Michigan Transit Co. Dock sail Chicago

Cuban Clipper Co. of Chicago has added to the service of the former Michigan Transit Co. dock at East Boston, and seven other ports of entry in Michigan.

The new service was established by the Chicago, Michigan and Indiana Dock Co., which merged with the Michigan Transit Co. in September of 1924.

The service is expected to increase the traffic handled at the docks and to provide more efficient and economical service to shippers.

Worst Ice Jam in Twenty Years in Niagara River

An ice jam in the Niagara river, below the falls, is reported to be the worst in 20 years. Buffalo harbor, on Lake Erie, also has been closed for an unusually long period.

by Blied Bovin

DOPE HABIT GROWS, SPEAKER DECLARES

"Every drug addict has no greater enemy," stated Dr. Harvey W. Atwood, state educational director of the National Council of Health, in his report to the Senate Committee on Education.

The report, which is based on the findings of a number of experts, shows that the use of drugs is increasing among the younger generation.

The report states that the number of young people who use drugs is increasing at an alarming rate, and that the problem is a serious one that requires immediate action.

Steel Company in Merger

Rich Steel Products Co., Battle Creek, announces that it has been sold to the Steel Products Co. of Michigan, a company controlled by the Steel Corporation of America.

The transaction was completed last week, and the new company will operate under the name of Rich Steel Products Co.

The company will continue to manufacture steel products, and will expand its facilities to meet the growing demand for steel.

In the tropics one finds fewer birds—self-tamed and graceful companions of the Flamingo.

Michigan Transit Co.

The Michigan Transit Co. of Chicago has announced the opening of a new dock at East Boston, Massachusetts.

The dock will be used for the loading and unloading of vessels, and will provide more efficient service for the company's customers.

The company has been operating in the area for several years, and this new facility will allow it to handle a larger volume of business.

Acid March

"Phillips Milk of Magnesia"

Better Than Soda

Dr. John W. Boas, who wrote the first scientific treatise on the use of milk of magnesia, declared recently that milk of magnesia is a better tonic for the stomach than any other medication.

He based his conclusions on a study of the effects of milk of magnesia on the digestive system, and stated that it is a safe and effective medication for a wide range of conditions.

Establish Michigan Stores

Two new Michigan stores have been opened by the Chicago mail order house, H. E. Rittenhouse and Company, in the cities of Ypsilanti and Detroit.

The stores will carry a wide range of merchandise, and will provide a convenient shopping facility for customers in the area.

Chicks! Chicks! CAN SHIP AT ONCE AT REDUCED PRICES

All breeds of chickens can be shipped at reduced prices, as the company has a large number of broilers available for immediate delivery.

Cats and dog food are also available, and the company offers free delivery within a 50-mile radius of Chicago.

Twelve Years of Service Finished

By Automobile Insurance Company

The company has had a remarkable increase in business, as follows:

- Cars Insured: 1915 - 2,482; 1919 - 7,704; 1923 - 1,607; 1927 - 3,150.
- Homes Insured: 1915 - 204; 1919 - 733; 1923 - 1,850; 1927 - 3,300.

The company has continued to provide high-quality service to its customers, and has maintained a strong focus on customer satisfaction.

Before you select your next car, see what General Motors offers

GENERAL MOTORS was organized on the principle that a group of strong companies, working together as a family, could serve the public better than they could separately.

The public has approved this principle.

In 1924 one out of every six cars chosen by the public was a General Motors car. In 1925 the proportion was one in five. In 1926 it was one in four.

And last year it was one in three.

The improvement in General Motors products is continuous. Great Research Laboratories are constantly seeking new paths for betterment. A 1245-acre Proving Ground tests all that science has discovered and proves each new design before it is offered to you. Each year there has been a steady advance in the quality, performance and beauty of General Motors cars, with no increase in price.

7 famous-cars-86 models

$495 to $550 (run factories) and the low-cost GMAC Purchase Plan

The General Motors cars are listed on the coupon below. If you prefer, we can prepare a car or every purse and purpose—passenger cars and trucks—models of every kind—fours and sixes and eights. You may select the car you want and we will furnish it in any color you wish, in any year it can offer the largest value per dollar in its price class.

The price of every passenger car includes 86 models, ranging in price-at-the-factory from $495 to $550. All closed bodies are by Fisher. All cars have four-wheel brakes. All have quality where quality counts most in high life and real value. All are backed by service organizations which are permanent.

