MARKETING LIVE STOCK SHOWS HOW CO-OPERATION PAYS

With the exception of a few exceptional cases the livestock is not as highly esteemed as formerly. In the current season of breeding and raising livestock, the co-operative movement is of great importance. Farmers have profited greatly from the co-operative movement, and the livestock industry is growing steadily.

Endurance tests that have been carried out in various parts of the country show that co-operative livestock is of higher quality than the individual effort. The livestock co-operative movement has made great strides in recent years.

Woman Enters Dog Derby

Jett Gerold, this star, shown in a photo, is the champion of the dog show in Chicago. She is a four-year-old English terrier and is owned by Mrs. Jett Gerold. She is a big favorite with the dogs and has won many awards.

Livesock Firm’s Sales $8,188,429

Sales of the Michigan Livestock Exchange in 1932 amounted to $8,188,429, according to the company’s report. The organization is preparing a complete list of all sales made during the year.

Greenville Potato Show

The annual meeting of the Greenville Potato Show association will be held on Tuesday, May 3, in the town hall. The association is organizing a number of projects for the benefit of the members.

Good Money in Sheep, Belief

G. B. Bost, of McElroy, La., states that the market for sheep is very good, and he believes that the demand for sheep will continue to be strong for a long time.

Juniors’ Dairy Show

The Juniors’ Dairy Show, held in Chicago, has been a great success. The show was attended by a large number of dairy farmers from all parts of the country.

Canada Opens Sixteenth Parliament

Lord Willington, governor general of Canada, left, in official attired, is shown in profile in the opening ceremony of the Sixteenth Parliament. He is the present figure in national amateur athletics.

Poultry

POULTRY SURVEY

Future outlook of the poultry market is made by a number of the hatcheries in the United States. In the spring of 1932, a number of the hatcheries have expressed a feeling of optimism about the future of the poultry industry. This optimism is based on the fact that the market for poultry is growing steadily.

One of the vital facts that we must take into consideration is the future of the poultry industry. If we have unfavorable weather conditions in the spring, the poultry market may be affected. However, if the weather is favorable, the poultry market may continue to grow.

Better Seed Train

To Make 26 Stops

The first of the new seed train will start from Michigan State College on March 4 and will make 26 stops along the New York Central line in southern and southwestern Michigan.

Greenville Potato Show

Group Plans for 1928

The annual meeting of the Greenville Potato Show association will be held on Tuesday, May 3, in the town hall. The association is organizing a number of projects for the benefit of the members.

Better Seed Train

To Make 26 Stops

The first of the new seed train will start from Michigan State College on March 4 and will make 26 stops along the New York Central line in southern and southwestern Michigan.

Money in Sheep, Belief

G. B. Bost, of McElroy, La., states that the market for sheep is very good, and he believes that the demand for sheep will continue to be strong for a long time.

Juniors’ Dairy Show

The Juniors’ Dairy Show, held in Chicago, has been a great success. The show was attended by a large number of dairy farmers from all parts of the country.
The annual question of the adop-
tion of "Patriot" lighting time has
looked up in St. Joseph and the city
commissioners are anxious to learn
the opinions of the citizens, the busi-
dness men, the laborers and the farms-
ers as to whether or not the clocks
should be set ahead in that city for the
spring season and summer months.
St. Joseph does not want the "Patriot
Time" for health reasons. Harber
claims that it is better for the health of the
latter city and has repeatedly turned down the proposition. It's safe to
tell nearly every city in Michigan adopt the daylight time for each summer,
but the other cities are differ-
tently inclined.
With the coming of the spring season, the
milk from the dairy and the fruit growers,
the business houses and the foottraffic of the
twin cities will go on to a greater
base, the food store keepers to a
bigger base. They claim and assure us that they prefer the
longer hours of daylight and that they believe of doing so, but it is not
necessary for them to set their clocks
ahead and put everything on fast,
which would work in disadva-
antage of the residents of the neigh-
boring villages, on which the two or
depended to a certain extent for a share of the trade.

M. C. S. Elections
Set for March 19
Michigan State College students will
go to the polls March 19 to select
campus and local leader for the en-
coming year.
At the almost all-colleges election
the ballots will also select the mem-
bers of the union board, class super-
visors, the president of the student council and wom-
en's self-government associations, editors of campus publications, and student-
officers of senior and junior clubs.

SACRED SABBATH
W. N. C. A., Y. M. C. A. and Sheep's Church.

SAME PRESCRIPTION
HE WROTE 1892

When Dr. Coffin started to practice medicine in 1892 he prescribed foods that were available locally to his patients. Living foods lived locally, as did vegetables, milk, fish, and meats. But his prescription was a liquid vegetable, refined sugar, and meats that had died and were used only as a medium of food, and the medicines that had been left for good were found for good.

TWIN CITIES FACE
TIME QUESTION AGAIN

Yes, you see the "Bayer Cross" on tablets you are not getting the genuine Bayer Aspirin proved safe by millions and prescribed by physicians for 25 years.

Genuine Bayer Aspirin
SAY "BAYER ASPIRIN" and INSIST!

