COMMUNITY BEATLES

Community Orchestra tomorrow night. Be there.
Mr. and Mrs. W. J. Davis were in Florence, Ga., Thursday.
Mr. and Mrs. Joseph C. Taxin spent Sunday at V. Hatcher's.
Cash Dunn and family of Kalamazoo called at Ed Cowsey's Sunday.
Leila Wilcox and family of Kalamazoo spent Thursday at Mrs. Otto Warner's.
Wednesday, Mrs. O. W. towels of Grand Rapids spent the week end at Ed Cowsey's.
Mr. and Mrs. Holger and family of Chicago spent Monday.
Music was played in the home of Mr. and Mrs. Otto Warner.
John Beige has rearranged his stock according to the appearance of Mrs. Lizzie Hutton and Leo Hutton of Kalamazoo called at Ed Cowsey's Sunday.
Mr. and Mrs. Clyde Rall and family were work end guests at the home of the late Mr. and Mrs. J. C. Kifer, in the wonderfullness of Mrs. Althea Hutton and Leo Hutton of Kalamazoo called at Ed Cowsey's Sunday.
Mr. and Mrs. Ed Cowsey were in at the concert at the Community church Thursday night, for rehearsals of the selections and the Cimmaron's
Working progress rapidly on our Community Orchestra. We are getting many people will be a little late this evening but the orchestra will be on the scene this evening.
Walter Elert is the best. Walter Elert and Mrs. Ed Cowsey were in at the concert at the Community church Thursday night, for rehearsals of the selections and the Cimmaron's

Center of Nation-Wide Speculation in Stocks

Another instance of the destructive state of affairs in the county has made the headlines in the news. The large number of sheep killed and wool ruined has made the condition serious. It is believed there were four or five thousand sheep and more ruined in the county at large.

Bigger and Better Ionia Free Fair Is Promised

Mayor Fred L. Morgan, who is also managing the hotel and the Michigan State Fair, is in charge of the Ionia Free Fair Association. As he insists, he is making the biggest shows ever in the history of the county and will not be defeated to the last degree.

Tomatoes Have Much Sought New Vitamin

The novelty of the interest in tomatoes was revealed recently at experiments conducted at Johns Hopkins University whose experiments proved that tomatoes contained the microelements needed in human life. This element is called the new vitamin B.

An artist's impression of the new vitamin B is shown in the photo. The food contains a certain number of the elements that are necessary for the body.

Borer Control Is Licefactor Factor

The importation of European borer control to the livestock industry of the state is shown but little hope that November Michigan growers will be able to pay one million dollars to protect their crops. Forest, Forest Park, and Wetwood Park, three of the most promising borer forecasters, are reported in the Michigan State University's Michigan Electronic News.

"The corn crop was short in growth and development, the weather and other conditions being unfavorable. This year, for the past few years, the corn crop has been the smallest in the history of the county."

Unusual Opportunity to Work

Man to work for our concern in this County, preferably with own car.

We have a Monopoly in which we are looking for an enterprising man who might work on his own account. We have been anxious to find a man who would work in the State and take care of the business.

Millions of Model T Fords are still in active service

FOR nearly twenty years, the Model T Ford led the automobile industry and it still is used by more people than any other automobile. More than eight million Model T Fords are in active service today—an indication of their sturdy worth, reliability, and economy.

Because of the tremendous investment which people have in these cars and because so many of them will be driven for two, three, and even five more years, the Ford Motor Company will continue to make replacement parts until, at Henry Ford himself, says, "the last Model T is off the road."

For the Ford Motor Company has always believed that its full duty consists not only in making a good automobile at a low price, but also in keeping it running efficiently for you as long as possible at a minimum of expense.

Now matters where you live, there's one thing you'll still buy Model T Ford parts with the same assurance as formerly, knowing that they will give you the kind of service you have a right to expect, and at the same time protect the money you have invested in your car.

All Ford replacement parts, as you may know, are made of the same materials and in the same way as those from which your car was originally assembled, and are low in price because of the established Ford policy.

So that you may get the greatest use from your Model T Ford, we are giving you today something you might have overlooked. A new and improved period of service, which we believe will prove necessary. You may find that a very small expenditure will be the means of giving you thousands of miles of additional service.

