Good Looks as Well as Good Service
The improved Ford Runabout, with its all-steel stream-line body, is an unusually good-looking car.

It hangs low to the ground, and the body has been lengthened and re-designed for greater comfort and convenience.

The gas tank under the cowl is filled from the outside, and the weatherproof storm curtains open with both doors. Under the sweeping rear deck is an unusually large compartment designed for convenience in carrying luggage.

Standard equipment includes four cord tires, nickel plated lamp rims and windshield wiper.

The price remains the same $260, and you can buy on the Ford Weekly Purchase Plan.
