**LOCAL BEITIES**

**Eastern Star dances tonight**

Dr. and Mrs. Bost are home again from a visit to Blvd. Bonna and Mrs. Helen Luce in Rome, Ga., where they spent last week. Mrs. Luce has been very ill. 

Mrs. Bost is visiting her sister in Rome, Ga. 

This week's entertainment was given by Mrs. Bost and Mrs. Helen Luce, who entertained 25 guests at a dinner party at Mrs. Bost's home on Saturday. The menu consisted of roast beef, vegetables, salad, and fruit. Mrs. Bost and Mrs. Helen Luce were accompanied by Mrs. Helen Luce's sister, Mrs. Helen Bost, who was visiting from Rome, Ga. 

The entertainment was a great success, with everyone enjoying themselves. The evening ended with a game of cards, and all guests departed happy and well fed.

**Jays of Life**

One of the jacks of life is the model boat, and it is easy to see why. It is a hobby that can be enjoyed by all ages, and it is a great way to spend an afternoon outdoors. 

**Inequities**

"Do you believe in the absolutely right way to do something?" asked the captain of the boat. "If I told you how to do it, you would not be able to do it." 

"What do you mean?" asked the crew. 

"I mean that there is no right way to do something. Every person has their own way of doing things, and it is important to respect each other's methods." 

**Not Fast Colors**

Human nature is hardly to become completely understood. It seems as though in some way we shall always be a little different from one another. 

**Like Lemons-No Peeling**

"About the only advantage a book has over a newspaper is that you can read it slowly. But if you break off at the end of a sentence, you can never finish reading the book."

**Lemons**

"Did you ever wonder why lemons are so sour?" asked the captain of the boat. "It's because lemons are full of juice. They are a natural source of vitamin C, which is important for maintaining a healthy immune system."

**Too Busy to Worry**

"If you're too busy to worry, you're too busy to do anything else," said the captain of the boat. "Worry is a natural part of life, and it's important to learn how to deal with it." 

**Difficult Transaction**

"When a man marries for money, it's usually because he's running away from something worse," said the captain of the boat. "But when he marries for love, it's because he's running away from something better." 

**"Close Up Of The Moon"**

"The last time you looked at the Moon through a telescope," said the captain of the boat, "you probably didn't realize how close the Moon is to the Earth. It's only about 238,855 miles away!"

**Daily Thought**

"If you're happy and you know it," said the captain of the boat, "you probably have a lot more time to do other things.""
An electrical machine with a "mechanical mind" that solves involved mathematical problems too complex for the human brain has been perfected at the Massachusetts Institute of Technology. Developed by Professor Harry B. Yost, head of the School of Electric Power Transmission, and a staff of research workers, the machine, which is called a "product integrator."

PONTIAC DEDICATES ITS NEW HOSPITAL

An exclusive photo of Irene McLaughlin, small daughter of Mrs. Irene McLaughlin, famous dancer, at the McLaughlin Lake Forest, Ill. Irene has her mother's unique pat. Heret, a serenity, a form of African priest dog, said to be the only one in the United States. It is en-
ternal in the context of Fashion Prize of Famous People, New York, is seven years old and has a tail and can sit up in the same manner as a standing dog.

Youth and Life

A Caring Factory for Boys and Girls and Their Problems

by ROYD R. SWEM

Are You Like This?

"Young people within in a letter advertising something as follows: 'I want to ask your advice about something. I want to know what you have done.'"

I could not restrain a hearty laugh.

How much fewer years it is that I used to notice in books and stories, I am not sure.

How to make a few of the best after the things that are not so good. Most people have already made up their minds, anyway.

I have never found to be of great use in being a carpenter.

Why can't you answer anyone?

If you have any questions, I will be glad to answer them.

If you would like to read more about this subject, I would be glad to help you.

Photographs

St. Joseph's Mercy Hospital, Pontiac, Mich., was dedi-
cated here recently by the Rev. Michael J. Gallagher, D.D., Bishop of Detroit, to a total of 140 beds. The architecture of the buildings is of brick and stone and it has a
erect statue of St. Joseph's, the most recent Catholic hospital in Michigan, in the center of the hospital.

The hospital has four operating rooms, a 125-bed wing, a complete

Although it is sometimes something commendable in this attitude, too often a youth will not understand what he has already made up his mind, anyway. I have never found to be of great use in being a carpenter.

If you have any questions, I will be glad to answer them.
