**CHAMPION KNIGHT OF THE EAST**

With his favorite pipe in his mouth, he pit "Hit" by his side, and his granddaughter clinging to his ear, August Brander, 65 of New York, N. J., is seen on a ride at the farm. He has called the title "champion knight of the East" and turns out his outfit to the Red Cross and Veterans' bureau.

---

**TWO KNIGHTS OF THE EAST MEET**

Among the notable to attend the Arts House ball, New York, is Mrs. Charles Luce, who served as a lady of honor.

---

**LAYS WAGER ON LIFE**

If the Stanley Cup is won by the team, he pit "Hit" by his side, and his granddaughter clinging to his ear, August Brander, 65 of New York, N. J., is seen on a ride at the farm. He has called the title "champion knight of the East" and turns out his outfit to the Red Cross and Veterans' bureau.

---

**EGG CO-OP MARKETS IN CHICAGO**

The request for eggs from several co-ops in Illinois and Wisconsin has been met with enthusiasm. The Illinois and Wisconsin co-ops have been able to supply a steady demand for eggs from the early fall until the present time. The co-ops are able to meet the demands of the market and are able to deliver large quantities of eggs at a reasonable price.

---

**POULTRY**

**SOME ALL-MASH FEEDING**

The all-mash system of poultry feeding has proved to be the most successful system in many sections and has, in fact, revolutionized the horticulture of the industry. The lavish feeding of all-mash diets is more economical and results in more uniform and productive flocks.

The all-mash system is also easier to maintain and requires less labor. In addition, it eliminates the need for special feeders and reduces the risk of feed poisoning.

---

**LIVESTOCK IS WORTH MORE ON MICH. FARMS**

At an estimated value of $147,000,000 the livestock on Michigan farms January 1, 1976, was reported to be worth more than on January 1, 1975. According to a statement by Herbert E. Powell, commissioner of agriculture, and W. B. Church, farm statistics, livestock and poultry on Michigan farms January 1, 1976, was reported to be worth more than on January 1, 1975.

Watch The Kids After Christmas Break

COLUT and you are both having a good time, as you have been enjoying the snow and ice during the Christmas break. The following is a list of what to do after the holidays.

DOAN’S PILLS

At Drug Stores

MOTHER

A Cross, Feverish Child Is Bilious, Constipated

Every mother, whether she shops in California or New York, has a child or two who is subject to fever, coughing, diarrhea, and other health problems. The problem is that the child is often too young to follow simple instructions. In this case, Dr. A. S. Doan’s Pills are the answer. These pills contain a combination of medicinal herbs that are designed to treat various conditions that can affect children. For example, if a child has a fever, Doan’s Pills can help bring the temperature down. If a child has a cough, Doan’s Pills can help to relieve the coughing. And if a child has diarrhea, Doan’s Pills can help to stop the diarrhea. So, if you are looking for a solution to your child’s health problems, try Doan’s Pills. They are available at all drug stores and are sure to help your child feel better.

Great Lakes Shippers Have Record Season

The Great Lakes shipping industry enjoyed the third best season in its history during 1976, according to reports from various ports, and shipping and transportation officials. The shipping season, which started on March 1, 1976, and ended on April 30, 1977, was characterized by record tonnage and record profits. The shipping season was no exception, with record tonnage and record profits.

Conservation Dept. to Check on Winter Fishing

Due to the winter fishing season, many anglers are interested in knowing the status of the fishing opportunities. The! Department of Conservation is working with local fishing clubs and organizations to ensure that the fishing season is conducted in a responsible manner.

Acid Stomach

"Philip’s Milk of Magnesia" Better than Soda

Many people suffer from acid stomach and feel that they can have relief by drinking soda water, but this is not always the case. Philip’s Milk of Magnesia is a natural remedy that has been shown to be effective in relieving the symptoms of acid stomach.

The POLICY
of PROGRESS

A STATEMENT
by
GENERAL MOTORS

It is the policy of General Motors to maintain continued improvement, in every one of its car divisions, with no interruption in production.

