PORT CONDITIONS ON GREAT LAKES

Many models have been in production since August and a large number have been shipped aboard. Frigidaire Corporation did the best business of the season in September, and harder edges and more rigid linings for the second half are being promised by company president, W. B. Elrod, in his annual report for the year ended Aug. 31. He said, "European business is excellent. Our plants have been in steady operation and an order for 700 planes calls for increased production the last half of the year."
