.

Bills #4176 through #4196 were approved for

payment. The meeting adjourned at 11:30 PM

Submitted by Julie Schaible, Clerk

## Manchester Township Proposed Synopsis

April 10, 1995

The meeting was called to order at 8:00 p.m. with all Board Members present. Also present were Fire Chief Scully and several members of the Fire Department. Minutes of the Board's last meeting, held March 13, 1995, were approved as presented. Minutes of the Planning Commission and the Western Washtenaw Recycling Authority were accepted.

Bills paid since last meeting were reviewed. Amendments were made to the General Fund budget. The Treasurer's report was accepted. Approval was given for payment of bills totaling \$4046.79 in the General Fund, \$2541.67 in the Road Fund, and \$250 in the Constable Equipment Fund. The Treasurer was directed to make the yearly payment on Fire Truck 7-3 from the Fire Truck Millage Fund and to make an additional payment on the principle to lower the balance due.

Chief Scully reported that new hose has been installed on the Jeeps, EMT training is continuing, and foam training will be held this month. The final report has been sent in compliance with the OSHA inspection. Supervisor Mann and Trustee Widmayer will work with members of the Fire Department to produce general specs for a new fire truck. The activity report for March included 3 fires, 8 medical, 5 personal injury, 2 miscellaneous, for a total of 18 runs.

The state Fire Marshall is recommending that no burn permits be issued from April 15 through May 15, 1995.

Lyle Moore has returned to duty as Constable and Zoning Administrator.

There is a vacancy on the Planning Commission. Also, the Planning Commission is in need of a recording secretary. Any person interested in either position should contact Supervisor Mann or the township office. A donation of \$3000 from FBI monies received from the County was authorized for the Western Washtenaw Recycling Authority for use for capitol improvements.

Supervisor Mann reminded the Board that phone books may be recycled with newspapers in the bin at the recycling station in town.

Odd Jobs by Paul Reinhart was approved for mowing of Reynolds Corner Cemetery, and approval was given for clean up of the cemetery grounds.

Various items of correspondence presented required no action from the Board. There being no further business to come before the Board, the meeting adjourned at 10:26 p.m.

The next regular meeting of the Manchester Township Board will be Monday, May 8, 1995, at 8:00 p.m. at the Township Hall-275 S. Macomb Street. A complete copy of the minutes may be viewed in the township office during normal office hours, which are Monday, Tuesday, Wednesday, and Friday from 8:30 a.m. to noon.

Submitted by Kathleen M. Hakes, Clerk

Approved by Ronald E. Mann, Supervisor

## BRIDGEWATER TOWNSHIP ORDINANCE NUMBER 23

### SECTION 1.01 - TITLE

This ordinance shall be known and may be cited as "The Bridgewater Township Lot Split Ordinance."

### SECTION 1.02 - PURPOSES

The purposes of this Ordinance are:

- To better monitor the creation of new parcels.

- To inform and educate property owners regarding what types of lots can be created pursuant to the local zoning ordinance.

- To protect innocent third parties from purchasing substandard lots.

- To ensure that newly-created parcels are not "landlocked" and that parcels without the requisite frontage on a public road are given sufficient easement width and quality to ensure adequate access to a public road.

To improve communication and coordination between Township and County governmental units regarding land divisions.

- To implement a definite and orderly procedure for land division.

### SECTION 2.01 - DEFINITIONS

LOT means any continuous real estate under one tax description regardless of whether it is platted or unplatted.

SPLIT means the division of any lot by changing its boundaries by deed, land contract, bequest or any other form of conveyance of title. It includes leases for periods of ten years or more.

PERSON means a natural person, firm, corporation, association, partnership, or combination of any of them.

PLAT means the division of land as a part of an approved and recorded plat pursuant to the laws of the State of Michigan.

### SECTION 3.01 - LOT SPLIT APPROVAL REQUIRED

No person shall split any lot except in accordance with the provisions of this ordinance, unless the split is approved as a part of a recorded plat.

### SECTION 4.01 - THE APPLICATION PROCESS

Three copies of the following information must be submitted with all applications for the division of any lot or any parcel of land located in Bridgewater Township:

A. A documented ten (10) year history of ownership of the property to be divided.

B. The names of all persons owning or acquiring legal or equitable interest.

C. A legal description of all parcels which shall provide the number of acres to the one hundredth, or for parcels less than an acre, the number of square feet.

D. The applicant shall provide a survey of the property together with legal descriptions of all parcels, as prepared by a land surveyor or engineer registered in the State of Michigan unless the survey is waived by the Bridgewater Township Planning Commission.

E. A copy of the most recent tax bill pertaining to the parcel.

F. A drawing of the parcel as it exists prior to the proposed division. This drawing may be incorporated in section G below.