This means that you enjoy the benefits of new engineering developments promptly — just as soon as they have been thoroughly tested on the 12,000 Proving Ground cars.

It means that you can now order the new Chevrolet, Pontiac, Oldsmobile, Oakland, Buick, LeSabre, Cadillac, and GMC Truck, and receive immediate delivery.

Behind this policy of continuous improvement is an organization so widespread and resourceful that it can make available to the world’s automobiles more economically than any automobile manufacturer in the world.

In the north and south it logs and mills its own lumber. In the east it makes its own ball bearings and radiators. In the middle west it produces its own plate glass. Its plants are busy in 33 important American cities.

From almost 5,000,000 suppliers, its materials are obtained — by the hundreds of thousands of tons — by the teens of thousands of miles — by the acres — by the bundles and by the millions. Its sales and service take place through 33,000 dealers. More than 275,000 families look directly to General Motors for their livelihood — almost a million and a half men, women and children in every community in the land.

Meaning so much to so many, General Motors has felt a supreme obligation to look ahead.

Are there methods by which General Motors cars can be better built to better serve?

Are there new ideas which can increase the utility and pleasure and safety of motoring?

Are there new materials which can add to owner satisfaction?

Such are the questions that all General Motors engineers have always asked. The answers have made it possible, year after year, to offer an increasing measure of beauty in design, modern performance, riding comfort and distinct style. Thus in every price class, from Cadillacs to Chevrolets, purchasers are constantly benefiting from the General Motors policy of progress.

"A car for every purse and purpose"
Noted Pianist Weds Coal Man

Miss Nelly N. Alman, noted pianist and director of Williams College music school, and J. Sidney Dunbar, coal manufacturer, were married last Saturday in the First Methodist Church, Baltimore, Md., the ceremony performed by Judge M. S. Conant.

Miss Nelly N. Alman, who is a graduate of the New England Conservatory, where she was an instructor, was a member of the Boston Symphony Orchestra, and later was for several years director of the music department of the University of Virginia, where her students included many of the present members of the University's music faculty, has been on the faculty of the Baltimore Conservatory for the past four years.

J. Sidney Dunbar, one of the leading business men of Baltimore, was born in West Virginia and is a graduate of the University of Illinois. He is president of the Dunbar Coal Company, one of the largest coal companies in the country.

He is a member of the Baltimore Symphony Orchestra and has been for many years a patron of the arts.

Pick Olive Girl in National Orchestra

Miss Phoebe S. Riordan, daughter of Mr. and Mrs. Thomas Riordan, 6 East 39th St., has been notified of her selection as a member of the orchestra for the upcoming season by the National Orchestra, which is said to be the best in the world.

Miss Riordan is a graduate of the Chicago Conservatory of Music, where she studied under the famous conductor, Dr. Anton Seidl. She has been a member of the Chicago Symphony Orchestra for the past five years.

Miss Riordan is a native of Chicago and has been a member of the Chicago Symphony Orchestra for the past five years. She has been a member of the Chicago Symphony Orchestra for the past five years.

By Mrs. W. L. Smith

LIVING AND LOVING

"There's a new face in the music world, and it's beautiful. If you've never heard of her, you'll be charmed by her beauty and talent. She's the newest sensation in the music world, and she's sure to make a splash. She's not only pretty, but she's also charming and funny, and she always knows how to put people at ease. She's the perfect addition to any party, and I'm sure she'll be a hit with everyone."
NO Cure Positively No Pay
CANCER, BURGLAR'S DISEASE, DIABETES AND TUBERCULOSIS have all been classified under the same rubric by the Public Health Service for some time now. The word "cure" has been dropped from the lists of these diseases and replaced by the term "no cure." It is not that these diseases have been cured, but rather that the efforts of medical science have not been able to eradicate them completely. The term "no cure" is a reminder to the public that these diseases are still a threat and that continued vigilance and medical research are necessary to combat them.
