LOCAL BREVITIES

Odd fellows dance Friday night. You are invited. Mrs. Frederick P. Órvinson from Detroit for the week end.

Mr. and Mrs. T. J. Miller are at their summer home on Old Mission Peninsula.

The Community Club will meet at the Club House Wednesday, June 23.

Mrs. Fred and Mrs. B. O. Schaefer are at the Summer Cloudy house in Corunna, Monday and Tuesday.

Mr. and Mrs. George White of Flint are guests of friends of their own.

The M. E. Club will meet with Mrs. Frank Van Voorhis next Thursday.

Mrs. Cassie Smith has gone to her mother's home in Clinton and will be back next week.

James Hartley stayed Sunday and Monday at the Hackley house on Lake Mill Island.

Little girl was born at home for Mrs. S. M. C. for Decoration Day and the week end.

Bob is home from his short trip to the Peninsular Military School at St. John's Lake for the summer.

School meeting tomorrow night to vote on a bond issue. Every tax payer should attend.

Bingon voted $88,000 Bond last Friday. Another Village meeting will be held in the old school system.

Mr. and Mrs. Howard Krider and Mr. and Mrs. Joy Manning were Sunday guests of Mr. and Mrs. Will Trice.

Mr. and Mrs. W. M. Olds of East African travelled to Chicago for a short time.

Mrs. Clara Smith was called Friday morning for a 3-day visit.

Dell Cope reported ripe strawberries on June 4, Seymour Walker and fry strawberry for Decoration Day and made his first delivery in June 6th.

The Community Church will have a combined morning service which will follow the regular church program, starting at 10:30 a.m. The church will be air-conditioned and is cordially invited to attend.

Melvin Goodwin says that he has been busy all week end in the field that he will gladly give to the pony that took the place of his horse in the beginning of the week.

The men and women of the town who left during the week are not invited to stay.

The young woman who burned herself in a room in her home on June 21, 1929, the second daughter of Mr. and Mrs. F. A. Moore, has passed away since this Friday, May 29, 1929.

In young woman's home on Monday afternoon, she married her young man and remained faithful all her life.

She was married to Thomas M. J. of La Porte City, June 21, 1929.

He died April 20, 1935, at the age of 40 years.

The remains of the woman were sent home in train on Monday.

During the last years of her life, she was in great need of our help, and now she was beloved by all of us.

She left three sisters; Mrs. L. A. W. of Manistee, Mrs. A. Wilco of Harbor Springs, and one brother, Leslie Brown of Manistee, all of whom will be deeply missed.

The funeral was held on Tuesday at 2 p.m. at Smith Funeral of Woodford, Michigan.

Burial in Auburn Cemetery is said for Tuesday.

Card of Thanks

To all our friends and everyone who has helped us in any way, thank you.

Mr. and Mrs. Leverson Buckner and family.

Mr. and Mrs. Leslie Brown and family.

Attention Alumna

Have you made your reservations for the banquet, June 14th? If you have not, please make them promptly through Mrs. Smith. Please have your tickets by June 8 at the latest.

Sept. Frank DeVoice of NorthChic as chairman of the banquet program for the class of 1929.

It is evident, therefore, that such an event will greatly increase the district income, which will be a definite percentage of the proceeds of the sale of the bond issue. The bond issue was fully subscribed.

It is suggested that the Bond Commission cap the annual income with a bond equal to $500, to be retired each year for ten years and $250 each for the next two years. The bond issue would raise a large sum of money for the benefit of future citizens, which is only fair to the people of our school district, and would decrease the financial burden on the taxpayers by an amount corresponding to the value of the bond issue.

CROWD BRAVES RAIN FOR 55TH ANNUAL TURF CLASSIC

In order to become adept at transplanting plants as at any other tedious work that requires patience, a small trawl in all the men needed for the work. With this ends, the men are working in pairs, so that they can be more easily charged.

GREAT EXPECTATIONS

The weather is becoming more uncertain, making the transplanters more careful, as there are possibilities of frost and cold fronts.

WINNERS DERBY TWICE

An ultra-modern Tower of Babel, which will dwarf any effort the world has ever made, is to be erected in Chicago in the near future. It is to be known as the Crown Tower and will not only be the highest structure ever erected, but will also be the largest office building on earth. The present building is already crowded compared with the Woolworth building in New York and the Empire State.

AT RUSHMORE

At the time the picture was taken, the trees were still leafing out, and the sun was shining brightly on the scene. The colors of the trees were vivid, and their outlines were distinct.

CAMERA NEWS

A view of the pictorial view is seen of the overall event that jammed the track at Churchill Downs, Louisville, Kentucky. This photo was stopped between the home stretch and turned into a sea of mud and water and stored the spectators back under the covers of the stand. The crowd was estimated at 10,000.

Greatest Building Ever Erected

Breaks Air Eded

 breaks which are being sold for 15% of the cost of the building. These breaks have been sold to the buyers because of their larger cost.

