A number of the harvested products will be sold to the public for $400,000, which is a small fraction of the cost of the land.

Dr. Alexander Stanley

Festival founder

The first Annie May Festival was given in 1845. Dr. Albert A. Stanley was the founder. For a number of years preceding this date the University Church Union had existed, and from time to time performances of chorals and other works under the direction of Dr. Stanley and his preachers. The season of 1841 and 1842 was marked by a festival of three concerts of which the Boston festival orchestra, under the direction of Mr. Reynolds, was the principal. The orchestra comprised a number of excellent artists, who have since become well known in the musical world. The first concert was held on May 18, 1841, and the second on May 29, 1842. The programmes were carefully arranged by the committee, and the concerts were well attended. The last concert was held on May 21, 1842, and the orchestra received the highest possible commendation.