G. A drawing of the parcel as it will appear following the proposed division, including the following information:

1. North arrow, date and scale. The scale shall not be less than one (1) inch equal to one hundred (100) feet.

2. Existing and proposed lot lines and dimensions.

3. Existing utilities and County drainage courses within fifty (50) feet of the proposed lot lines.

4. Location and dimensions of existing and proposed easements, lot numbers, roadways and lot irons.

5. Existing structures on the proposed lot(s) and all structures within fifty (50) feet of the proposed lot lines.

6. Zoning Classification and any Conditional Use Permits of the lot(s) to be split and all abutting lots.

7. All required front, rear and side yard setbacks resulting from the requested split.

H. The name and address of the person to whom all correspondence concerning the division is to be directed, with the specific designation of the person acting as the agent for all other owners.

I. If part of the parcel being divided is being combined with other land, the land being combined shall be placed under one legal description and a drawing and legal description of said combined land shall be attached to the application.

### SECTION 4.02 - SIGNATURE REQUIREMENTS

All owners of all land involved in the division, whether they own the land before the division, or will own any part of the land involved after the division, and any other parties in interest (including mortgagees and land contract vendors), must sign the lot split application.

### SECTION 5.02 - APPROVAL AND APPEALS PROCESS

All applications for lot splits shall be submitted to the Bridgewater Township Clerk.

A. The Township Clerk shall forward one copy to the Planning Commission Chair, one copy to the Zoning Administrator, and retain one copy for the Township records.

B. The Planning Commission Chair shall review the application and submitted information for acceptance or denial of the application within 30 days of receipt. Acceptance or denial will be made in writing and will be based on whether the application complies with sections 4.01 and 4.02 of this ordinance.

C. Upon acceptance of the application, the Planning Commission Chair and the Zoning Administrator will review the application and submitted information for approval or denial of the lot split within 30 days of acceptance of the application. Approval or denial will be made in writing and will be based on whether the proposed lot split complies with the standards of subsection D of this section.

All approved lot split applications for the division of any lot or any parcel of land located in Bridgewater Township shall include a permit which includes a statement signed by both the Bridgewater Township Planning Commission Chair and Zoning Administrator that, to their knowledge, the proposed lot split meets the following requirements:

1. The resulting parcels do not violate the Bridgewater Township

Zoning Ordinance.

2. All the resulting parcels may be reached directly from a public road or from a private road which has been approved pursuant to a Township ordinance.

3. The lot split does not violate the Subdivision Control Act or any other state law or local ordinance.

E. If an application for the division of a lot or parcel of land is not approved, the applicant may appeal the decision to the Bridgewater Township Zoning Board of Appeals.

### SECTION 6.01 - FILING OF DEEDS AND TRANSFER DOCUMENTS

Approval of a lot split shall remain effective only if the deeds or other transfer documents are recorded with the Washtenaw county register of Deeds within one year of the lot split approval. For good cause the Chair of the Planning Commission and the Zoning Administrator may extend the time for recording.

B. A copy of the recorded instrument(s) shall be filed with the Township Clerk.

C. The filing of such deeds or transfer documents shall be the responsibility of the parties involved.

Property Tax I.D. Numbers will be provided at Washtenaw County Equalization Department with proof of compliance with this ordinance.

E. Property addresses may be obtained from the Bridgewater Township Zoning Administrator after obtaining a property Tax I.D. Number from the Washtenaw County Equalization Department.

### SECTION 7.01 - PENALTY

A. No permit shall be issued for construction on any property with boundaries established by a lot split that violated this ordinance.

B. No tax identification number will be issued for any property with boundaries established by a lot split that violated this ordinance.

C. If application is made for a lot split after a conveyance which violated this ordinance, the application fee shall be doubled.

### SECTION 8.01 - FEES

The Bridgewater Township Board may establish application fees to cover the cost of reviewing and approving lot splits within Bridgewater Township.

### SECTION 9.01 - VALIDITY AND SEVERABILITY

If any court of competent jurisdiction shall declare any part of this Ordinance to be invalid, such ruling shall not affect any other provisions of this Ordinance not specifically included in said ruling.

If any court of competent jurisdiction shall declare invalid the application of any provision of this Ordinance to a particular land, parcel, lot, use, building or structure, such ruling shall not affect the application of said provision to any particular land, parcel, lot, use, building or structure not specifically included in said ruling.

### SECTION 10.01 - EFFECTIVE DATE

This Ordinance shall be effective immediately upon its publication.

### SECTION 11.01 - CERTIFICATES

I, Karen Weidmayer, Clerk of the Township of Bridgewater, Washtenaw County, Michigan, hereby certify that the foregoing ordinance of the Township of Bridgewater was duly adopted by

the Township Board of Bridgewater Township at a regular meeting held April 19, 1995

I further certify that board members V. Mann, D. Parr, C. Peacock, A. Wahl, Jr., K. Weidmayer voted for adoption of the ordinance and board members - none voted against adoption. I further certify that the ordinance was printed and published on the 27th day of April 1995, in the Manchester Enterprise, a newspaper circulated in the township of Bridgewater. I further certify that I mailed a copy of the foregoing ordinance to the Washtenaw County Clerk on April 27, 1995.

