Another Fire

The fire bell again sounded the people of the town several times last week, but did not cause any panic. There was a report that fire of unknown origin was burning in the basement of the Post Office Building, but when the fire men had arrived on the scene, the flames had already been extinguished.

The reported house fire was at the home of Mr. and Mrs. Chalmers. It was stated that the cause of the fire was due to a carelessly discarded cigarette butt.

The fire department was again called to the scene of the fire, and within a short time the flames were under control. The cause of the fire is still under investigation.

The fire department is advising the public to be careful with matches and cigarettes, and to keep flammable materials away from sources of heat.

The Hotel Stenographer

"FILLLY," asked the Hotel Stenographer, "did you have an eventful afternoon in your work?"

"Yes, sir," answered the Hotel Stenographer. "I met aMr. Smith today."

"Oh, really? What nice people they are."

"Yes, sir. He asked me if I would like to go with him to the theater."

"That sounds nice. Did you accept?"

"No, sir. I had other plans."

"What were they?"

"I had to finish some reports for the boss."

"That's too bad."

"Yes, sir. But he was very understanding."

"What did you do then?"

"I spent the rest of the afternoon working on the reports."

"What a busy day you had."

"Yes, sir. But I managed to get it all done in the end."

"You're a hard worker."

"Thank you, sir."

The Hotel Stenographer went back to her desk, ready to tackle the next task on her list.

SAUCE

MUTTON AND SAUCES:

Mutton is one of our most wholesome meats, and would be far from a bad choice for those who are on a diet, whether looking for meat before or after a meal. The flavor of mutton is delicate and well worth experimenting with.

One of the important things to remember when preparing mutton is to wash it well before using it. If it is not washed thoroughly, there will be an unpleasant taste on the plate. It is also advisable to keep the mutton cold until you are ready to use it.

Sauce is one of the most important parts of any meal, and it is not something that should be neglected. It is a way of adding flavor to the dish and making it more enjoyable to eat.

Roast Mutton Sauce

In a pan, mix 1 cup of mutton broth, 1 cup of wine, 1 cup of stock, 1 cup of cream, and 1 cup of butter. Bring to a boil and let simmer for 10 minutes. Add 1 cup of chopped nuts and 1 cup of raisins. Season with salt and pepper.

Mutton and Vegetables

Mutton is a good meat for those who are on a diet, as it is low in fat and high in protein. It is also a good source of iron and other nutrients. When preparing mutton, it is important to wash it well before using it. It is also advisable to keep the mutton cold until you are ready to use it.

Wood's Marlowe

The Wood's Marlowe team is currently top of the league, with a record of 10 wins and 3 losses. The team has been playing exceptionally well, with their star player, John Smith, leading the way with 14 goals scored. The team's next match is against the rival team, the Blue Jays, and they are expected to win.

Cultivation of Alfalfa

Cultivation of alfalfa is an important crop for those who are on a diet, as it is low in fat and high in protein. It is also a good source of iron and other nutrients. When preparing alfalfa, it is important to wash it well before using it. It is also advisable to keep the alfalfa cold until you are ready to use it.

Cowpea Valuable as Hay for Different Animals

The cowpea is a valuable forage crop that can be used for different animals, depending on their dietary needs. It is low in fat and high in protein, making it a good choice for those who are on a diet. It is also a good source of iron and other nutrients. When preparing cowpeas, it is important to wash them well before using them. It is also advisable to keep the cowpeas cold until you are ready to use them.

Separator Care Quite Important

Separators are an important part of your wardrobe and should be kept in good condition. Follow these tips to keep your separators looking their best:

1. **Wash Separators:**
   - **Ingredients:** Warm water, mild detergent
   - **Temperature:** Cold
   - **Machine:** Gentle cycle
   - **Dry:** Line dry

2. **Avoid Hanging:**
   - Separators should not be hung on a clothesline or in a dryer. They should be placed in a cool, dry place to air dry.

3. **Store Separators:**
   - Store separators in a cool, dry place when not in use.

4. **Avoid Direct Sunlight:**
   - Direct sunlight can fade the color and damage the fabric of your separators.

5. **Avoid Heat:**
   - Avoid using separators near heat sources such as stoves or radiators.

By following these tips, you can ensure that your separators remain in good condition for years to come.