CLIP THE COUPON

It will pay you to see what General Motors offers before you select your next car. Compare General Motors quality and value in each price class. Learn about the tests General Motors applies to all cars produced here and abroad, at its great Proving Ground. Consider the importance of a time payment installation plan. And remember the volume of the business handled. Remember that you are assured of service, because General Motors dealers are everywhere.

By using the coupon below, you can bring into your home immediately full, illustrated information about any or all of the products made by General Motors. With this coupon you will receive a new book called "Principles & Policies." You will find it unusual reading, for it takes you behind the scenes and shows you what General Motors is doing to continue to merit public goodwill.

Romance and Its

BY H. IVING KING

[Note: The text continues with a story or article titled "Romance and Its Value," presumably a serialized feature or a serialized article, which continues on the next page.]

[Note: The document features a coupon for a General Motors car, with a range of prices from $495 to $550 for various models, and an option for a loan through GMAC (General Motors Acceptance Corporation) with a low-cost Purchase Plan.]

[Note: The document promotes General Motors cars, emphasizing quality, research and development, and continuous improvement. It encourages readers to visit dealerships to see the cars firsthand and to compare them with others.]

[Note: The document includes a section for attending a meeting of the Eastern Chapter No. 336, O.E.S., with a time and date specified.]

[Note: The document contains an advertisement for a watch and clock repair service in Gobles, Michigan, and another for an attorney's practice with an office in Longwell Building.]
Protect Your Investment in Your Model T Ford

The Ford Motor Company is making a new car, but it is still priced at the Model T level. It wants every owner of one of these cars to run it as long as possible at a minimum of expense.

Because of this policy and because of the investment that millions of motorists have in Model T's, the Ford Model T Motor Company is continuing to make parts until, as Henry Ford himself says, "the last Model T is off the road."

More than eight million Model T Fords are still in active service, and many of them can be driven for two, three and five years and even longer.

So you may get the greatest use over the longest period of time at the lowest cost, we suggest that you take your Model T Ford to the nearest Ford dealer and have him give you an estimate on the cost of any replacement parts that may be necessary.

You will find this to be the economical treatment as to a small expenditure may enable you to maintain or increase the value of the car and give you thousands of miles of additional service.

No matter where you live you can get these Ford parts at the same low prices as formerly and know they are made in the same way and of the same materials as those from which your car was originally assembled.

Labor cost is reasonable and a standard rate is charged for each operation so that you may know in advance exactly how much the total job will cost.

FORD MOTOR COMPANY
Detroit, Michigan

This is of Great Interest to You
READ IT!

Because of the fact that we need our money to expand our growing business and because we simply cannot stand the load being continually made heavier by serving so many outstanding accounts, we have decided that an advertisement in the Tuesday, March 21, 1928 we will conduct our business on a strictly cash basis. Terms will be cash or bankable paper.

By doing this we can accomplish several things for one thing it will enable us to continue to do business and at the same time to continue to do business; we will not have to 10 make collections, and at the same time to make sure that when we sell you a car you will pay for it promptly.

Consequently when you know that this price will be much better treated, because of these many savings which will be passed on to you by eliminating these costly overhead items.

While this may work a hardship for a little while on a few, yet it will be only a matter of a short time until they can adjust themselves to this new method of buying and selling service by conducting their business on the solid basis of paying as they go.

We pay the spot cash for production no matter whether for a dollar or so thousand at a shot and any fair minded man can see that we cannot continue to do this and conduct a general credit business.

Our coal business will be conducted also on a cash basis. We are planning and expect to have something along price lines as a bonus for you in the purchase of your coal for cash. Due to delivery we plan on asking that the last load or coal be paid for before getting another.

We have worked hard to build up this business and make it a good market to sell at. This you know by the distance we get beans from. Now we want your cooperation in building up the good cash retail business. It is to your interest, so let's have your support.

Always a square USED CAR deal from the Buick Dealer

The Buick dealer is in business to stay. His future reputation depends upon his treating used car buyers fairly.

The man who buys a good used car—honestly represented—at a fair price—receives splendid value in transportation.

In his enthusiasm for the car he has bought, and the value he has received, it is only natural for him to look upon the dealer as his friend.