Louis H. Meyer, President Ford Motor Company

Detroit, Michigan

Notice of Mortgage Foreclosure Sale by Administration

Default having been made in the due and punctual payment of the mortgage made by Sara Baldock and Anna Baldock to Leo C. Anderson, the undersigned, dated April 15, 1927, and recorded in the office of the Recorder of Deeds of the County of Denton, State of Ohio, on the 20th day of July, 1927, in Book 181, page 352, which mortgage is subject to the following conditions: The mortgagee, having obtained by suit or way of execution from the mortgagors the possession of all the property included in the mortgage, having further obtained possession of the said mortgage, and having an absolute right thereto, the undersigned, at the request of the said mortgagee, will, at the Court House in the Village of Four Corners, on the 1st day of May, 1928, at ten o'clock, A.M., in the said Village, sell in public sale the following described property, to wit, and in the order in which the same shall be described in said mortgage, or so much thereof as may be necessary to satisfy the mortgage debt:

Notice of Hearing Claims

STATE OF OHIO: \nCOUNTY OF DENTON: \nIn the Court of Common Pleas

Case No. 2538, on the fourteenth day of December, 1927, Judge E. L. Stachowski, Judge of the Court, made and entered an order whereby it was ordered that the said mortgage be foreclosed, in accordance with the provisions of the Ohio Revised Code, and the said Debtor, being the owner of the property described in said mortgage, is hereby ordered to appear at the said Court at the time and place aforesaid, and to answer the said order, and to file a petition therefor, or tender the possession of the said property to the mortgagee, and make such payment of the debt as may be necessary, and the undersigned will, at said time and place, sell in public sale the said property, as aforesaid, for the benefit of the mortgagee, and to the highest bidder, and for the payment of the said debt, together with interest and costs of suit.

More Hatching Eggs! Flocks Wanted!

We want a few more flocks to supply us with hatching eggs next season. We pay a very liberal premium over market price and pay premium prices most years to you. We require as many special feeding and furnish all equipment, and supply you with eggs from our own best strains. Ask Mr. A. L. BOHDE, 310 Grove Ave.

AL AUWECH, PLEASANTLY

KEEP SURFACE CLEAN

After eggs are sold and hatched, the parents are returned to the breeders. It is necessary that they be kept there. The surface must be kept clean and dry, and the hatching material must be kept at a constant temperature and humidity in order to prevent any germ from reaching the eggs. The roller or collector is usually called a "hatcher," or, more correctly, a "hatching machine."
Week of April 29

Grand Forks, N. D. A third of the day

area weather conditions for the week of April 29th is most unusual. Much

 Trouble is, they're expected a little

 Preliminary forecasts indicate that there will be a raging storm this

week, and the arctic conditions will be followed by a sharp drop in

temperature. The entire state will be affected, and the winds will be

from the north, bringing with them some of the coldest air of the

decade. The ground will be frozen solid down to a depth of 10 feet, and

the temperature will drop to below zero in many areas.

Weather for West--The general precipitation predicted for the rest of the

week will be very light, and the temperatures will remain below the

freezing point. However, the arctic conditions will persist, and the

daytime temperatures will be quite cold.

Carson City, Nev. -- The weather outlook for the next few days indicates

a return to normal conditions. The temperatures will be in the high 70s,

with occasional rain showers.

How Much Water Should Baby Get? A Family Authority's Rule

By Russ Bervin

Baby specialists agree somewhat, that between 1-3 months of age, a baby

needs two ounces of fluid per pound of body weight per day. After this age,

the need for water decreases. Babies who are breastfed need less water

than those who are bottle-fed. It is essential that babies are kept

hydrated at all times, as dehydration can lead to serious health issues.

Here each General Motors car must prove its value

On a 145-acre tract near Milford, Michigan, convenient to all its car and truck divisions, General Motors has the best and largest proving ground for automobiles.

Here tests are made and facts determined to a degree impossible when cars and trucks are tested on the public highways. Here each new model of General Motors must prove itself, point by point, before it is prepared for sale to the public.

More than 13,000 tests are applied to each car at the Proving Ground.

They involve every phase of manufacture and performance: power, speed, endurance, acceleration, breaking, steering, handling, riding comfort, fuel economy and so on. In three months a car or truck covers more miles than you drive it in three years.

The Proving Ground is another example of how General Motors is serving the public. It is also your assurance that when you buy a General Motors product you are getting all possible quality and value at its price and the advantage of a policy of continuous improvement.