Karen Weidmayer, Clerk

## Bridgewater Township Planning Commission

April 10, 1995  
Summary  
Minutes

The request by John Martin Russell and Sandra J. Russell, 9355 Willow Road/ Saline to amend their commercial kennel conditional use permit to allow boarding of dogs and cats owned by the public was approved subject to the amended conditions.

Ronald and Deborah Hodges, 11491 Hogan Road, were granted a one-year extension on their temporary dwelling permit.

Robert, Suzanne and William Szyndlar were present for a preliminary discussion of a proposed golf course to be located at 1345 E. Michigan Avenue, Clinton. Chairman Fish stated that the property was zoned agricultural, and the proposed golf course would have to go through the conditional use process. He also stated that the course would have to meet all Department of Natural Resources requirements.

Chairman Fish reported that he will contact the County Road Commission regarding a private road presentation. If possible, he will request the presentation for the May meeting.

Chairman Fish distributed a memorandum discussing consideration of natural gas service franchising in the Township. The Township is being reviewed for gas service by potential providers. He indicated that both Consumers Power and Michigan Consolidated Gas Company would be making presentations to the Township. (Note: The Bridgewater Township Board will hold a special meeting at 8:00 P.M. Wednesday, May 10, 1995 at the Township Hall to hear the presentations. All Township residents are encouraged to attend.)

The next meeting is May 8, 1995 at 7:30 P.M.

Wade Peacock, Secretary

**VILLAGE OF Manchester  
WASHTENAW COUNTY, MICHIGAN  
NOTICE OF ADOPTED ORDINANCE**

**TO: THE RESIDENTS AND PROPERTY OWNERS OF THE VILLAGE OF MANCHESTER,  
WASHTENAW COUNTY, MICHIGAN AND ANY OTHER INTERESTED PERSON:**

**PLEASE TAKE NOTICE** that the Village Council of Manchester Village adopted Ordinance No. 221 ("Ordinance") of the Ordinances of Manchester Village, which amends, deletes and adds sections to the Manchester Village Traffic Code. A synopsis of the newly adopted Ordinance No. 221 is set forth below.

**PURPOSE.** Act 211, Public Acts of Michigan, 1994 ("Act") amended the Michigan Vehicle Code relating to drinking and driving offenses by adding a new section making it a crime for persons under 21 years of age to operate a motor vehicle with "any bodily alcohol content" as defined by the Act. The "Ordinance" amends, adds and deletes sections, and makes all changes necessary and proper to assure that the Manchester Village Traffic Code contains provisions identical to those stated in sections 625 to section 625m of the Michigan Vehicle Code, Act No. 300 of the Public Acts of 1949, as amended, being sections 257.625 to 257.625m of the Michigan Compiled Laws, and repeals and replaces other sections of the code to be more consistent with provisions in the Michigan Vehicle Code.

**SYNOPSIS**

**SECTION 5.15: OPERATING A MOTOR VEHICLE WHILE UNDER THE INFLUENCE.** This section replaces Section 5.15, Manchester Village Traffic Code with a section which:

- 1) Prescribes offense of driving while under the influence of intoxicating liquor or controlled substance, or a combination thereof;
- 2) Prescribes operation of a motor vehicle upon a highway or other place open to the general public, or generally accessible to motor vehicles, while having a blood alcohol level of .10% or more by weight of alcohol;
- 3) Prescribes the offense of operating a motor vehicle upon a highway or other place open to the general public, or generally accessible to motor vehicles, while visibly impaired by the consumption of alcohol or controlled substance, or a combination thereof, or while having a blood alcohol level greater than .07% and less than .10% by weight of alcohol;
- 4) Prescribes the offense of permitting an intoxicated person to operate a motor vehicle;
- 5) Prescribes the offense of operating a motor vehicle by persons under the age of 21 years with "any bodily alcohol content" in the system;
- 6) Provides for enhancement of penalty to felony for operating a vehicle while under the influence of intoxicating liquor or controlled substance which results in another persons death;
- 7) Provides for enhancement of penalty to felony for operating a vehicle while under the influence of intoxicating liquor or controlled substance which results in long-term incapacitating injury to another person;
- 8) Prescribes penalties for all of the above and enhancement of penalties for multiple and/or subsequent violations;
- 9) Gives the court discretion to assess the costs of prosecution against a person who is prosecuted for violations of the "Ordinance";
- 10) Prescribes the procedure for establishing prior convictions for driving while under the influence of intoxicating liquor or controlled substance, or a combination thereof;
- 11) Requires the prosecuting attorney to give notice of prior convictions to a person being prosecuted under the ordinance if the prosecuting attorney is seeking an enhanced sentence as provided for in the "Ordinance";
- 12) Requires that there can be no plea reduction from operating while under the influence or operating while impaired to the offense of operating with "any bodily alcohol content" by a person under 21 years of age;

13) Prescribes that the penalty for conviction of attempt to commit an offense described in the "Ordinance" is the same as if the offense was completed;

14) Prescribes the form of verdict to be used for violation of the "Ordinance"; and

15) Requires the court to report convictions to the secretary or state.

