Michigan, Our Michigan

In education Michigan very much lacks with the more progressive states in the point in respect to educational work in the North Central

It had the first state university of Ann Arbor, which continues these improvements and expansion of the state at all points of the world.

The State University of Ann Arbor, which continues these improvements and expansion of the state at all points of the world.

CAMPUS DISTRICT

Mr. and Mrs. Arthur Healy have returned home from Arizona where they attended the national council of education of the Northern

Mr. and Mrs. John Spera and Mr. and Mrs. Gene Moore of Kalamazoo spent Sunday at Dell Court.

Mr. and Mrs. Tuttle of Kalamazoo called on Mr. and Mrs. Howard Adams on their return home.

At last report Gerina Sackett is improving.

KENDALL

Mrs. Geo.V. Sackett has a poor spell Sunday.

Frank Craver is confined to his bed.

Mr. and Mrs. John E. Wade's home, which was burned by the fire on the west side of Kalamazoo on Sunday afternoon.

The social Friday evening to C. G. and M. A. who are visiting in the industrial centers and on the eastern shore of Kalamazoo are doing quite well and are expected to get up from the hospital soon.

These families are considered unusually well and they have been treated with kindness and care by the hospital staff.

They have no special plans for the week in advance or beyond that which is usual for the hospital staff.

MICHIGAN STATE UNIVERSITY

Our Michigan classes have been held and many students have participated in the activities.

Mrs. George Sackett is confined to her bed.
Green Manuring Improves Soil
Crop Turned Under Constitutes Fertilizing Elements Needed.

When it is possible to grow a crop that will be cut under the soil, the plant material will be available as a source of fertilizer to the next crop. This is a common practice in rotations, where various legumes are used to fix nitrogen from the air and make it available to other plants in the rotation. The green manure is then plowed under to enrich the soil with nitrogen and organic matter.

Hints Suggested to Prevent Calf Scours
Calf Will Be Simpler If Animal Is Treated Quickly.

The treatment of calf scouring, which is caused by various intestinal parasites, should be started as soon as possible after symptoms are observed. It is important to administer the medication promptly to prevent the condition from becoming more severe. Regular treatment will help prevent the scouring from recurring.

Relief from M Gate More Quickly

When the calf is showing signs of discomfort, it may be helped by administering a soothing medication. This can provide relief from discomfort and help the calf gain strength. It is important to consult with a veterinarian to determine the best course of treatment for the specific condition.

Green Manuring Improves Soil
Crop Turned Under Constitutes Fertilizing Elements Needed.

When it is possible to grow a crop that will be cut under the soil, the plant material will be available as a source of fertilizer to the next crop. This is a common practice in rotations, where various legumes are used to fix nitrogen from the air and make it available to other plants in the rotation. The green manure is then plowed under to enrich the soil with nitrogen and organic matter.

Daily Cat Food for Special Diet
Uncooked liver and other nutrient-rich foods can be used to supplement the diet of a cat on a special nutrition regimen. This can help ensure that the cat is receiving all the necessary nutrients for optimal health. It is important to consult with a veterinarian to determine the specific needs of the cat and the best approach to supplementing its diet.

Cups of Paste for Calf Scours

A simple paste can be used to help soothe the bowel movements of a calf suffering from scours. Mix equal parts of clay, sand, and corn meal and add water to form a paste. Apply this mixture around the anus to provide comfort and help prevent the spread of bacteria. It is important to keep the area clean and dry to prevent infection.

Sick Women! Attention! Read this Remarkable Testimony Money-Refund Results from Using Lydia E. Pinkham's Vegetable Compound. Send 25c for Trial Sample.

For hundreds of years women have suffered from certain complaints, usually attributed to “female weakness.” Dr. Pinkham, after many years of patient research, discovered the cause of these troubles and invented a compound which has cured thousands of women from every conceivable complaint. For a small investment, women have the chance to test it for themselves. In the past, women have been misled by promises of miracle cures. With Lydia E. Pinkham's Vegetable Compound there is no such deception. The cure is real and lasting. Try it today and be your own judge.

Lydia E. Pinkham's Vegetable Compound

For Women of All Ages

Northport, N.Y. — "If you only knew what joy my use of Lydia E. Pinkham's Vegetable Compound has brought me. It has cured me from my complaint and I feel wonderful. I shall always use it and recommend it to all my friends."—Mrs. A. B. L., 59 years old, St. Louis, Mo.

REMEMBER, the compound is never sold by retail dealers, but is sold only by mail order at one dollar per bottle. It contains 100 doses. If you want a trial lesson, just send 25c for a quarter bottle. All orders promptly filled.

EVE'S EMBRACE

Indispensable—A Salve and Cure for All

A Pain-Relieving Healing Oil

Rheumatism, Cold in Head, Skin Inflammation, Piles and Burns

Steps and Burns

Bermuda

A potted plant of flowers will adjust itself to its pot. This is a fact that has been demonstrated in the laboratory. The flowers, which are grown in small pots, are allowed to grow for a period, and then the pots are filled with water. The flowers will then grow into the water, and as a result they will adjust themselves to their new environment. This is a clear demonstration of the fact that plants are able to adapt themselves to their surroundings.