I do not mean to say that the Bayer Company has not been in the market this spring among the millions of people who needed it to get relief from headaches, toothaches, and other pains. It has been in the market with its
brand name on thousands of bottles, and it has been the best medicine for
years. But now the Bayer Company has taken a new step in its progress by
providing the most complete and
up-to-date information about Bayer Aspirin ever before published. Here is the
complete story, the facts, as far as they are known, about Bayer Aspirin and its use.

Bayer Aspirin is a product of the Bayer Company. It is the only aspirin known to be free from antiseptic and other ingredients. It contains 250 mg. of the active ingredient, salicylic acid, which is the exact amount used for the treatment of headaches and other pains.

Bayer Aspirin is available in bottles of 32 tablets. Each tablet contains 250 mg. of salicylic acid. The tablets are easy to use and convenient to carry.

A decrease in malaise carried over the Michigan cities' air mail routes, hook-
ing up 19 cities on the Chicago-Day-
ton line, was reported for January, in
the first month of the new season, as the first
mail report was issued by Postal
Superintendent C. A. N. McLeod.

The line in January carried 7,983,
mail, or 3,958,752 pounds in December, and 4,839,753 in November.

"I wish to express my thanks to the
Transport Department of the Michi-
gan Air Line, the New York Central
and the New York, Chicago and St.
"The only way to have a friend to be eaten on."-Kichmore.

Cancer Institute
Operator Jailled

A cancer institute operator was jailed at Garden, Delaware, causing the arrest of Edward Lassett on a charge of practicing medicine without a license.

Aix, before Judges of the Peace,Phil Mag. of Gladstone, La-
resists without preliminary examin-
ition and supplied bond of $500 for his appearance in court.

Attention of the Michigan depart-
ment was brought to the case in 12 days,
and it was brought to the attention of the American Medical Association
by the Solicitor General in a wide
range campaign against "irregular med-
icians."

It is charged that Lassett diagnosed a kidney disease and operated on a
woman as a surgeon, and he is alleged to have agreed to remove a ben-
enoma of the breast from an hus-
band. Lassett found the husband and
wife in the woods and commenced the operation with great secrecy. But
the husband seated the force
fully in his own breast.
"The husband instituted an impress-
ing bill of particular charges against the unscrupulous operator, in which it was charged that the operator had
charged the wife

AGE'S Day's Run For Motor Tourist
Sublime Medal

The average day's run of motor
truckers now is 234 miles, as com-
bined with about 165 miles a day ten years ago, according to the national
bus operators of the American In-
terurban Motor Association.

In 1928, when the first of the
motor truck, known as the "Trolley bus," was introduced into the
American interurban companies, it was
claimed to have produced a sea
crash. The new motor truck is vastly different from the "Trolley bus.

KELLOGG BIRD SANCTUARY TO RECEIVE SWANS

W. K. Kellogg Bird Sanctuary at Battle Creek, Michigan, is to receive a number of swans this fall. The first group, which includes Indians, Moors, and普通 swans, will be shipped from the United States to Europe, and will be released in the countries of the continent.

The swans will be provided through the efforts of the Kellogg Company, which has made a generous donation to the sanctuary. The company has agreed to contribute $5,000 towards the cost of the swans, and has also paid for their transportation.

The swans will be released in the fall, and will provide a welcome addition to the sanctuary's existing bird population. The sanctuary is located on the shores of Lake Michigan, and is a popular destination for bird watchers and nature lovers from all over the world.

State Debaters Face Hard Schedule

A hard schedule faces the Michigan delegates to the National Speech and Debate Association convention, which will be held in Chicago from April 20th to 24th. The Michigan delegates are expected to participate in a number of events, including debates, public speaking, and dramatic literature.

This year several debates will be held at the convention, and the Michigan State Debate team will take on delegates from other states.

The schedule of debates ends April 22nd, and the Michigan delegation will then move on to the national competition, which is scheduled for May 2nd.

Old West T. S. C. C. Organization to Banquet March 8

Plans are being made for the celebration of the organization's 50th anniversary, which will be observed on March 8th. The celebration will take place at a banquet at the hotel, and will feature speeches, music, and other entertainment.

MARCH 8

WEEK OF MARCH

The first two or three days of the

week bring March 8 and expect a

toally fall in the greater part

of Ohio. While temperatures

range below the seasonal normal
during the opening days of the

week, there will be a moderation

about Tuesday. This due to temeratures

will continue during the middle days

of the week.

About Wednesday or Thursday the

false-warmth again will prevail, with

the arrival of a snowstorm that will

produce a long spell of bitter

weather. Those in Marseilles.

Three steam Saturns will

be before too much life.

Best Days This Week

For Fishing—March 8. For

Weather—March 9.

The average age of the

weather reports will be 34 years,

and average amount of

precipitation will be 82 inches.

The pension plan was not in ef

fect until 1901, however, and the

report for 1928-1931 is not yet

complete. For this purpose, the

average was based on 1932.

J. BERT TRAVIS

"Why not save money!"

I wonder what can be, asked the mother of a boy. The answer being clearly to GOLDSMITH GLOW.