The Buick dealer has many such friends because he represents the true condition of the car and does not try to sell cars that are for sale—because he gives every used car customer a square deal.

STATE COLLEGE MILITARY BAND TO MAKE RECORDS

Lawrence Bates of St. Louis is a member of the band and military band which will have the distinction of being the first college band to make records. Lawrence Bates, director of the band, said that the organization will be placed on the record charts against the college band. A marching band, the first record to be released in 1935.

The University of Illinois, under the direction of Leonard P. Lewis, 60 members of which are in the band, will play on this record.

The number of records sold, the distribution, and distribution, will be the best feature of the band. Lawrence Bates, director, said that it was a matter of the music department and the university of the record building and the purchase of the records.

By entitled records through the direct sales of the records, they will be available to the public as well as to those who cannot hear the band in person.

R. O. T. C. C. Formed

At Michigan Tech

The Michigan College of Mining and Technology at Butte is to build an organization for the purpose of forming a band. The band will be formed, according to the director, by the adoption of a two-year men's group, the band will be formed by the enrollment of boys and those who followed by a bandmaster chosen for the band.

Enrollment forms are being prepared for the band, and members will be enrolled at the end of the school year.

Both band and advanced courses required are recommended for the band, and the director of the band is undetermined. The band will be under the direction of the director of the band at the university, and should be formed for each class of students at the university.

The band will be in existence during the spring semester and will meet once a week.

Boy Scouts to Have Spring Jamboree June 3

Plans for a spring jamboree, Boy Scouts of America, Lake and Ottawa counties, have been prepared by the local leaders, E. V. Wolf, director of the band, and the director of the band.

The jamboree will be held on the Friday and Saturday of the week of June 3, at the nearby park, and will feature various activities.

The jamboree is to be attended by the members of the band, who will be required to wear the band uniform and participate in the activities.

Six Troops of the Troop No. 34 of St. Louis's Scout is the only unit of the band that will be on hand, and will attend the awarding of thehing.

The date of the jamboree is set for Sunday, June 3, and will feature various activities.

For more information, contact the director of the band.

Cincinnati Times-Star - Jeweler and furriers have probably done more to show love and affection to the betrothed than all the benevolent of judges of this republic.

Poems That Live

SHE CAME AND WENT

As a long-time friend, she has been an uncommonly useful member of the club. She is a person of substance, and her presence will be missed. So she left.

But she came and went. She is only the one who came and went. As always more late, by gate unlooked.

But she came and went. You see, she came and went.

As, at our onset, our swift spring wind that blew.

The winds fall of bloom and blue.

So above her my May's wisdom; she is so above her.

As angels steep and rest my gain. Then she came and went.

The Lord's a jest, the same jest.

So I knew her came and went.

On. The Lord's jest, jest the same jest. So she came and went.

Traveling Suit

Detroit Bound You'll Always Hear

"Rooms are Larger at the Detroit-Leland"

There is no initiation into the great fraternity of those who travel. Yet it is legion—and it is one of the most exclusive.

When a new contribution appears to add comfort and vivacity, you hear of it. It is known that a new reservation has been made in the salons of ocean greyhounds, or in the lounges of great hotels.

So, today, you hear—"Rooms are larger at the Detroit-Leland—more luxurious, more elegant, and service transcends perfection." It is an endowment that can be safely bought, for the fraternity of those who travel is jealous of its endowments.

You who have envied the ideal hotel may well share in the joyous noises whose endowments have brought international renown to the new Detroit-Leland. It is not a sudden success: it is the result of years of thought and work.

Detroit Bound You'll Always Hear

Roses of New Castle

Bette Davis, the young star of film, has fallen in love with the new hotel of the Detroit-Leland. She was recently there on a visit and has been heard to say that it is the most beautiful hotel she has ever seen.

She was accompanied by her husband, who is also a famous actor. They were enjoying a luxurious stay in one of the suite rooms, which is decorated in a modern style.

The hotel has a beautiful garden, where Bette Davis often takes long walks. She has been seen several times admiring the flowers and talking to the gardeners, who are known for their exquisite work.

There is no doubt that the Detroit-Leland is a perfect place for anyone who enjoys a comfortable and luxurious stay. It is the perfect place for those who want to escape the hustle and bustle of their daily lives and immerse themselves in a world of comfort and elegance.
