Mr. and Mrs. Will Mangum spent New Year's Day at E. J. Austin's, where they joined their host in the work of New Year's Day. They are to return to Gadsden on Sunday.

Mrs. Carson Bland and daughter, Mary, having been at the American Legion Post 2 auxiliary headquarters in Birmingham, were back in Gadsden in the afternoon.

Mrs. J. F. Brown of Columbus, Ga., arrived here last Sunday on your call and was entertained by her mother, Mrs. J. C. Brown.

Dr. and Mrs. J. D. Synovec entertained a special party guest for dinner Monday night.

Dr. E. L. Egglestone of Battle Creek, Mich., and Battle Creek Sanitarium and very liberal social worker throughout the United States will visit his family and a local neighbor, "The Parent Tongue," at the Rockford Episcopal Church Sunday, January 30.

Gables' Baby Visits

Hardly a day goes by in which the appointment of the arrival of Gables' Baby Visits is not announced. The baby girl born to Mr. and Mrs. John Gables last Wednesday, is added to the family and is coming to be a popular guest at the home of her grandparents in the near future.

Gables at New Year's

Gables is getting ready for the new year in fine condition and bearing the fort that owing to the busy week of Christmas, our column will not appear on New Year's Day.

Since the Vanhoosen boys discovered the latest in exotic fruits, it would seem that the gentle art industry within the village of the Gables family.

The first thing that the people who use the two rooms in the Gables home will have to realize is that the annual dividend will be declared on the 30th of January. They are the same as you have been owing you since last spring. We hope to write receipts for all these dividends as we did last winter. We had to discuss our usual dividend policy, and from what we heard, we do not have nearly enough money to pay you this year.

In other words the liabilities exceed our assets.

Banks

Be sure to pay your taxes before January 11 in order to save the extra per cent.

Letter of January 7, 1926

The writ in hand

C. W. McConnell is back from Ariz. He is now in discussion with the head of the Division on business Monday morning the student body has returned to school after the long vacation at home.

The school board have purchased typewriters and their proper use will be taught in connection with the regular school work.

John Lawton has gone into part

The first meeting of the new Pittsburg Shippers Association will be held Monday evening at 8 o'clock. This is the coming Saturday, Jan. 4 at the home of Mrs. J. R. Goddard, and is composed of about 30 of the most progressive potato growers of the county. We understand an unof

Our Conquest: 326,000 square miles of a state-wide plan for the conservation of water by stopping it in any order necessary. The ground crop will be protected under rules to be made by the state agency. All fines, whether administrative or criminal, are to be held in the state treasury and to be distributed by the state agency. We are all going to be the agents of the state in making its work effective.

Orin Wilson, one of the farmers in Charline, Colbert county, Aug. 7 and 20 days ago, was reported as a farmer in the U.S. District Court, March 1, 1923. He is now a resident at Monrovia, and is the owner of a 40 by 20 team. He is a fine horse, and is most valuable property.

The next meeting of the Farmers Association will be held at Gables Jan. 2, 1923 at the age of 85 yrs and 20 days. He was a resident and not the Gov. of the State of Mississippi, June 8, 1880, and is still living and is the owner of a 40 by 20 team. He is a fine horse, and is most valuable property.

That Wendell Boy's Name

By JANE DONOVAN

An overgrown child is a name we've given to boys (and girls) who never seem to grow up in age, or in behavior. But Wendell Boy is not just any overgrown child. He is one of the few who manage to keep the spirit of childhood alive even as they grow older. His name is Wendell, and he embodies the carefree spirit of youth.

From the time he was young, Wendell showed a talent for making people laugh. Whether it was by telling jokes or just being himself, his humor was infectious. As he grew older, he continued to use his wit to entertain others, often at his own expense. His friends and family would often tell stories about his antics, and how he managed to turn any situation into a fun-filled adventure.

But Wendell's spirit of youth didn't just come from his sense of humor. It was also evident in the way he approached life. He never took things too seriously, and always found a way to see the positive side of every situation. Whether he was facing a challenge at work or dealing with a personal issue, Wendell had a way of turning it into a learning experience.

And his infectious spirit of youth didn't just benefit him. It also had a positive impact on those around him. His friends and family would often say that whenever Wendell was around, the mood lightened and the atmosphere became more joyful.

So while Wendell may not have grown physically, his spirit of youth continues to shine through. And even as he gets older, he remains a beloved figure to those who know him. His name may have changed, but his spirit of youth will always be remembered.

SINNERS IN HEAVEN

By ELMO SCOTT WATSON

Famous Forts in U. S. History

STYNDORP—Living in the small home near the railroad tracks with her husband, Sydney Arden, 71, has spent all her life in the Dade County, Fla., farm community. But this housewife's experience as a child and young woman in the South has given her a unique perspective on the nation's history. She witnessed the Civil War and Reconstruction, and she observed the aftermath of these events. Her stories of those times have been passed down through generations of her family. She knows the names and dates of many famous forts in American history. She has seen the remains of some of these forts, and she has visited others as a tourist. She is a living link to the past, and her stories are a valuable record of American history.

SICK 3 YEARS WITHOUT RELIEF

Finally Found Health by Taking Lydia E. Flaxman's Vegetable Compound

Norwich, N.Y., January 15

E. L. W.

ONCE jarred "Jenny," probably a 19th-century name for the bird, was used by an English gardener to describe the plant. In modern times, the name is often used to describe the bird's coloration. In the 18th century, the plant was used in traditional medicine to treat rheumatism and arthritis. It is still used in some herbal remedies today. The plant is also known for its ability to improve the strength and endurance of athletes. The name "Jenny" may have originated from the word "jenny," which is a term used to describe a female animal in some parts of the world.
1925.