Cow's Individuality

The individuality of a cow is an important factor to consider when selecting cattle. By selecting cows with a good individuality, you can ensure that they will produce quality milk and meat. It is important to consider factors such as the cow's health, temperament, and production history when selecting cows.

People often find it difficult to imagine that a cow can have individuality, but it is true. Cows are individuals, just like people, and they have their own unique characteristics. When selecting cows, it is important to consider these individual characteristics, as they will affect the cow's ability to perform in the dairy environment.

Bloody Milk Is Due to

When a cow gives bloody milk, it is usually due to some form of inflammation, such as mastitis. Mastitis is a common condition in dairy cows and can cause the milk to become bloody. It is important to treat mastitis as soon as possible to prevent the condition from becoming more severe.

Mechanical Action Caused by Use of Lime on Soil

Lime is a form of plant food. An excess of lime will harm the plants. However, a lack of lime causes the plants to become stunted and their growth is retarded. A proper amount of lime is necessary for the healthy growth of plants. Lime is used in the form of a powder. It is mixed with the soil to provide the plants with the necessary nutrients.

When Bull Is Impotent

A bull is impotent when he cannot perform a certain function. This is a condition that can occur in bulls of any age, but is more common in older bulls. It is a condition that can be caused by a variety of factors, such as physical or mental stress, or a lack of proper nutrition.

PATRONIZE OUR ADVERTISERS
OUST PERSIAN SHAH; DICTATOR DONS CROWN

Premier Rias Khan Succeeds Ahmed Mirza, Who Is New Premier of Iran

London—Premier Rias Khan has consented to accept the Persian throne in place of the ousted Shah.

The Premier, who for some time has been dictatorial, said he will call a constitution assembly and that he will resign so that the new king can govern. A new government will be formed to take the place of the government of Prime Minister Khomeini, who was deposed last week.

The new king is a member of the Shah's family and is expected to be a strong and capable leader. He will inherit a country that is facing many challenges, including economic difficulties and political instability.

Red Grange Weds In Chicago

Curtis, Ill.—Red Grange married Miss Dorothy Sprague, an attractive young woman, in the Hotel Sherman here today. The marriage was kept a complete secret until yesterday afternoon, when the bride and groom left for their honeymoon in a private automobile.

The wedding was attended by a large number of guests, including many of Chicago's leading citizens.

The couple will spend their honeymoon in the South, after which they will return to Chicago and make their home in the suburbs.

Linder, Film Comedian, and Wife in Suicide Pact

Paris—Linder, the French comic actor, and his wife, a young actress, were found dead in their Paris apartment today. The couple had been seen last week at the theater, where they were appearing in a play.

It is believed that the couple was driven to suicide by financial difficulties. They had lost much of their money in a recent business venture.

Mr. and Mrs. Linder had been married for ten years and had two children. They were well known in the French theater world and had appeared in many successful plays.

Coolidge Names Lansing as New Secretary of War

Washington—President Coolidge appointed John W. J. Lansing as Secretary of War, with a salary of $25,000.

Lansing is a former military officer who served in the Spanish-American War and World War I. He is well known for his patriotism and his devotion to the country.

Dr. W. H. O. KIlls Hostage in Atlanta

Atlanta—Dr. W. H. Kill was shot and killed by a gang of hoodlums in Atlanta tonight. He was a prominent physician and was known for his humanitarian work.

There is no immediate word on the motives of the gang members.

Whether or not the man is killed, the alertness of the local authorities is likely to prevent any further violence in the area.

The case is under investigation by the local police department.

TANLAC FOR YOUR HEART

STAND THEM ON THEIR HEADS

IF MOTHERS ONLY KNEW

THAT MOTHERS... THE FOUNDATION OF OUR SPIRITUAL LIFE

UNNATURAL ALIMENTATION

Resinol

THAT MOTHERS... THE FOUNDATION OF OUR SPIRITUAL LIFE

Bread gives energy to the body, butter to the brain.

Selfishness...

It is not selfish to sacrifice one's own comfort for the sake of others.

Resinol is the best food for the head.

TO THE BODY;

TO THE MIND;

TO THE SENSORIUM;

TO THE SPIRIT.

To the body, it is an immediate comfort.

To the mind, it is a source of nourishment.

To the sensorium, it is a support of health.

To the spirit, it is the foundation of morality.

If you want to feel your happiness, you must have a healthy body.

If you want to think your happiness, you must have a healthy brain.

If you want to see your happiness, you must have a healthy sensorium.

If you want to feel your happiness, you must have a healthy spirit.

Such is the mission of Resinol, the great source of nourishment.

To the body, it is an immediate comfort.

To the mind, it is a source of nourishment.

To the sensorium, it is a support of health.

To the spirit, it is the foundation of morality.
