You Can’t Beat That Dog Family

Captain Harold Cunningham of the U. S. Lines Levitator, whose registered sail masts were discovered instead of approximately half a million on the arrival in Southampton, England, and six of his officers. This group of individuals is considered to be the largest collection of sea-going seamen in the world. The number of sailors on board is estimated to be around 200,000.

His Ship Looted

Bilbo Deog, left, and his brother, May, right, who respectively won the 1918 and 1921 championships in California at Santa Monica. To win the Dogos defeated Nathan Bandy and his sister, Dennis, who were captain and first mate of the former. The two dogs are believed to be the smallest in the world, with a combined weight of 25 lb.

STATE FAIR TO HAVE RECORD ATTENDANCE

The largest attendance is the history of the Lehigh Valley Fair, which is expected to reach nearly 400,000 people in attendance, the 19th annual exhibition. With this anticipated increase over last year’s attendance of 325,000, the fair will have a total attendance of approximately 635,000 people. The fair will run from Sept. 25 to Oct. 1.

The fair features a wide variety of exhibits, including agriculture, horticulture, home economics, and industrial arts. There will also be a large variety of entertainment, including music, dance, and vaudeville shows.

In addition to the exhibits and entertainment, the fair will also feature a large number of food vendors, with a wide variety of foods available.

No great interest is expected in the livestock shows, as the exhibits will be limited to only a few of the larger breeders. However, the shows will still feature a variety of animals, including cattle, hogs, and sheep.

To Pick Byrd Site

Richard G. Breshe, business manager of the Byrd South Pole expedition, has been assigned to the task of establishing a base site in the Antarctic region before Captain Richard E. Byrd and his party arrive.

Succeeds Father

At 20, Fay Wong, above, has been married many times—on the screen. Recently, while on location at St. Michaels, Md., she went through a real ceremony with John Mather Sandusky (left), scene writer, and Richard E. Byrd and his party arrive.

Sweet Cider Gives 
Cattle Protein; Soil 
Nurtured by Need

Nitrogen is the most expensive forti- fier there is, but a crop of sweet cider is worth about half a million dollars to the farmer. There has been a great deal of work done on the use of nitrogen in fertilizers, and the results show that nitrogen is an important element in fruit production.

A recent study of the nutritional value of sweet cider has shown that the use of nitrogen in the form of ammonium nitrate or urea is worth about half a million dollars to the farmer. The results show that nitrogen is an important element in fruit production.

There is no other plant that will grow as well as a crop of sweet cider in the season. The nitrogen content of the foliage is ample, and the crop will produce a large number of good-quality apples.

The nitrogen content of the foliage is ample, and the crop will produce a large number of good-quality apples.

Hog Finds Shade

A hog will find shade in hot weather if he can. However, he does not require too much shade to be able to enjoy it. The hog will usually find shade under a tree or in a shaded area.

The hog will usually find shade under a tree or in a shaded area.

EGGS HELP PREVENT RICKETS

An egg yolk every day for the prevention of rickets is recommended by Dr. J. B. Anderson of Cornell University. The egg yolk is rich in vitamins, which are known to help prevent rickets. Eggs have long been known as a good food for children, but they are important for children's growth and development.

Egg yolks contain three vitamins, A, D, and K. Vitamin A is needed for the maintenance of the skin and mucous membranes. Vitamin D is needed for the proper absorption of calcium from the diet. Vitamin K is needed for the formation of blood.

EGG YOLKS HELP ENFORCE RICKETS

The studies of Dr. J. B. Anderson have shown that eggs are a good source of vitamins, which are essential for the prevention of rickets. Eggs are a good source of vitamins, which are essential for the prevention of rickets.

GRAND RAPIDS TRUST TO INCREASE CAPITAL

Grand Rapids Trust Company has called a meeting of its shareholders to authorize an increase in the capital stock from $100,000 to $300,000. The special call was made by the Grand Rapids Affiliated Corporation.

