Exchange Your Old Rugs, Carpets and Clothing for Up-to-date Rugs of New Value—Saved SHIPPED TO YOU WITHIN 24 HOURS

Say halt on rugs—replace your old with a new one—save money—get value for your money—get beauty and comfort. You can cast off the old, faded, and tattered rug for a new one, almost the same price. The new rug will be worth double the price of the old one.

Old rugs are rich and luxurious, but at the same time, they are expensive and costly to maintain. New rugs are more affordable, but they lack the charm and character of old rugs.

This book talks about an unusual exchange process. It describes how customers can swap their old rugs for new ones at a fraction of the cost. Old rugs are worth more than new ones, but they are less valuable for use. New rugs are cheaper, but they are not as attractive. Customers can save money on new rugs and get rid of old ones.

SENSED ON TRASH

Your new rugs may last longer than your old ones. They are designed to be more durable and resistant to wear and tear. They are made from high-quality materials that will not fade or wear out as quickly as old rugs.

BEG IN 24 HOURS

We ship your new rugs as soon as we receive your order. In other words, these new rugs will arrive in your home within 24 hours. Order today and get your new rugs in time for Christmas.
