PLAN REFUGE ON DETROIT RIVER

A migrating bird refuge where thousands of ducks and geese can find sanctuary on the spring and fall flight each year is to be established on the Detroit River through the efforts of the Detroit Audubon Society.

The sanctuary will be located on Stafford Island, a small island in the river lying between Belle Isle and the entrance to the St. Clair River. The area covers about 125 acres and averages 2 to 6 feet in depth. Numerous species of ducks and other wildfowl already inhabit this part of the spring and fall migration routes.

It is expected that several thousand birds of various species will use the refuge during the spring and fall migrations. The Detroit Audubon Society plans to provide food and shelter for the birds in the form of grain and seeds. The sanctuary will be open to the public for observation and photography.

THE GREAT TRUNK MYSTERY

Two million people living in Chicago, Illinois, Philadelphia and Boston do not own automobiles because there is not enough good road and street.

Mystery of the disconnected car comes from the trunk of the car. The car has been driven away, but the trunk remains. It is believed that the trunk contains valuable goods, but the owner has not been able to locate it.

DETROIT HAS ONE CAR

For Every 3.5 Persons

In Detroit there is one car for every 3.5 persons. This is the lowest ratio of cars to people in any large city in the United States.

STATE STOPS TAKING BERREY LAKE SHORE SAND

The state has ended the practice of taking sand from Berrey Lake, as a result of a legal suit brought by the state of Michigan. The state has agreed to pay the owners of Berrey Lake for the sand that was taken.

DR. CALDWELL'S THREE RULES

Dr. Caldwell's rules are simple and practical. They are designed to help you maintain good health and avoid illness. These rules are easy to follow and will benefit you. Follow them and enjoy a long and healthy life.

POST OFFICE RECEIPTS Are Advanced

Postal receipts will be increased by 25% for the current month of April, 1925, to provide additional funds for the operation of the Post Office Department. This is the largest increase in postal receipts in the history of the Post Office Department.

PRISON INMATE LIST INCREASES

The number of inmates in the state prison increased by 25% in the last quarter of 1924. This is the largest increase in the number of inmates in the state prison in the history of the prison system.

Holland Will Hold Fair August 19 to 23

The Holland Community Fair will be held August 19 to 23. The fair is open to the public and will feature exhibits, demonstrations, and entertainment. The fair will be held in the park and will include a variety of events.

A Sour Stomach

A sour stomach is a common ailment that affects people of all ages. It is caused by an imbalance in the digestive system and can be relieved with proper treatment. If you have a sour stomach, consult a doctor for advice on how to manage it.

Just another good thing added to the other good things of life.

CAMEL CIGARETTES

WHY CAMELS ARE THE BETTER CIGARETTE

Camels contain such tobacco and such blending as have never been offered to any other cigarretta. They are made of the choicest Turkish and American tobaccos grown. Camels are always smooth and mild. Camel quality is so naturally maintained... by the world's largest organization of export tobacco men... it never varies. Smoke Camels can literally as you choose... they will never tire your taste. Nor do they ever leave an unpleasant after-taste.

Mr. Leonard Becker and family, who have been helping to care for her sister, Mrs. Matha Miller, have returned to their home near Berrien Lake.

We are ready for your job, doing it by today.

BUIK MOTOR COMPANY

A NEW SIX AT A PRICE WITHIN THE REACH OF MILLIONS

On Saturday, Buik will present the new Marquette, dignified by its engineering and built in Buik factories. Marketed as an additional model at the Buik factory, it will be in no way affected by Buik itself. Buik will continue to express the facsimile that made the leader of the fine car field for the past quarter-century. In the smart, comfortable bodies of the new models you will recognize the fine hand of Fisher design. In its balance and power you will find experienced engineering. It is performance—that final standard by which all cars are judged—you will find the Marquette driving its price list by an impressively margin. Be sure bound when the new Buik car is shown Saturday. See what a remarkable new automobile Buik has produced at a price within the reach of millions.

New "Personality" Fender Doesn't Bring Pores

Avoid mid-stream problem that makes the best cars look old, old if July porosity.

These fine pores are made only by cars with solid castings and porosity. A car with a solid cast iron body is not going to do porosity. The "personalities" have been in Cast Iron bodies, not even the stupidest. Only solid cast iron or steel body cars with all-steel exterior work, of which the Ford is the only one made so far, show no porosity. (See picture.) They call it the "Dobson." No other cars have such a body. (See solid front.)

WOLVERINE GASOLINE IS CUSTOM-BUILT FOR MICHIGAN SEASONAL CHANGES.

Years of service in model T Fords

The Model T was so strongly and sturdily built that it is still rendering service today in many sections of the country. Millions of these cars can be put in shape for service, three and five more years of use at very small cost.

So that you may have this work done economically and satisfactorily, the Ford Motor Company is still de

voting a price for the repair of its plants to the only

lector Model T parts. It will continue to do so as long as they are needed. This price list gives the approximate labor charges for reconstruc

Model T Ford

Engine

Base price (including replacement of components for free)

$1,000

Cash and 20% deposit if necessary

$1,500

Cash and 20% deposit if necessary

$1,750

Overhauled exahhber

$300

Radiator asbestos

$125

Install seat covers or connecting rods

$50

Install front seat covers

$100

Install floor mat

$100

Rear System

Replace rear axle assembly

$200

Replace new brake shoe

$100

Install rear axle shaft and brake shoes

$200

Install rear axle shaft and brake shoes

$200

Front System

Each extension (outside of car)

$100

Front water pump (outside of car)

$75

Radiator (outside of car)

$125

Overhead gear

$600

Radiator and water pump (outside of car)

$125

Radiator and water pump (outside of car)

$125

Overhead generator

$200

These prices are approximate and are for labor only, because the need and number of new parts depend on the condition of each car. The charge for these parts is, however, because of the established Ford policy of manufacturing and selling at a small margin of profit.
Chaplin Boys in First Photo

The seventh annual commencement at Hilldale College will be held June 1. The program for the week has been completed.

On June 7, a new board of women’s organizations will be elected. The women’s organizations will be as follows: Hilldale College, Mrs. William W. Brown; University of Illinois, Mrs. Robert Herrick; Illinois Women’s College, Mrs. W. H. T. Best; Illinois State Normal University, Mrs. H. C. Kline; and University of Chicago, Mrs. H. C. Kline.

The winner in each city will be announced by the county superintendent of schools. The winner in each city will receive a gold medal for winning the women’s organization competition.

How to Achieve Beauty
By MME. HELENA RUBINSTEIN

Choosing Proper Ridges
By Madame Rubinstein

Summer-tanned girls and women welcome the long days and warm nights, and eagerly make up with their skin tone. Some women, however, are not yet ready to make up for their skin tone.

Select a color that is right for you. Too much color cannot be laid on the imperfect skin Tone. It is absolutely necessary, to give life and animation to the face, to be careful with your color. The colors you select on your map are your colors.

Brown eyes are green, blue, brown, or hazel. The base is the most important color of your skin tone. A base of 5-8 is the most important color of your skin tone. A base of 5-8 is the most important color of your skin tone. A base of 5-8 is the most important color of your skin tone.

CHAPTER LXV

But the summer seemed no longer bright to Jack, for he had a different kind of problem. He felt restless, tiresome, the simmering of which, he decided, was the cause of his ill health. He could not find pleasure in anything, whether it was sport, or study, or leisurely walks. He was subdued, and the summer seemed no longer bright. He was not himself, and the summer seemed no longer bright.