**SECTION 5.15a: ARREST WITHOUT WARRANT OF INTOXICATED DRIVER INVOLVED IN ACCIDENT: CHEMICAL TEST ANALYSIS.** This section replaces Section 5.15a of the Manchester Village Traffic Code with a section which:

- 1) Provides that an officer may arrest a person without a warrant if the person is involved in an accident and there is probable cause to believe that the person is in violation of the "Ordinance";
- 2) Provides that an officer who has reasonable cause to believe that a person is in violation of the "Ordinance" may require the person to submit to a preliminary chemical breath analysis and arrest the person in whole or in part based on the results of the analysis;
- 3) Prescribes penalties for refusal to submit to a preliminary chemical breath analysis;
- 4) Prescribes the rules and procedures to governing the use of chemical breath and blood test analysis at trial for violation of the "Ordinance" and how samples for chemical test analysis shall be obtained;
- 5) Requires that the results of chemical test analysis be made available to a person being charged with violation of the "Ordinance";
- 6) Requires that certain legal presumptions be followed and applied regarding the results of any chemical test analysis performed pursuant to the rules and procedures as established in the "Ordinance"; and
- 7) Describes the purposes for which a person's refusal to submit to chemical test analysis may be used in the prosecution of a person for violation of the "Ordinance".

**SECTION 5.15aa:** This section is deleted from Manchester Village Traffic Code.

**SECTION 5.15b: ARRAIGNMENT, PRETRIAL AND COURT PROCEDURE.** This section replaces Section 5.15b of the Manchester Village Traffic Code with a section which:

- 1) Establishes time limits for the occurrence of arraignment, pretrial and trial of persons charged with violation of this "Ordinance";
- 2) Establishes conditions upon which adjournments may be granted by the court;
- 3) Establishes the requirement that, prior to sentencing for violation of this ordinance, a person shall undergo screening and assessment to determine if he or she will benefit from an alcohol treatment program;
- 4) Requires the court to consider a person's master driving record prior to ordering license sanctions;
- 5) Establishes license sanctions and conditions upon which a restricted license may be issued to a person convicted of the "Ordinance"; and
- 6) Requires that a person convicted of the "Ordinance" must surrender his license to the court, and the court must forward an abstract of conviction to the secretary of state;

**SECTION 5.15bb:** This section is deleted from Manchester Village traffic Code.

**SECTION 5.15c: IMPLIED CONSENT.** This section replaces Section 5.15c of the Manchester Village Traffic Code with a section which prescribes the circumstances in which a person would be found to have given implied consent to chemical tests of his or her blood, breath or urine for the purpose of determining the amount of a controlled substance or both in his or her blood.

**SECTION 5.15cc:** This section is

deleted from Manchester Village Traffic Code.

**SECTION 5.15d: OBTAINING COURT ORDER UPON A PERSONS REFUSAL TO SUBMIT TO CHEMICAL TEST.** This section replaces section 5.15d of the Manchester Village Traffic Code with a section which provides that an officer must obtain a court order before a chemical test may be given to a person who refuses to submit to the test, and further requires that the person be advised of the consequences of refusal.

**SECTION 5.15e: RIGHT TO HEARING REGARDING REFUSAL OF CHEMICAL TEST.** This section replaces Section 5.15e of the Manchester Village Traffic Code with a section which provides that a person who refuses a chemical test pursuant to the "Ordinance" has a right to request a hearing to determine whether the refusal was proper.

**SECTION 5.15f: FAILURE TO REQUEST HEARING.** This section replaces Section 5.15f of the Manchester Village Traffic Code with a section which:

- 1) Requires automatic license sanctions against a person who fails to request a hearing regarding failure to take a chemical test;
- 2) Prescribes the procedure and scope of inquiry at a hearing for failure to take a chemical test;
- 3) Requires that a record of the proceeding be maintained; and
- 4) Prescribes license sanctions for a person who fails to prevail at the hearing.

**SECTION 5.15ff:** This section is deleted from the Manchester Village Traffic Code.

**SECTION 5.15g: CONFISCATION BY PEACE OFFICER OF ACCUSED'S LICENSE UPON FAILURE TO TAKE TEST OR IF TEST REVEALS IMPERMISSIBLE BLOOD ALCOHOL CONTENT.** This section replaces Section 5.15g of the Manchester Village Traffic Code with a section that prescribes that a peace officer shall confiscate the license from a person who refuses to take a chemical test pursuant to this ordinance, and also from a person who takes a chemical test and the result reveals an impermissible blood alcohol content.