STILL LORD OF THE NORTH

The new Saginaw Hotel will be erected this year at Saginaw, by the Zarin Company. The new hotel will be located at the corner of Saints Avenue and Cass Street. The building will be of stone construction and will cost $150,000. It will have 200 rooms, including a restaurant and a bar. The hotel will be completed by the end of the year.

SAFETY FACTORIES HELP CLEAN STREAMS

Sugar factories in Michigan have already gone a long way toward rectifying conditions at their plants which in the past have contributed to the pollution of the great lakes and rivers. The Michigan Sugar Company has invested $100,000 in the last five years in new equipment for the treatment of waste water. The company currently treats about 10,000 cubic feet of waste water per hour.

BULLET PROOF DEVICES HALT BANK BANDITS

The most efficient protection for banks against bank robbery has been found to be a bullet-proof glass, which offers complete protection to tellers and customers. The bullet-proof glass is made of a combination of glass and steel and has a thickness of about 100 feet.

Fish Club Builds $3,000 Bass Pool

The Holland Fish and Game Protective Association, one of our largest and most active organizations of its kind in the state, has just completed a $3,000 bass pool. The association has raised this amount through donations and.stroke drives.

Mason City Would Eliminate Stray Dogs

The Mason City city council has voted to eliminate stray dogs by killing them. The council has approved a $500 license fee for dog owners and has set a deadline of one week for owners to register their dogs.

YOU and LIFE
A Closing Home to Several of Our Troubles by ROYD S. SWEM

GETTING A RAISE
A young man of my acquaintance works recently in a large retail store. He is going to quit his job and get another. He can't find any chance to get about in this world, and so he must take what he can get. He doesn't seem to be able to let others take what is due them for another. He is just another of the millions that are doing their best.

Now what do you think of that? Is it a just plan of distribution with thousands of employees, do you think? You may be paid about a year ago, and it was really quite suitable. But now is different. Your earnings have increased, and you should be paid more. The government have the power to do this, and they do not do it. Your earnings have increased, and you do not get it back. Now what is really the matter? Do you think you can do it if you let yourself be taken advantage of in this way?

Suppose it were you. What would you do? If you were in his place, would you advise such a person? If you were an employee and you got what you were due, would you advise him to stay in his place? If you were in his place, would you advise him to stay in his place?

You have a right to a good week's work, for you have earned it. You should get what you are due. You should get what you are due. You should get what you are due. You should get what you are due. You should get what you are due.

LIVING AND LOVING
BY MRS. VIRGINIA LEE

PLATONIC LOVE
What is platonic love? Say be yourself: "I have only an intellectual interest in the idea of love. I am not interested in the idea of love involved in the idea of love involved in the idea of love involved in the idea of love involved in the idea of love."

The idea of love is the idea of love involved in the idea of love involved in the idea of love involved in the idea of love involved in the idea of love. The idea of love is the idea of love involved in the idea of love involved in the idea of love involved in the idea of love involved in the idea of love. The idea of love is the idea of love involved in the idea of love involved in the idea of love involved in the idea of love involved in the idea of love. The idea of love is the idea of love involved in the idea of love involved in the idea of love involved in the idea of love involved in the idea of love.

DEATH
There are so many ways in which life is beautiful. There is such a thing as a very nice idea, and it is quite enough to win the idea of love involved in the idea of love involved in the idea of love involved in the idea of love involved in the idea of love. To win the idea of love involved in the idea of love involved in the idea of love involved in the idea of love involved in the idea of love.

I don't know how much you can win the idea of love involved in the idea of love involved in the idea of love involved in the idea of love involved in the idea of love. Why don't you advise with--for your own sake, of course.

How to Achieve Beauty

Arouse Love: To arouse love is the supreme art of the arts. It can be done by expressing your love for others and showing them that you are interested in their welfare. This can be done by being kind, helpful, and considerate towards others. It also involves creating a positive atmosphere around you by being positive, happy, and encouraging others.
