PORTLAND PIGGYBANKS PAY PROFITS

Tuberculosis in poultry is receiving increasing attention in many states because of the danger to human health. The disease is spread chiefly from flock to flock and from poultry to human beings. At the present time there is a working plan for the control and prevention of this disease in poultry, and much is being done to carry

out the plan.

Considerable tuberculosis testing of hens in flocks has been done, chiefly with the view of determining the percentage of the flock and the value of the eggs for the family. The eggs are considered to be free from the disease if no文化

disease is found. Considerable testing of hens in the state has been done, chiefly with the view of determining the percentage of the flock and the percentage of the eggs free from the disease. This testing has been done by the state department of agriculture, through the tuberculin examination clinics.

A report of the state veterinarian is required to be submitted to the state veterinarian, who will then certify the result of the test. This testing has been carried on in the state of Oregon, and the results have been highly satisfactory.

In the state the inaugurated a state of Oregon, through theeta-dermatitis association, and it has been considered a success.

Poema That Line

TO A YOUNG LADY

Sweet stream, that winds through the skies,
That glistens in the sun's rays,
And sparkles in the moonlight,
O'er which the clouds may pass,

Thou art like a dream, a vision fair,
A vision bright, a vision rare,
A vision of delight,
A vision of love,

A vision of beauty, a vision of grace,
A vision of peace, a vision of grace,
A vision of joy,
A vision of life,

A vision of hope, a vision of light,
A vision of warmth, a vision of light,
A vision of love,
A vision of joy,

A vision of beauty, a vision of grace,
A vision of peace, a vision of grace,
A vision of joy,
A vision of life,

Week of April 1

General Weather Forecast—For the state of Maryland, a whole week of April 1 is likely to have the weather becoming more settled and more favorable for travel. Weak cold fronts will continue to move through the region, bringing periods of cloudiness and light winds. Determination and careful observation indicate that the temperatures will remain relatively mild throughout the week. For the rest of the state, conditions are expected to improve, with occasional showers. Temperatures will be mild to cool, with moderate winds. Overall, conditions are expected to be comfortable for most of the week.

New Energy for Boys in Two Weeks!

When children are weak, plan a vacation to the beach. To eat a whole pound of fish, telephone pictures of beach scenes and old buildings. In the case of the California fish syrup, the boy who did not have any fish, and who in the next two weeks had just ordered the border lawn syrup, can be seen in the photo. Millions of Families Depend on Dr. Caldwell's Prescription

When Dr. Caldwell started to prescribe his medicines, he did so on a very small scale. Now, his prescriptions are given to families of all classes and colors, from the poorest to the wealthiest. Men, women, and children of all ages benefit from Dr. Caldwell's remedies. He believes in treating the whole person, not just a single symptom. His medicines are safe and effective, and he guarantees a full refund if you are not satisfied.

Watch The Kidneys After Colds

In a healthy body, the kidney is the most important organ, and it performs a variety of functions, including filtering waste products from the blood, regulating blood pressure, and maintaining fluid balance. When the body is healthy, the kidneys work efficiently to maintain normal function. However, when the body is ill, the kidneys may become the source of disease. In this case, the kidneys may become inflamed, swollen, and painful. This is known as kidney disease. Kidney disease can be caused by a variety of factors, including infection, injury, or kidney stones. To avoid kidney disease, it is important to eat a healthy diet, exercise regularly, and avoid smoking and other harmful substances. If you have kidney disease, it is important to seek medical attention immediately. Early intervention can help to prevent further damage to the kidneys and reduce the risk of complications. For more information, please contact your doctor or a licensed healthcare provider.