**SECTION 5.15h: CREATION OF DRUNK DRIVING PREVENTION EQUIPMENT AND TRAINING FUND.** This section replaces Section 5.15h of the Manchester Village Traffic Code with a section that establishes a drunk driving prevention equipment and training fund to be administered by the state police for the purpose of purchase and maintenance of breath alcohol testing equipment and to provide training to law enforcement personnel in the use of such equipment.

**SECTION 5.15i: ANNUAL DRUNK DRIVING AUDIT.** This section replaces Section 5.15i of the Manchester Village Traffic Code with a section that prescribes the requirement that an audit and report of convictions and charges of drinking and driving offenses be prepared by the state police and reported to the University of Michigan for evaluation of the impact of drunk and impaired driving legislation.

**SECTION 5.15j:** This section is deleted from Manchester Village Traffic Code.

**SECTION 5.15k: ESTABLISHING STANDARDS FOR IGNITION INTERLOCK DEVICES.** This section is added to the Manchester Village Traffic Code and requires specifications to be established and circulated to manufactures of ignition interlock devices to establish certification standards.

**SECTION 5.15l: WARNING LABEL FOR IGNITION INTERLOCK DEVICES.** This section is added to the Manchester Village Traffic Code and requires a warning label to be at-

tached to an ignition interlock device which states that tampering, circumventing, or otherwise misusing the device is prohibited and sets penalties for such acts.

**SECTION 5.15m: OPERATING A COMMERCIAL MOTOR VEHICLE WITH CERTAIN PERCENTAGE OF ALCOHOL.** This section is added to the Manchester Village Traffic Code and prohibits the operation of a commercial motor vehicle with .04% or more but not more than .07% by weight of alcohol in the blood, prescribes arrest for violation, establishes penalties for violation, and provides for enhancement of penalties for multiple of subsequent offenses.

**SECTION 5.16b: OPEN INTOXICANTS IN MOTOR VEHICLE.** This section replaces Section 5.16b of the Manchester Village Traffic Code and prohibits carrying open intoxicants in the passenger compartment of a vehicle.

**SECTION 5.97: OVERTAKING OR MEETING STOPPED SCHOOL BUS: VIOLATION AS CIVIL INFRACTION: PRESUMPTION REGARDING REGISTERED OWNER OF VEHICLE: COMMUNITY SERVICE.** This section replaces Section 5.97 of the Manchester Village Traffic Code and prohibits passing a school bus when caution lights are actuated, makes failure to stop as required a civil infraction, provides for and evidentiary presumption that the registered owner of a vehicle was driving at the time of an offense, and authorizes the reviewing court to order community service as penalty for such violation.

**PLEASE TAKE NOTICE** that a true copy of the "Ordinance" can be inspected or obtained at the Village Clerk's office, Manchester Village Hall located at 120 S. Clinton St., Manchester, Michigan. The "Ordinance" takes effect 30 days after the date of this publication.

Manchester Village  
Karen Tucker, Clerk

**VILLAGE OF MANCHESTER**

**NOTICE OF ADOPTION ORDINANCE NO. 219**

**EFFECTIVE DATE: 10 DAYS AFTER PUBLICATION**

An ordinance to amend Chapter 51-Zoning, Article 21 - Sign Regulations, to allow for the Building Inspector to inspect and approve the hanging apparatus and installation of the sign.

Ordinance No. 216 is available in its entirety at the Village Hall upon request.

