Obituary

Adolph Leiber was born November 20, 1867, and died October 10, 1910, aged 43 years, 10 months, and 18 days.

He was united in marriage to Miss Mina M. Lamberth on November 22, 1890, leaving two daughters, Pauline and Ethel Jane.

He was well known in and about the village, having held several public offices and being the most beloved man I have ever known.

He was a charter member of the Elks, and was a member of the Rebekah Lodge and held offices of trust and honor to please and please his friends.

The news of his death, which came to me by telephone and while the funeral will not be seen in our midst, yet they will always be a part of our lives in all that most worthy, and forget and cover with kindly thoughts and loving light.

The wife, the children and the brother are left to mourn the loss of one of the kindest and most beloved men I have ever known.

A COVINGTON, KY., WOMAN
Makes Remarkable Recovery

Mrs. Harry Adams of Covington, Ky., who for years has been ailing with a serious nervous condition, has made a remarkable recovery as a result of treatment with aspirin.

Mrs. Adams had been troubled with headaches and nervousness for many years. She had tried various remedies, but with little success. Her physician recommended aspirin, and she began taking it regularly.

After a few weeks of treatment, Mrs. Adams noticed a significant improvement in her condition. Her headaches disappeared, and her nervousness lessened. She continued to take aspirin and her health has steadily improved over the years.

Mrs. Adams is grateful for the discovery of aspirin and credits it with her remarkable recovery. She advises others suffering from similar conditions to try aspirin under medical supervision.

Aspirin is a common drug used to relieve pain, reduce fever, and prevent clotting of blood. It is available without a prescription and is generally considered safe for most people. However, it can cause side effects such as stomach upset or bleeding, so it is important to follow a doctor's instructions when using it.

The story of Mrs. Adams' recovery adds to the growing body of evidence that aspirin may have health benefits beyond its well-known pain relief and fever-reducing properties.

CHAPTER VI

In Which There Is a Stormy Supper Party at the Ritz

The weather began to show signs of the storm that was coming in from the west. The sky grew dark and the wind began to howl. The guests at the Ritz became anxious and restless. Mrs. Clements was certain that they would have to leave as the storm grew worse. However, the guests did not want to leave and decided to stay anyway.

But the weather grew worse and the storm became a hurricane. The roof of the Ritz began to buckle and the walls began to crumble. The guests were trapped inside and had no choice but to stay.

The hurricane lasted for hours and the guests were in great danger. Mrs. Clements was sure that they would die if they stayed. However, the guests decided to stay and fight the storm.

The storm passed and the guests were rescued. They were all very grateful to Mrs. Clements for her courage in staying and fighting the storm.

But the storm had destroyed the Ritz and it had to be rebuilt. The guests donated all they had to rebuild the Ritz. The storm had not been in vain, for the guests had learned the value of courage and determination.
