WORM THE FLOCK BEFORE WINTER SETS

Pullets that are not in the best of health may die of cold before the winter setting in, so a regular worming of the flock should be started now. This involves the removal of the eggs that they have produced. This can be done by the use of a mineral oil which is non-toxic and has no harmful effect on the flock. When the worming is done, the flock should be given a hot bath to remove any remaining eggs. This will help to prevent the spread of the disease and ensure that the flock is healthy.

The Rev. C. R. Bunnell, pastor of the Oronoko, Mo., church, believes he has established proof of the Biblical story of Jonah and the whale, and has presented sides with which he illustrates his sermon. Above is a slide showing Jonah thrown from the ship into the mouth of the whale. Right, Dr. Bunnell, and below, the minister's conception of the whale within the whale's stomach, equipped as a modern three-room cottage.

Building in State Shows 24 pct. Gain

Michigan made a 24 per cent gain in building during October as against the same period a year ago. Reports from the larger cities of the state show that building is on an upturn, according to a survey made by S. W. Stearns & Co. in the principal building centers and building counties.

It is being reported that third among the building counties of the state in building activity is Ingham, with a 19 per cent gain, and Wayne and Washtenaw were second and third, respectively, with 21 and 20 per cent gains.

Ingham is being reported as being third among the building counties of the state in building activity. Ingham is followed by Washtenaw and Kent, with 20 and 19 per cent gains, respectively. Washtenaw is followed by Kent, with a 17 per cent gain. Washtenaw is followed by Calhoun, Lenawee, Ingham, Genesee and Lenawee.

Among the most important towns of the state for which no reports were made in the national survey were: Detroit, Hamtramck, Monroe, Pontiac, Sterling Heights, Novi, Southfield, Livonia, Farmington, Farmington Hills, St. Clair, St. Clair Shores, Clinton Township.

The comparative figures for October, 1929 and 1928, show $1,279,056,353 for 1929, as against $991,396,812 for 1928, or a gain of 30 per cent over the previous year.

2 MUNISING PAPERS MERGED

The Munising News and Wulff's Weekly of Munising have been purchased by Herbert & Case of Detroit, and both papers will be merged into the Munising Evening News.

Henry F. Temple of the Wulff weekly, former owner of the News, has sold his interest in the paper to the Munising Evening News. The purchase of the Wulff weekly will greatly add to the circulation of the Munising Evening News.

BUREWILL AID SENTLERS

Plans have been drawn for the $1,000,000 aircraft exhibition building to be erected in Detroit next winter. It is hoped to complete the building in time for it to be housed the second annual Air and Allied Industries exposition, scheduled for April 4 to 16 in 1930.

Lack of money brought together in a venture of this kind from the ground up, the building, which is to be equipped with the latest equipment and the latest ideas in construction, will be a very small enterprise. The building will be built on lots at the front of the headquarters of the Detroit Chamber of Commerce, at the corner of Woodward Avenue and Congress Street.

A jury is at work in Grand Trunk yard in Detroit, and work is being done on the plans of the building. The building will be ready for occupancy in the spring of 1930.

Appell Furniture Store

Furniture manufacturers of Grand Rapids, Michigan, and other furniture trade organizations issued an order on September 30, deeming it to be the first time in a lifetime of selling and advertising furniture of this nature that they had not included specific terms in their contracts of sale.

In three different descriptions, the manufacturers have petitioned the United States Congress to enact a law for the purpose of reviewing the orders of the federal trade commission. Interestingly, the Grand Rapids firms are involved.

State Would Spend $4,000,000 On Grade Crossings

Legislation designed to improve the state's grade crossings was approved by the highway department and signed by Governor Holcomb. The legislation makes it easier for the state to finance grade crossings.

The plan, which is designed to provide funds for the construction of grade crossings, is expected to result in the state exporting several million dollars worth of state aid to local communities.

The legislation has been designed to make the state's grade crossing program more effective and to improve the quality of life in the state. The legislation is expected to result in several million dollars worth of state aid to local communities.

Grief: what are some of the causes?

The dictionary tells us that grief is "a deep sorrow or melancholy. It is a state of being distressed or overwhelmed with sorrow or grief." However, the dictionary does not list all the causes of grief. Some people may experience grief due to the death of a loved one, while others may experience grief due to a loss of a job.

Most of these causes are due to the death of a loved one, which can cause a great deal of distress and grief. However, other causes of grief may be due to a loss of a job, a change in a relationship, or a long-term illness.

OIL OPERATORS SCAUNING AROUND TONICIA COUNTY

The oil operators in the county are being forced to look for new locations for their wells due to the decreased demand for oil. The decreased demand is due to the increased use of other fuels such as natural gas.

The oil operators are being forced to look for new locations for their wells in other counties in the state, such as Wayne County, where the demand for oil is higher.

Detroit Shipyard Slowed

The Grand River shipyard, which is located in the city of Detroit, has been slowed due to a decrease in demand for ships.

The shipyard is currently building a 24-knot riverboat for the Detroit and Milwaukee Steamship Line, and it is expected to be completed in the spring of 1930. However, due to the decreased demand for ships, the shipyard is currently only building one ship per year.

Caterina Toilet Preparations

Another company, the Pure Oil Co., is also slowed due to the decreased demand for ships. The company is currently building a 24-knot riverboat for the Detroit and Milwaukee Steamship Line, and it is expected to be completed in the spring of 1930. However, due to the decreased demand for ships, the company is currently only building one ship per year.

LITTLE DENIES "DORM" CHARGE

Dr. Constance Clegg Little, president of the Alabama Normal School, denied the charge that dormitory life on campus is "dorm." This was made clear when the 7000 names asking the governor to stop the dormitory in 1928 were quoted, as quoted by the governor in his special message to the legislature.

In reply, Dr. Clegg said: "There is only one dormitory, the dormitory of Edith B. Brown, which in my opinion is not the dormitory of the present time. No effort has been made to understand the nature of the dormitory. There has been no effort to reach the board of trustees or the superintendent. Therefore, that such an effort must be made to reach the dormitory is unnecessary. The dormitory itself is the dormitory."

The legislature has passed a resolution that the dormitory of the Alabama Normal School is required to be removed. The dormitory of the Alabama Normal School is required to be removed by the Alabama Normal School Board of Trustees.

Number of Churches Organization

The Christian Reformed Church in America has received the number of churches in the United States, which is 12,732. This number includes all churches that have been organized in the United States, except for the churches that have been organized in the United States outside of the United States.

The denominations that have been organized in the United States include the United Brethren in Christ, the United Methodist Church, the United Church of Christ, the Presbyterian Church, the Episcopal Church, the Lutheran Church, the Roman Catholic Church, and the Jewish Church.

INDIAN SUMMER OCCURS SEVERAL TIMES THIS FALL

This October and November have brought a number of Indian summer days, and several times this fall have been very warm and pleasant. In fact, the weather has been so warm and pleasant that it has been difficult to believe that it is still fall. The temperatures have been in the 70s and 80s, and the skies have been clear and sunny. This has been a welcome change from the usual cold and dreary fall weather.

The Mad House of Palermo
By N. PARKER WILLIS

The house was built on the edge of the wild mountains, with a bold sweep of the sea in the background, and it was surrounded by a deep forest of cypress, pine, and chestnut. The air was fresh, and the sky was clear. The house was modeled after the Greek temples, and it had a lovely garden full of flowers. The walls were of white marble, and the columns were of polished stone. The doors were of gold and silver, and the windows were filled with stained glass. The roof was covered with tiles, and the chimneys were of brick. The house was adorned with statues and sculptures, and it was a true masterpiece of art.