Karen Tucker  
Village Clerk

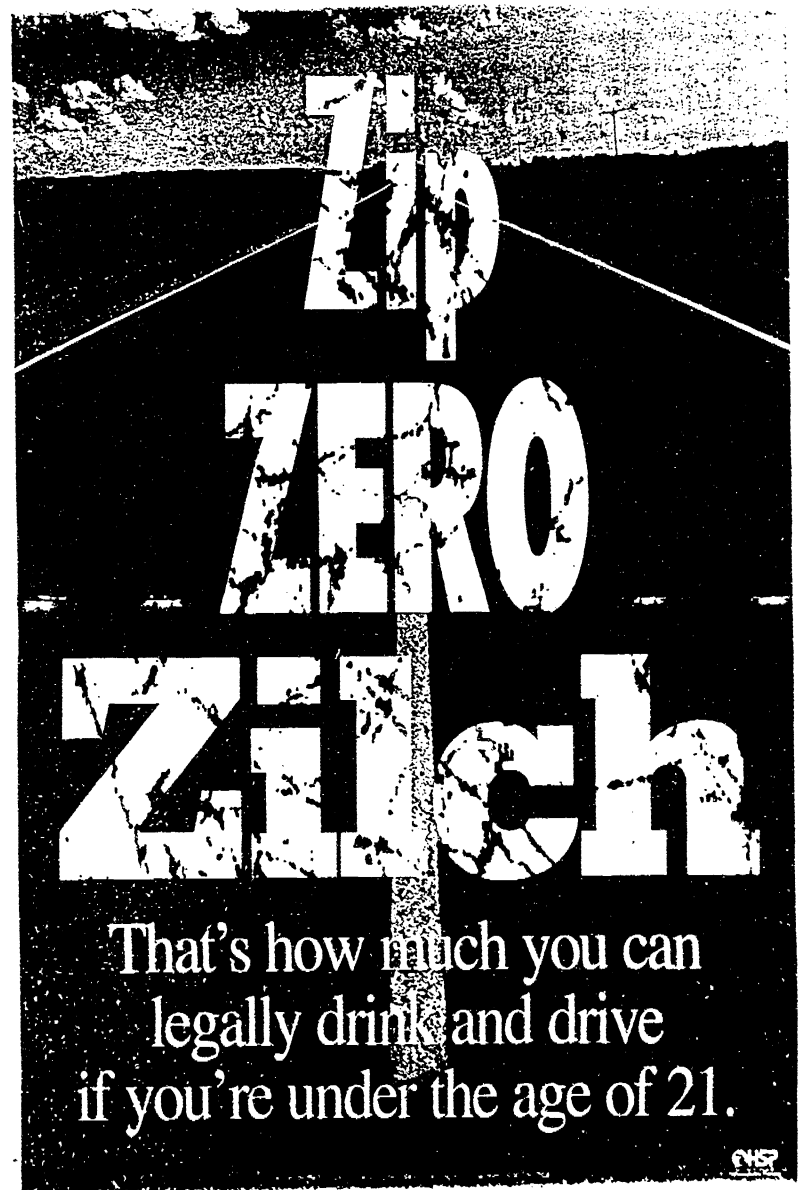

**NOTICE OF ADOPTION ORDINANCE NO. 220**

**EFFECTIVE DATE: 10 DAYS AFTER PUBLICATION**

An ordinance to amend Chapter 51-Zoning, Article 6 - R-1B, Section 5.74, to change the side yard setback and criteria for accessory buildings and structures.

Ordinance No. 220 is available in its entirety at the Village Hall upon request.

Karen Tucker  
Village Clerk

## Organizations

## Twentieth Century Club

The Twentieth Century Club met on April 11, at the home of Jean Little. After a brief business meeting, Ann Fowler introduced our speaker, Jan Barbour who presented a whirlwind tour of the food of the 1950's.

Jan, a local caterer, (best known for her delicious meals for senior citizens), used her knowledge of Chicago's ethnic communities, her background in the culinary arts, and to quote Jan, "the wonders of 800 numbers", to present a sometimes hilarious overview of America's eating habits.

Some popular foods originating in the 50's are Kraft marshmallow creme, Swanson Pot pies, TV dinners, and fish sticks. One brand of frozen egg rolls started in a small Chicago kitchen financed in part by Jan's family. Kool-Aid, popular in the 50's, was invented in the 20's. And Tupperware, while existing in the 40's, only became popular through the introduction of home parties in 1951.

Members shared reminiscences of the 50's while enjoying refreshments. Co-hostess Virginia Fielder served a variety of snacks appropriate to the evening's theme including Chex Mix, Appian Way pizza, and baked goods from Betty Crocker, Pepperidge Farm, and Jiffy Mix.

## Manchester Area Historical Society

The Manchester Area Historical Society met on Tuesday, April 18, in the Blacksmith Shop to hear a program on antique quilts presented by Julie Hacala. On display were the five quilts owned by the society and quilts brought in by area residents. Julie brought in a number of quilts also to demonstrate the different patterns and styles. She pointed out the differences in quilt making at different periods through the decades. Until 1960, cotton batting was used and quilts had to be stitched every half inch so they would not ball up. With the invention of polyester batting - came quilts with more spacing between the stitching. Quilts from the 1800's and early 1900's are made from dark colored fabrics. In the 1930's and 40's pastels became popular. It is sometimes hard to date a quilt because people kept material scrap bags from clothing they made and used the pieces as they wished.

Julie brought quilts that were pieced, appliqued, embroidered, and reverse appliqued.

**Quilting Tips:** Quilts should be kept away from light and moisture to preserve them. They should be re-folded every few months. Quilts should be laundered - never dry cleaned. They should never be hung on the line to dry. Quilts can be restored with new material that is made to resemble the old colors and patterns. New material should be sewn over the old that has deteriorated.

The next meeting will be held on May 16 and the program will be dedicated to John Swainson.

