Bouncing Bumpers of Rubber

Plastic rubber bumpers are the latest automobile accessories in Detroit. Their manufacturers claim they save motor ears from damage in case of a collision. The photo above shows how they work. The valuable ears survive together while traveling 35 miles an hour.

"...but what will it cost me to buy that car or truck?"

When you buy a car or cash for your car, you pay the factory price plus freight, war tax and delivery charges. When you buy on time, you pay an additional charge which includes fire and theft insurance. This additional amount is known as "finance charge."

The finance charges on General Motors cars are low because the General Motors Acceptance Corporation was organized to assure the consumer a practical and moderate rate of interest for those who prefer to"purchase on time. The Acceptance Corporation operates the GMAC Plan of payment. The Plan is simple, fair and economical. Its large volume of business reduces costs. It is conducted to give satisfaction and to keep your goodwill.

When you buy a General Motors car on the GMAC Plan, you pay the cash delivered price—plus only the low GMAC financing charge—nothing more!

The Plan is available only through General Motors dealers. Another reason for buying your next car—whether new or used—from a General Motors dealer.

Buy your next car on the GMAC Plan

The General Motors cars are Chevrolet, Pontiac, Oldsmobile, Oakland, Buick, LaSalle and Cadillac. Together they are the finest line of practical and moderately priced family cars in the country, from $495 to $5,500. They are the quality cars of the various price classes.

Whatever make and model you choose—whether it be the highest-priced car or the inexpensive one—there is a car that will be a beautiful body (the closed bodies are by Fisher), 4-wheel brakes, a powerful engine, and a quality of design that will give you pride of ownership. Only General Motors, by reason of its resources and its policy of continuous improvement, is in a position to give.

And the final touch in price protection is this: when you buy it on the GMAC Plan, the transaction will be in your interest. The rates will be low. And the dealer will not lose interest in you after the loan payment is made.

CLIP THE COUPON

Use the coupon below for full information about the General Motors product or products in which you are interested, together with a booklet describing the GMAC Plan of payment. It applies also for the purchase of Frigidaire Automatic Refrigerators and DeLorean Light equipment.

Babies certainly agree, that is. They have three times more fluid per pound of body weight than adults. They need a lot of water. Some people even think that water is an essential part of their daily diet.

On the other hand, on the other hand, on the other hand, on the other hand. If you are not sure, it is better to consult a pediatrician or a nutritionist. Water is important for your health.

McDougal-Cook

The home of Mr. and Mrs. John Cook, 1016 South Burdick street, was the scene of a pretty wedding Saturday afternoon, when their daughter, Dorothy Virginia, became the bride of Clair McDougal. The Rev. J. W. Dunning performed the ceremony in the presence of 30 guests. The house was attractively decorated with palms, ferns, and spring flowers. The bride wore a becoming peach-shaded satin dress, and carried a bouquet of bride's roses and azaleas. She was attended by Mrs. Glenn Cook, who wore green georgette, and carried roses. Phillip Cook served Mr. McDougal as best man. The wedding march was played by Cornelius Abrams, and Mrs. Abrams sang, "Oh I Promise Me." The bride walked to improvised altar on the arm of her father, and she was preceded by two flower girls, G. Edna Cook and Phyllis Raymon. A wedding dinner at the Columbia hotel followed the services and Mr. and Mrs. McDougal left on a honeymoon trip to Niagara Falls. Clair is a Gobles graduate who has a very desirable position with Gilmore Bros., Kalamazoo. The News joins with their many friends in best wishes.