WINS DERBY TWICE

In 1934 the winning horse was horse number 41, which was owned by a man named John B. Hrovat. The horse was sold for $12,000, 52 minutes and 6 seconds.

Where Fumes Escaped in Clinic

An untrained nurse of Babel, which will dwarf any effort the world has ever made, is to be erected in Chicago in the near future. It is to be known as the Crown Tower and will not only be the highest structure ever erected, but will also be the largest office building on earth. The present building is already crowded compared with the Woolworth building in New York and the Empire State.

JIMMY JAMS

Here is the door in the Cleveland Clinic at Cleveland, through which entered the policemen that took off the scene at 9:14. A police car was parked outside the door and the others followed.

SALVATION PEN WILL BE ERECTED BY M. S. C.

Mr. Fred Hitz, a prominent farmer of Pennsylvania, believes that the ever-expanding practice of dairy farming before their death, is as much a matter of a nation as it is to slaughter the geese which are to be eaten.

Dairy bird which have been shot and killed because their breasts are bad for human consumption. After three weeks, these birds have disappeared from the wire, and the few that remain are sold to the market for use in cooking.

The dairy department and the Agricultural Division of the Michigan State College suggest that this is a good idea for the poultry growers.

A very few races will have their results unrecorded, and a show will be held in which the winners will receive prize money.

POULTRY

SEPARATE THE CUCKERELS AND PULLETS

Many of our readers have horses that are well above the grade of any to be found in the barns of the farm at the present time. This should be done on the same premises that are used for the sale of horses for this purpose.

A step that should be taken as soon as possible is the separation of the males from the females. This should be done on the same premises.

In many respects the males may be publicized and the females may be used for breeding purposes. The males may also be used for breeding purposes in the future. In this way, the excess males of the breed will be used in the future.

WINNER OF $20,000

The mysterious "Prospect" class of poultry which has resulted in a great deal of publicity for the Michigan state college, with the announcement of the class, has been well received in the state.

The class was established in 1935, and the first class was held in 1936. Since that time, the class has been held every year, and the results have been published in the state.

The best class of poultry is that class of poultry which has been selected by the judges, and which has received the biggest prize money.

Club Members Given

Trip Door Knock

Mrs. Alice A. Chace, of the Club of Wisconsin, a member of the national club organization at Wisconsin, N.C., has a gold watch for each member of the group that was established last year.

JIMMY JAMS

Here is the door in the Cleveland Clinic at Cleveland, through which entered the policemen that took off the scene at 9:14. A police car was parked outside the door and the others followed.

When the picture was taken, the trees were still leafing out, and the sun was shining brightly on the scene. The colors of the trees were vivid, and their outlines were distinct.

BABY BUMPET CROP

Bees are expected to add much to the production of fruit this year. The first crops of fruit were gathered and stored in the cellar of the store, and the bees were then set to work.

Dogs Harass Deer,

To Be Shot at State

Dogs that harass deer in Southern California are now subject to legal punishment in certain areas. So far, 300 dogs have been killed in the state, and the deer are still being persecuted.

The dogs were caught sleeping in the afternoon of the day before the hunt. They were found in a field and the owner of the field was asked to release the dogs. The owner refused.

JONAS COUNTY CATTLE

By proclamation of Gov. G. H. Hough, a quarantine has been declared on all cattle within Jonas county and the inspection is being completed. The county is surrounded by a wall of stone and the county has been entered by State inspectors from the north.

SACRED CATTLE

By proclamation of Gov. G. H. Hough, a quarantine has been declared on all cattle within Jonas county and the inspection is being completed. The county is surrounded by a wall of stone and the county has been entered by State inspectors from the north.

Concealed Cysts Are Drafted

For Sugar Beet Fields

Warder Harry Jackson of the Michigan Agricultural College announces that the process of sampling for 100,000 ib. of sugar beet samples, is now under way. The samples will be taken at three different fields, and the tests will be made on the beet plant.

Gilding Jams

Here is the door in the Cleveland Clinic at Cleveland, through which entered the policemen that took off the scene at 9:14. A police car was parked outside the door and the others followed.

When the picture was taken, the trees were still leafing out, and the sun was shining brightly on the scene. The colors of the trees were vivid, and their outlines were distinct.

CONSERVATION

The process of sampling for 100,000 ib. of sugar beet samples, is now under way. The samples will be taken at three different fields, and the tests will be made on the beet plant.

There are several kinds of ice that attack poultry, but fortunately they are not all in continuous use. One of this paste that is used is a paste of ice and water that will keep the birds free from the icy rigors of winter.

At the time of year when it is too hot to use it, there are many kinds of ice that are used, such as ice from the vapor in the pastures.
In the past year, the Cleveland City Council has made numerous improvements in the city, including new park facilities, improved roads, and better lighting. The city is now more attractive and safer for residents and visitors. The council has also worked to improve the economy, with new businesses opening and job opportunities increasing. The city has a bright future ahead, and the council is committed to continuing to improve the quality of life for all residents.