## Shakespeare Reading Club

The Shakespeare Reading Club met with Gail Curtis on April 18. Her topic, "What for is a Metaphor" dealt with the various ways in which metaphors have been used by poets, politicians and just plain folk expressing their thoughts in colorful, convincing and clever ways.

Shakespeare was a master of metaphor credited with being first to liken jealousy to a "green eyed monster" in *Othello*. Other examples of his use of metaphor were cited.

The point made by Benjamin Franklin in his advice to young men with the metaphor, "Time is money" is now so imbedded in our thought and language that we speak of spending, saving, wasting, investing - even budgeting time in the exact terms we apply to money.

Other metaphors have been built into our every day language that comes directly from the chicken and barn yards of simpler days. We understand what is meant by "scratching for a living" by a "pecking order", and "cock of the roost"; by a human "clucking like mother hen" or acting "like a chicken with its head cut off", or a contented cow "chewing her cud" a pig with his "feet in the trough". We applaud "team work" and those who "plow" into a job and "pull their share of the load", etc.

On another level, one cannot listen to the news and not realize how our politicians make their points or their criticism in metaphor, speaking of the 'ship of state' "steaming ahead", "floundering on restless seas", and of course, "listing too far to port or starboard."

The roll call responses from the members produced many more examples of metaphors in everyday usage.

## RAISIN VALLEY LAND TRUST

Preserving natural areas, rural and historical features of the Upper River Raisin Watershed

## SPRING CANOE TRIP PLANNED

With the cooperation of the Sharon Valley Acres Canoe Livery and the Sharon Mills Winery, the Raisin Valley Land Trust has put together a short day-trip package that you will not soon forget.

We will start with a two hour canoe trip on the morning of April 29 (rain date, Sunday May 7) at 10:30 a.m. The river will carry you along through marshes and forests, where flora and fauna reign and civilization has yet to show much of its face. You will be enchanted by the sights and sounds of nature; new spring growth, wildflowers, waterfowl and wildlife. Whether you know your birds or not, their message will be apparent to all within hearing range; **SPRING has arrived and it is time to rejoice and enjoy!** This is your chance to get an up-close look at the kind of habitat the RVLTL is poised to protect.

The last stretch of the trip takes you past the Nature Conservancy's Sharon Hollow Preserve on the north bank of the Sharon Mill Pond. This 238 acre preserve is home to

myriad wildflowers, birds and other flora and fauna, including several which are threatened or endangered. 260 plant species have been identified on the preserve.

The next stop is the Sharon Mills Winery where a scrumptious picnic lunch will be served, beginning with appetizers at 1:00 p.m. The winery is housed in a former mill, and was later operated by Henry Ford in his effort to use farm labor during the off-season to produce automobile components.

When everyone is settled in with lunch, we will give a brief update on RVLTL activities, then Howard Parr, a local historian, will take us on a trip back in time. We will try to leave you with a feeling that the present is a great place to be, and offers a wonderful opportunity to make a POSITIVE change.

For more information please call Sybil at 428-8108.

Our regular RVLTL Meetings are the first Wednesday of the month at the Blacksmith Shop.

May 3, - June 7, - July 5.

**Announcements**

*Wedding Bells*

**Waldron-Guenther**

Wendy Sue Waldron became the bride of Michael Lawrence Guenther on February 18, 1995 in a ceremony officiated by Rev. Richard Hardy at Bethel United Church of Christ.

Parents of the bride are Ronald and Janet Waldron of Ann Arbor. Wendy is a 1990 graduate of Manchester High School and is employed as a dental hygienist. Parents of the groom are Larry Guenther of Saline and Ronald and Joyce Wild of Saline. Michael is a 1986 graduate of Saline High School and is employed at Ford Motor Company.

Honor attendants were Rachel Hill of Saline and Duane Guenther of Clinton. Bridesmaids were Tammy Turk of Clinton, Renea Nickerson of Manchester, and Sara Waldron of Addison. Groomsmen included Dean Marion of Saline, Jeff Ahrens of Clinton, and Kevin Marion of Saline. Ushers were Brian Waldron of Addison, Jeff Butts of Saline, and Rex Robison of Saline. Ring Bearer was Travis Turk of Jackson.

Following a reception at the Washtenaw Farm Council Grounds, the newlyweds traveled to Orlando, Florida. The couple resides in Tipton.

**TEACHER APPRECIATION WEEK!  
Show Your Teachers That You Care**

State Senator Joe Young, Jr. has honored Michigan's teachers by sponsoring Senate Concurrent Resolution 86 commemorating May 1-5, 1995 as Teacher Appreciation Week, and May 3, 1995 as Teacher Appreciation Day.

"We trust our teachers with our most precious resources, our children, and teachers do one of the most, if not the most, important jobs in society. I introduced this resolution to encourage all of

us to take the time to think about and recognize the importance of teachers in our lives," said Young.

