BASKET BALL
On Friday, our basketball team traveled to Three Rivers where they netted an over-whelming victory. The Redmen won, of course, and will now be ready to take on the Owosso Nationals for the championship. We are unable to break up their team to play against our own because of school regulations for Saturday.

SINNERS IN HEAVEN

PART THREE—Continued.

The ruined huts were terribly taxing.

"I wonder" suggested Barlow, who was sharecropping at the moment and would return to the living and the dead in a few days, "What are those?"

"They are the ruins of some old huts," explained Bony.

Within a short time more ruins were seen, but these were not as impressive as the one they had passed. About half an hour later they came upon a very large and impressive ruin.

"It was a very large and impressive ruin," Bony said. "The walls were very thick and the windows were very small."

"What about the doors?" asked Barlow.

"There were no doors," replied Bony. "The walls were very thick and the windows were very small."

51 DIE IN INDIANA COAL MINE BLAST

Workers Lose Lives When Miner's Lamp Ignites Gas in Sullivan Shaft.

Few tragic accidents in the history of coal mining can match the destruction wrought at Sullivan, Indiana, yesterday, when 51 men died in an explosion at the base of an elevator shaft. The blast occurred about 4:45 p.m. when a lamp belonging to a miner ignited a gas pocket at the base of the shaft. The explosion blew the cage and two men were killed. The blast occurred almost simultaneously with an explosion at the base of another elevator shaft, where two men were killed. The cause of the explosion was never determined.

TAX CUT IS URGED ON INHERITANCE

Coddige Says Present Rate Approaches Confiscation in Some Cases.

Washington, D.C. -Rep. Edward Coddige, D-Vt., proposed legislation providing for partial confiscation of the federal government's share of the inheritance tax. The new tax would be levied on inheritances of over a million dollars, with a two-tiered system. The rates would be 20% on inheritances up to $1 million, and 40% above that. The new tax would be phased in over a period of ten years.
