Schools The Bancroft Fund is growing. Total deposits Friday amounted to $12.75 which is a very encouraging start. The Bancroft Fund School Savings Account does not earn interest. Money deposited in the Bank which the child may have, at the bank of the school year and must be paid in full plus interest can be transferred from the Bancroft Fund. Mrs. Redfield’s room is leading in the percentage of deposits received this quarter.

Business We were out again this week. We ask parents to refrain from signing and returning these forms. The forms that have been returned are now in a box below the form. We hope the difficulty can be adjusted.

The “Bonnie Belle” and “Good Times” will be given to the room for the next week.

Supplemental requests have been ordered for fourth grade.

Most can be found in each room in each grade. Those books that are ordered will be used as a supplementary assignment.

The library is expanding. The stack is close to the exit.

Our new branch now is open for蒸饭.

Watch for Parent’s Tea’s announcement.

Last Friday evening the upper classroom held a reception at the home of Mr. and Mrs. R. F. Stevens. The freshmen were seen and some old classmates may have one individually. Those books that are ordered will be used as a supplementary assignment.

Quality in Apples to Increase Consumption

By M. A. MACOUN

The sticker, having many and varied characteristics, is a useful tool in the trade for the classifiers of apples. It is a scientific device and is used in the trade for the classification of apples. It is a scientific device and is used in the trade for the classification of apples.

FINANCIAL ANNUAL MEETING OF THE AMERICAN ASSOCIATION OF GRAPES AND FRUITS

The financial annual meeting of the American Association of Grapes and Fruits was held in New York City this week. The meeting was attended by a large number of growers and dealers in apples and apples.

The meeting was addressed by several prominent speakers, including Mr. B. J. Wood, who gave an interesting address on the subject of the cultivation of apples and apples.

The meeting was also addressed by Mr. J. H. Brown, who gave a paper on the subject of the marketing of apples and apples.

The meeting was concluded by the adoption of a resolution expressing the thanks of the association to the managers of the meeting for their kind hospitality.

The meeting was well attended and was regarded as a great success.

The financial annual meeting of the American Association of Grapes and Fruits will be held in Washington next year.

OUR PASTURE DEPARTMENT

PASTURE IN UPPER PENINSULA

While the season is comparatively short for the Upper Peninsula, it is an ideal time for the growth of grasses. The soil is well suited for the growth of grasses and the climate is ideal for their growth.

The pasture is an important factor in the production of food. It is the source of the nourishment that is necessary for the growth of the animals.

The pasture is also an important factor in the economy of the community. It provides employment for the local inhabitants and it is an important source of income.

The pasture is an important factor in the health of the community. It is the source of the nourishment that is necessary for the growth of the animals.

The pasture is also an important factor in the economy of the community. It provides employment for the local inhabitants and it is an important source of income.

MINERALS IN EGG MASH

Egg mash is an important factor in the production of eggs and poultry. It is the source of the nourishment that is necessary for the growth of the animals.

The egg mash is also an important factor in the economy of the community. It provides employment for the local inhabitants and it is an important source of income.

OUR PASTURE DEPARTMENT

Sunday, November 25, 1860

Recently, there has been a great increase in the production of eggs and poultry. The increase is due to the fact that the people are now more conscious of the importance of proper nutrition.

The increase is also due to the fact that the people are now more conscious of the importance of proper nutrition.

The increase is also due to the fact that the people are now more conscious of the importance of proper nutrition.

The increase is also due to the fact that the people are now more conscious of the importance of proper nutrition.

A Word With the Old Folks

Eldery People Have Amazing Poses of Good Elimination. Themselves.

The title is a play on words, referring to the idea that elderly people have a tendency to avoid drinking water, which can lead to constipation. The phrase "Eldery People Have Amazing Poses of Good Elimination" is a humorous way of emphasizing the challenge many elderly individuals face in maintaining regular bowel movements.

A Case Of The COUNCIL PINE

By COUNCIL PINE

Charles E. Belknap

The COUNCIL PINE

The Creating Of The COUNCIL PINE

This story was told by a man-of-the-woods of the small town of Council Pine, Minnesota.

The man was a naturalist who had spent his life studying the pine tree. He was known throughout the region for his knowledge of the tree's growth and development.

The Council Pine had been a symbol of strength and resilience for the people of the town. It had stood tall and proud through countless storms and fires, always recovering and growing stronger.

In the story, the man tells of the day when a severe storm threatened to bring down the tree. With determination, he worked tirelessly to ensure the tree's survival, using every tool and skill he had to protect it.

The Council Pine now serves as a reminder of the power of perseverance and the importance of respecting nature's forces.
To the Voters of Van Buren County

I Am a Candidate in Favor of the Office of Prosecuting Attorney

As you know I am a candidate for the Democratic Ticket for the office of Prosecuting Attorney at the coming full election on November 2, 1920.

This is no campaign for free advertising for complementory votes but one for election.

I am a young, married man, recently admitted to the Michigan Bar and feel that your vote, or your son's vote, is invaluable to me in this office and use it as a stepping stone to my future career.

My opponent has already been given by the people the county term, or ten years in this office.

I am sure he will mean that he would hold the office of prosecuting attorney for six terms or ten years.

The voice has spoken in the recent primary in a way that indicates that they do not like LIVE TENT.

There is an old saying that "If a public office is a good thing then accept it, but if it's a bad thing, don't burden one man too long."}

I shall be glad to have and therefore invite the County Board of Supervisors to discuss any advance in favor of my candidacy. If there is no criticism made by me I hope it shall be constructive and in my name nothing but destruction.

I believe if you can disagree you can agree. If you can disagree you know your position and that you use your influence in behalf of the people for the best Government.

I am a free agent not bound to any organization.

I do not demand the support of all the women regardless of party and creed, and promise then if elected that I will make good.

Watch my arguments in this space weekly.

Respectfully submitted,

ROBERT H. CAVANAUGH.

People Sometimes Think

A few to consider:

1. People are sometimes not as smart as they think they are.
2. People sometimes have more money than they think they do.
3. People sometimes think they are more important than they are.
