A Successful Growers' Association
By W. B. ARROW

THE principle of Cooperative Marketing, when properly applied, is one of the surest devices to protect the farmer from the plunders of the producer's problem. However, the average farmer is not aware of the fact that some cooperatively small farmers are reaping greater benefits from the methods of marketing than the producer of the idea. In this connection, there are always outstanding and interesting instances to illustrate the history of the cooperatives and the cooperative method of marketing. It has been shown that the Federal Service has the advantage of having many members who are far less than the entire membership, but that the Federal Service is the only cooperative service in the country that can truly be considered as a cooperative service. ORDER FOR PUBLICATION

STATE OF MICHIGAN 

The Gobles News, of Gobles, in the county of Allegan, State of Michigan, on the 10th day of May, A.D. 1916, do publish the following:...
COMMENCEMENT AT ALBION JUNE 7

With commencement day set for Thursday, June 7, much will be said about the commencement exercises, but there will be a record early closing this year. For the first time, except possibly during the War, commencement week will be marked by a record early closing of the schools for the year. The final examinations will be the longest in any year since the beginning of the school system.

Renaissance statues showed there were 37 commencement exercises, but the actual number is 13 in the entire country. The total enrollment for the school year is 2,180,000,000, of which 32,000,000 are in primary and secondary schools.

Old Settlers to Picnic
At Old Mission June 22

The forty-ninth annual Old Setlers picnic will be held on June 22, on the grounds of the Old Mission, Bay City. This picnic is of special interest to the people of the Bay County and the surrounding area, as it is the only event of the kind that is held in the county. The picnic will be held on June 22, and the people are invited to attend.