"We often hear about the negative side of our teachers—suggested lack of training, strikes, walkouts and contract negotiations. We forget that there are far more good teachers than not, and far more progressive teachers where true learning is happening.

"When we think of the

people who most influenced our lives, nearly all of us name a teacher as one of those people.

"Teacher Appreciation Week and Teacher Appreciation Day will encourage us to remember those teachers, and to meet the teachers today who our children will someday look back on as the person who most affected their lives," Young said.

All of us can take a moment during the coming week to recognize and acknowledge the valuable role that teachers play in not only our own lives, but also in the lives of our friends, families and loved ones.

## Dundee Jaycees to Hold Las Vegas Night 2

On Saturday, May 6, the Dundee Jaycees will hold their second Vegas Night Party at the Old Mill Community Center. Located South off M-50 at 242 Toledo Street, the event opens at 8:00 PM and runs until 1:00 AM. Black Jack, Wheel Games and Dice Games will be played. Cash prizes will be awarded. FREE Door Prizes will be awarded hourly. Food and Drinks will be available. Proceeds from this project will go toward a Dundee High School Scholarship Fund.

Joe Fenner, Dundee Jaycee Community Development Vice President states, "We learned a lot from the first Vegas Nite. We've increased the betting limit and added more Black Jack tables. We are able to award one \$500 scholarship, and if this event is successful, we should be able to award another. If we can help some student reach for that goal of a college education through the scholarship fund, then we will have reached our goal of having made a positive impact on our state and our community."

### STATE OF MICHIGAN - PROBATE COURT - COUNTY OF WASHTENAW

**CLAIMS NOTICE - INDEPENDENT PROBATE** File No. 95-106917-IE. Estate of FLORENCE B. WALKER, deceased, 385-16-6517. TO ALL INTERESTED PERSONS: Your interest in the estate may be barred or affected by the following: The decedent, whose last known address was 116 Dewey Street, Chelsea, MI 48118, died March 28, 1995. An instrument dated March 2, 1995 has been admitted as the will of the deceased.

Creditors of the deceased are notified that all claims against the estate will be forever barred unless presented to the independent personal representative, Edward G. Walker, 12821 Sharon Valley Road, Brooklyn, MI 49230, or to both the independent personal representative and the Washtenaw County Probate Court, Ann Arbor, MI 48107 within four months of the date of publication of this notice. Notice is further given that the estate will be thereafter assigned and distributed to the persons entitled to it.

**Bicycle Safety**

# Pull out the bikes, lock in the safety, AAA Michigan says

It's spring! Time to dust off the bicycle, don a helmet, pull up the kick-stand, and enjoy pedaling in the fresh breezes of springtime.

In Michigan many children are doing just that, but unfortunately some are bicycling with abandon, unaware of how to ride safely.

Should we be concerned? Yes.

Eighteen bicyclists under 15 died statewide in 1993 — 62 percent of the 29 bicycle deaths in Michigan that year.

"Studies suggest young riders' mistakes often cause crashes with cars," says Jerry Basch, AAA Michigan Community Safety Services manager. "That's true for boys and girls up to age 12."

Part of the difficulty is inaccurate perception, he said. As a result, young riders sometimes misjudge the speed of oncoming vehicles.

"Children may think it's safe to cross the street when

it's often dangerous," Basch says. "The gap in traffic may be too short for a safe crossing."

Young riders can reduce the risk of crashes with cars by following these guidelines:

- Be cautious when entering roadways from driveways and alleys. Remember to slow down, stop and look for traffic.

- Ride with traffic on the right-hand side of the street.

- Stop at stop signs.

- Obey traffic signals and watch for turning ve-

hicles.

- Signal before turning and look before changing lanes.

Parents can play a key role in helping children ride safely, Basch adds. For safe

*Bike helmets help to protect children (and adults) from head injuries*

percent of bicycle deaths involve head injuries. Fewer than 2 percent of children regularly wear helmets.

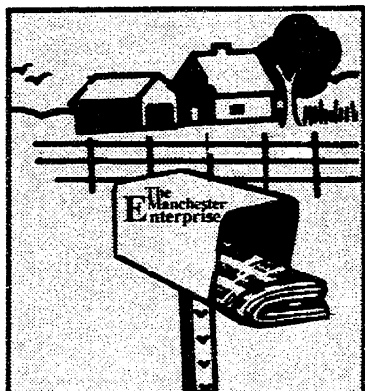

- Coach children before they move from sidewalk to street riding to make sure they can do so safely. They should know the "Rules of the Road" for bicycling safely, the risks of sharing the road with motor vehicles and demonstrate the judgment and maturity necessary for safe riding.

- Inspect bicycles to make sure the brakes and tires are in good condition.

- Make sure bicycles are sized properly to children. In a traffic situation, kids may have difficulty controlling a bicycle that is too big.

fun, here are a few reminders this spring bicycling season:

- Riders should always wear helmets! About 80
