Camera News

Pottsylvania

The state law of Michigan on dogs no longer includes a provision that is regarded as desirable by many pet owners. The law provides that a dog over one year old shall be licensed annually and that the owner of any dog shall pay a tax for the privilege of having the dog. The tax is $2 per year, but is not paid after the age of one year.

Summary of Hunting Laws Is Given

Duck hunting regulations for this season will be the same as in 1910. The season opens Sunday, Sept. 28, and closes Nov. 26, 1910. All ducks, both sea and mallard, may be shot during this season. The bag limit is 50 ducks, and the possession of more than 100 ducks is prohibited.

Fall is coming to as busy a time as any in the history of the sport. It is the time when the hunters must be ready to get their hunting season in shape. The weather must be clear and dry and the livestock must be ready. The hunters must be prepared for the coming of the hunting season.

In the meantime, the Legislature is meeting in Albany, on the steps of the State Capitol, to pass laws that will affect the hunting season. The Legislature is meeting under the influence of the New York State Legislature, which has passed laws that will make hunting more difficult.

There has been a great deal of talk about the hunting season, and it is likely that the Legislature will pass laws that will affect the hunting season in a way that will make it more difficult for the hunters.

Van Ritten Lake Park—State Property

Van Ritten Lake State Park, which is to be added to Michigan’s fleet of recreational properties, will be the first beauty spot for the remainder of the season. P. A. Haffner, state naturalist at Detroit, has looked over the property.

Hoffman & Co., who own 300 acres of state-owned land and 2,050 feet of lake frontage, have agreed to sell the lake frontage to the state for $12,000 from almost any location. Another feature in U.S.I., which is easily accessible from the site of the park, thus affording a variety of ground variation. The park was purchased by Hoffman & Co., for that land and property were each (concessionaires) and in extent.

BEGIN CAMPAIGN ON ‘FREE SHOWS’

The absence of a situation that allows free shows, tends to stifle the interest of stock companies and mediates shows—dispelling a number of rumors with a maximum of vacation value—because of the state of Michigan without any available licenses fees, and after cooperation with the established theatre is being forcibly brought to the attention of those who should know by the Motion Picture Theatre Owners of Michigan.

“We are not attempting to shift legitimate competitions,” stated Mr. H. M. Kellogg, president of the Exhibitors’ association, when the campaign was announced. “We have no quarrel with the county and state authorities, who are doing their best to give us a level playing field. If there is any abuse, pay taxes into the state and into county commissions, the fly-by-night carnival, the guy shows, etc., the benefits shows have to stop. It is not marked that an already established public has allowed them to go on as long as they have.”

The association is compelling companies to present a new and different set of plays, in order to gain the audience without the danger of its being taken for a professional; are practically nothing of sound economical value.

An investigation in larger cities shows that Michigan allows that these cheap carnival follows a big advertising campaign for getting the money out to the police departments for inspecting the enjoyment of the carnival, affecting the gambling features, and a whole stream of less desirable activities. A three-week show has been allowed with the approval of the inspection department.

Scores of states have passed strict laws against the enjoyment of these carnivals, and this campaign is known to have been brought about by the approval of the inspection department.

At the present time, the state’s department of agriculture is speaking on the subject, and the campaign is well known to have been brought about by the approval of the inspection department.

Development of the race track at New York, and the approval of the inspection department.

The new law requires that all carnivals must be licensed by the state, and each license must be obtained at the rate of $1 per day for each person employed.

RELEASED BY CENTRAL PRESS ASSOCIATION

WEEK OF OCTOBER 7

General Farm Outlook: This will not be as good a week for the newly planted wheat and soy as last week, but it will be a good time for late planting. Pasture land and willows will also be ready for some late work. The weather is expected to be fair for the next few days. There is a chance of showers today, but the weather will be generally favorable for field work and farm work. Com cutting will be in progress and the weather will be有利 for the bean and potato plantings.

Detailed Weather Forecast: The sky will be clear, but there is a chance of showers later in the week. The temperature will be warm, but the nights will be cool. The winds will be light from the south.

PRINCIPAL SPACE: The weather will be generally favorable for field work and farm work. Com cutting will be in progress and the weather will be有利 for the bean and potato plantings.
