Have you read the "Patsy Bear at the Union Hotel"? Our next issue will bring the story to your local newsstand.

The Preserving Company will pack these here this year if they can.

The very best intentions of the best of people are often frustrated by the best of intentions. Last week we had a letter from a woman who asked us if we could make preserves of the fruits of this season. Unfortunately, it was not possible for us to make preserves on fruit alone. The seasonal delay is due to the fact that our facilities can only accommodate the fruits of a single season. We hope you are interested in continuing to enjoy these fruits throughout the season. Thank you for your continued support.
